PHILADELPHIA DIVISION HOLDS A MONSTER MASS MEETING MONDAY NIGHT IN THE STANDARD THEATRE

Associate Justice of Liberian Supreme Court, Dr. R. R. Wright and Dr. Hanns, Thrills Vast Audience with Instructive Speeches—Liberia Was Founded for Negroes and Welcomes Them, Says Justice Johnson.

PHILADELPHIA, Pa., April 20.—The huge crowd which jammed the Gibson Standard Theatre went wild with enthusiasm upon the entrance of His Honor the Associate Justice of the Supreme Court of Liberia, Frederick E. R. Johnson, who journeyed from Washington, D. C., to pay a visit to Philadelphia, the City of Brotherly Love, Monday, April 18.

Associate Justice Johnson, one of the most distinguished and learned sons of Mother Africa and a brother of the Mayor of Monrovia, Liberia, Hon. Gabriel Johnson, president of the Universal Negro Improvement Association, has very nearly traveled the world, handling diplomatic matters of great difficulty in the interest of Negroes residing in the Republic of Liberia. He was at one time Home Secretary of Liberia, Attorney-General, Postmaster General, and he is now Associate Judge of the Supreme Court of Liberia. He has been Minister Plenipotentiary and Envoy Extraordinary throughout the world for his people. He is now in the United States of America in the interest of a loan for Liberia.

Dig Parade.

In the afternoon there was a parade of Black Cross Nurses and Universal African Legions and officers of the local division of the Universal Negro Improvement Association and many other prominent citizens, headed by the band, from Salem Baptist Church to the Gibson Standard Theatre, and at 2 o'clock sharp the meeting commenced by the Ethiopian national anthem, "Ethiopia, Thou Land of Our Fathers," accompanied by the band, followed by the singing of the hymn, "From Greenland's Icy Mountains," after which a prayer was offered by the Rev. Damron, the chaplain.

Among those seated on the stage with the Associate Justice were Hon. Dr. Lionel A. Francis, president of the local division of the Universal Negro Improvement Association; Miss Mazie King, his secretary; Dr. Walter Harris, of Washington, D. C.; Hon. Elie Garcia, Mr. O. M. Thompson, Mr. Bruce Forbes, Mr. J. Underwood, Mr. McElroy, Mr. Pointer, Mrs. E. Willie, Mrs. Garner, Mrs. Maud Potter and Mr. Robert L. Cross.

Those taking part in the program were Miss M. O'Hall, Master Roger Johnson, Mrs. Wright, Thomas Butler, Miss Willis, Mr. Foster, U. N. I. Band, Mrs. Maud Potter and Miss Elliott.

DR. WRIGHT'S ADDRESS.

"I am sure that I have a very distinguished honor that any man in Philadelphia might envy," said Dr. Wright, editor of the Christian Recorder. "You know I believe in the leading of the law; some folks have gotten so far away that they do not believe in that. But I said to a man once if I did not believe in God Almighty and that voice of Scripture which said that all things work together for good to them that love God I would get out of here, get me two six shooters and when I got down the line and got flinched I would not be here and a whole lot of other folks would not. (Laughter.)"

"I was not scheduled to speak here this afternoon and I have another engagement, and I shall have to leave early in order to get on the tail end of that. But I wanted to pay my respects to the association and to the distinguished guests who would be here, and so, and behold I am given a second invitation to speak to you in the second gathering in this great theatre."

Getting Somewhere.

"I say it is a pleasure and honor that anybody could well envy. I had the pleasure of speaking to you in the Dunbar Theatre, and it is a pleasure to speak to you in this theatre—this theatre built by the genius of one black man. If ten years ago the people who walk down South street had been told that a little black man was coming into this city and would one day show this massive structure they would have laughed at me; but today he owns it, and he told me that not a single white man owns a brick in this building. (Cheers.) We are getting somewhere when we can build auditoriums large enough to hold our meetings. Somebody said that we had given up one hundred thousands dollars last year to build them in which we did not own a brick; that Sunday

'NO POWER ON EARTH CAN STOP PROGRESS OF U. N. I. A.' DECLARE SPEAKERS

Unite and Subordinate Selfish Ambitions for Good of Race, Urged in Liberty Hall Speeches—Huge Crowd Jams Liberty Hall for Sunday Night Meeting.

