SUDDEN DEATH OF NEW YORK EDITOR SHOCKS FRIENDS

Edward Warren for Several Years Managing Editor of "Amsterdam News" Passes Away.

Edward A. Warren, managing editor of the Amsterdam News, one of the oldest newspapers published by colored persons in New York, died suddenly last Thursday evening in the car barn, 146th street and Lenox avenue, where he was taken after being stricken suddenly with illness after he had alighted from a street car. He left his office about an hour before he died to transact some business in the neighborhood of 146th street in connection with his paper and after alighting from the street car was seen to fall suddenly. Persons standing nearby immediately rushed to his aid and carried him to the car barn, while other persons hurried to get a doctor. An ambulance in charge of Dr. Brown of Columbia Hospital hurried to the car barn. Upon arriving there Dr. Brown pronounced him dead. Mr. Warren was born in Nashville, Tenn., about 50 years ago and has lived in New York for the past 20 years. For about 18 years he maintained his residence at 40 West 15th street. He was a member of several fraternal and civic organizations, among them the Elks Club, the Y. M. C. A., the Zion Church at 1 O'clock Sunday School, Rev. J. W. Brown, officiating, assisted by Revs. Piggott, Johnson, Holder and Taylor.

Several organizations in which the deceased was a member turned out to pay their last tribute, among them the Saloonmen's League, the Association for Trade and Commerce and the Manhattan Newspaper Men's Association. Resolutions of condolence to the bereaved family were read by the two latter organizations.

Whereas, The sudden, sad and shocking death of the late Edward A. Warren, the secretary-treasurer of the Amsterdam News Publishing Company, has taken from this community one of its most valuable, useful and sympathetic citizens, who was a member of the newspaper profession, and a defender of the noble principles of journalism; be it

Resolved, That we, the members of the Manhattan Newspaper Men's Association in meeting assembled, express through this resolution our tender affections and grief to the family and relatives of the deceased in this hour of their sorrow.

That they be comforted and strengthened in the knowledge that the same God that has taken him from our midst will strengthen them in their hour of sorrow; be it

Resolved, That we, the members of the Manhattan Newspaper Men's Association in meeting assembled, express through this resolution our tender affections and grief to the family and relatives of the deceased in this hour of their sorrow.

Resolved further, That we send a copy of this resolution to the widow of the deceased, Mrs. Edward A. Warren; to the press and to the Manhattan Newspaper Men's Association to be kept in its possession.

Rest at peace, fellow member of our profession. You wrought well and nobly in your life. You were a member of a noble profession, the spirit of which you nobly caught. You will be missed. The work that you have left behind us take up and carry to its fruition.

LYNCHING PICTURES LEAD TO WARRANT FOR NEGRO

MILWAUKEE, Wis., April 30.—A warrant for the arrest of Edward Thomas, head of the National Association for the Advancement of the