LIBERTY HALL, N. Y., April 24.—The rafters of the auditorium in Liberty Hall rocked to the echo of the cheering thousands who assembled here tonight for the regular meeting of the Universal Negro Improvement Association. The continued lynchings and burning of human beings in the United States were flayed in speeches made here and every Negro urged to unite and subordinate selfish ambitions for the good of the race.

DR. G. E. STEWART SPEAKS.

"While others are doing work in different parts of the world—speaking and singing at a Liberty Hall—we are at a Liberty Hall—the greatest in the world," said Dr. Stewart in his address. "Day by day the Universal Negro Improvement Association is causing the world to sit up and take notice, and it would appear that in every magazine in the world something must be said about Hon. Marcus Garvey. (Applause.) In fact, his enemies are talking about him, and I need not tell his friends also. If I were to call him on and place them in the witness box, they would say as they who were called to witness against the Lord Jesus Christ, when asked what He had done, they said: 'This man receiveth sinners and eateth with them.' And if I were to call the enemies of Hon. Marcus Garvey and ask them what he has done, they would say: 'He is bringing Negroes together.'"

"I hold in my hand a magazine called Success (exhibiting the magazine), containing an article written by George W. E. Daniels. I will just read a part of this article to you. It says: 'It appears, a black peril—a much larger peril, perhaps, for us on this continent, and the blacks in Africa must not be overlooked in the reckoning. Mr. Leo Wainman in the Daily Sketch of London quotes from a speech of Marcus Garvey, president of the Universal Negro Improvement Association, said to have been delivered in New York as follows: 'If we fight it will be the bloodiest war the world has ever seen; it will be a terrible day when the blacks draw the sword and fight for liberty. I call upon you 400,000 blacks, to give your blood to make Africa a republic for the Negro.' Commenting on this statement, Mr. Wainman says: 'We must acknowledge the undoubted fact that were it only a matter of volition, the civilized Negroes of America, the West Indies and South Africa would annihilate the white race tomorrow.' Mr. Robert Blatchford, another English writer, touching on this question says: 'The relation between blacks and whites can only be described as impossible. As equals they cannot mingle; only as inferiors can the blacks be admitted. Such a state of things can only be maintained by force. It would make for safety and ease of soul if the two colors can be separated; but short of the establishment of black republics no remedy seems available; and of such republics it is to be admitted that they would be probably warlike, and they have only too much excuse for racial hatred and feelings of revenge. And then again it does not seem probable that the whites would give up to the blacks territories of which they have robbed them in the past. Assuming, that the whole continent of Africa were given to blacks, if the blacks were warlike they would be a danger, and if they were not warlike there might be a temptation, say to the yellow races. PROMINENT GEORGIANS CONDEMN BRUTAL TREATMENT OF NEGROES

Committee Formed at Call of Governor Dorsey to Stop Peonage and Lynchings.

ATLANTA, Ga., April 23.—A widespread publicity campaign to acquaint Georgians with conditions prevailing among the Negroes of Georgia and the relations existing between white people and Negroes in some sections of the State was discussed at length at the first meeting of the State Interracial Relationship Commission at the Piedmont Hotel Friday morning.

The meeting was called by Governor Hugh M. Dorsey, and Rev. M. Ashby Jones was elected temporary chairman, with Marion M. Jackson secretary.

The Governor presented to the meeting a booklet he had prepared showing in detail 180 cases of alleged cruelty to Negroes, peonage and lynchings throughout the State. This booklet was read, together with a series of remedies which the Governor suggested. The first of these remedies—a carefully conducted publicity campaign—was the subject of discussion among the members when the meeting adjourned for lunch.

Publicity Strongly Urged.

John A. Manget, Rev. C. B. Wilmer and Rev. H. L. Grice spoke fervently in favor of such publicity, stating that when the people of Georgia are given the actual facts concerning the relations of white people and Negroes in some sections they will apply the remedy necessary.

"We will have the great moral strength of self-indictment behind us," said Dr. Wilmer, "and we need not fear the criticism of other sections of the country. If those sections desire to criticize us they may, but in the meantime we will be working to rectify our conditions."

Before Governor Dorsey spoke, several addresses condemning mistreatment of Negroes as a blot upon the

SONS OF AFRICA IN WORLD'S WORK

Professor William H. Ferris Lectured on Achievements of His Race.

FACTORS IN EUROPE

MONTREAL, Canada.—The past glories of the African race and the later achievements of Africa's dusky sons were the subject of an address by Prof. William H. Ferris, editor of the Negro World, in the rooms of the Universal Negro Improvement Association, 153 Guy street, last night. Prof. Ferris, who is a graduate of Yale and of Harvard, and author of "The African Abroad," spoke on "The Negro's Contribution to Civilization," under the auspices of the Literary Club of the U. N. I. A.

The major part of the lecture was devoted to a history of the African race and its various component nations. He pointed out that the Egyptians were partly negroid, while the Ethiopians were largely negroid. The Negro, therefore, had shared in the civilization which these nations had wrought. He gave in detail the history of the negroid races of Africa and their ethnological parentage with other races. In referring to the Arabs he mentioned the great Arab scholar, Sadi, author of "The Epic of the Soudan," who in reality was a Negro. Another Arab scholar who was a Negro was Ahmed Baha, whom the Arabs called "the fountain of wisdom." A Negro was a "father" in the sense that he was next outlined by the speaker. He spoke of different Negroes from Hannibal, the bodyguard of Peter the Great, to General Dumas, father of the great novelist, whose lives had earned them a niche in the history of the white world. Hannibal was made a lieutenant-general of the Russian artillery. His grandson was the Russian novelist, Alexander Pouchkin, himself a quadroon. Alexander Dumas was also a quadroon, being the grandson of a French count and a West Indian Negro. His father, General Dumas, was said to be the strongest man in the French army.

Prof. Ferris then spoke of the Negro's achievements in different fields of endeavor. Negroes were now helping to a very large extent in the evangelization of their own continent. Bishop A. J. Crowder, a native of the Yoruba tribe, which is considered one of the lower orders of the African race, was recently made a doctor of divinity by the University of Cambridge.

Discovered America.

According to the speaker, America had really been discovered by the Africans, who had taught the Indians the growing of tobacco and potatoes. A colonial Negro, Little Stevens, had discovered New Mexico. Negroes had accompanied de Soto and La Salle on their expeditions in Florida and on the Mississippi.

He also spoke of Negroes in war and pointed out that the first man killed in the American Revolution was Christmas Attacks, a mulatto, in Boston. An scholar he spoke of Phyllis Wheatley, a Negro poetess, who first said that Washington was "first in peace, first in war." Benjamin Banaker had made the first clock in America. Dr. David Williams, a Negro physician of Chicago, had started the world by sewing up a man's heart after it had been pierced in an accident. As early as 1812 A. Dr. Rush of New Orleans had a large white practice. In 1819 Dr. Legras was admitted to the Medical Society of Massachusetts.

MAYS OBTAINS NEW TRIAL IN TENNESSEE

Chattanooga, Tenn., April 23.—Errors in the court record aided attorneys for Maurice Mays in getting a new trial for him.

White newspapers in Tennessee are attempting to cripple the effort to raise money for the defense of Mays on the ground that he was the "greenest" Negro in upper East Tennessee. They accuse him of rape, while no such word was contained in the indictment against him. The Rev. J. H. Henderson is sponsoring the collection of funds and has sent out circulars addressed to various ministers.

The crusade of the white papers against Mays has had little effect on contributions.

Mays was arrested shortly after Mrs. Bertha Lindsey (white) had been killed in Knoxville. A race riot followed the report of Mrs. Lindsey's death. Mays, who had taken an active part in politics, was seized by the police and thrown into jail to await trial for the murder. He denied any knowledge of the affair.

"ANTONIO MACEDO" ARRIVES IN CUBA IN A BLAZE OF GLORY

High Cuban Officials Go On Board Ship and Heartily Welcome Officials of U. N. I. A. Aboard.

HAVANA, Cuba, April 16.—Sunday morning, April 10, the Antonio Macedo of the Black Star Line, named after the great Cuban liberator, steamed quietly into port, and in spite of the Sunday stillness of the city the news soon spread around, even the suburbs, that the distinguished ship and visitors had arrived.

At the early hour of 7:30 p. m. the Liberty Hall of Havana was crowded to its utmost capacity.

Visitors welcomed on board vessel. No less important was the visit of the vessel of Sr. Juan Marcelino Martinez, president of the patriotic institution, and the "National Column of Defense" and stockholder in the corporation; Sr. Florentino del Campo, mechanic and general machinist; Sr. Joaquin Juntó, assistant manager of the veterinary of Havana, also stockholder of the corporation; Sr. Miguel Martinez, journalist; Mr. F. Houbbo, general mechanic; Mr. Ernest Pagan, first vice-president of the Guantánamo branch, U. N. I. A., and Mr. Fred Williams. The gentlemen were asked to have tea on board, and seated with them at the table were the official visitors, Mr. A. G. Murray, treasurer of the corporation; Sr. Sabaló Clarke, agent in Havana, and the other officers. They expressed their entire satisfaction with the condition of the ship and wished the crew every success in their voyage.

RIOTERS WILL NOT BE PUNISHED

States Attorney Says Rioters Are Unknown—No Attempt Made to Bring Them to Justice.

BALTIMORE, April 30.—Charles Henry Dorsey is home safe again after being taken by officers to Pennsylvania and set free following his acquittal in Frederick Wednesday of last week of assaulting Delois Tweedale, white, of Catonsville, according to an article in the Baltimore Afro-American. Local friends sent Dorsey care with which to "renew acquaintance" with his friends in Baltimore.

When called upon over the long distance telephone yesterday, States Attorney Anders, white, of Frederick, told a representative of the Afro-American that his office had no knowledge of any intention of the part of the court or the Frederick police to bring the rioters to justice. Mr. Anders added that he was not informed as to the identity of those who caused the disturbance.

Efforts to get in touch with Governor Ritchie who was in the city yesterday failed. The Governor attended the ball game in the afternoon and was guest at a dinner at night. His secretary was unable to say whether or not the Governor intended taking any action in the matter.

Although the Frederick States Attorney has no knowledge of the persons causing the riot, newspaper reporters declared that Marcus Tweedale, brother of the girl, climbed over the channel rail in the court, beat Dorsey about the face with his fist until the latter cried "murder" at the top of his voice, and tried to escape from the courtroom which was in an uproar.

They also saw Delois's married sister, Mrs. Rogers, draw her fingernails across Dorsey's face, and place her fingers in his mouth trying to distort it. When Mrs. Rogers and her brother-in-law were pulled off by police officers, the latter is said to have picked up an inkwell and thrown it at Dorsey. The missile missed its mark, striking Clark of the Court Ell Hough in the face.

Court had not adjourned, and the three trial judges, Worthington, Peter and Urms, who sat in the case, and rendered the "not guilty" verdict, left the bench in an effort to quiet the Baltimore county friends of the Tweedales, who tried to break down the guard of detectives and reach Dorsey after he had been taken into the judge's room in the rear. After they failed they took to automobiles and followed Dorsey, who was still in the custody of officers, and the attorney several miles out of the city.

Frederick, police, it is said, were warned of the demonstration in advance, but failed to take the necessary precautions to meet it.

In contradistinction of the lack of activity of the Frederick authorities in the Dorsey case, very different was the case in Washington, D. C., where the rioters were quickly taken into custody and punished.

ARGENTINA PLEDGES AID TO DOMINICAN

Buenos Aires, April 29.—The Argentine Government is expected to use its friendly office in Washington in favor of the Spanish government's coalition of Dominican independence, as is learned at the Foreign Office.

President Yrigoyen has given his assent to this effect to the Argentine minister of the capital of Santo Domingo, in order to head off any cause before Argentine courts and officials.

Just what form the Argentine cooperation will take has not yet been decided, but the Foreign Office has not yet decided whether to send a special commission to Santo Domingo to investigate the situation in the Dominican Republic.

MONITORIUM REFUSED TO SALVADOR

San Salvador, Republic of El Salvador, April 29.—The Salvadoran government has refused to accept a monitorium proposed by the United States government in connection with the case of Maurice Mays, a Negro man accused of the murder of a white woman in Tennessee.

CALL AT THE UNIVERSAL MILLINERY STORE
Corner 141st Street and Lenox Avenue
NEW YORK CITY
MME. A. FRASER ROBINSON, Mgr.

LISTEN BROTHER, LET'S GO! OH YES! YOU TOO SISTER
Let's get right down to business. It is really too bad we can't just sit down and have a nice little heart-to-heart chat about the NEGRO FACTORIES CORPORATION.

THE NEGRO FACTORIES CORPORATION
As you perhaps already know, is organized to build, own and operate factories all over these United States, the West Indies, Central and South America in the interest of Negroes for Negroes and to be run wholly by Negroes.

THESE POSITIONS
What position would you like to fill? We have many positions open in our factories. We are looking for men and women who are ambitious and who want to advance themselves.

BE AMBITIOUS FOR YOURSELF—FOR YOUR RACE
The building of nations, the cultivation and utilization of racial ideals, the advancement of a race or nation, the increase of economic and industrial activities, all these come in answer to the call of civilization.
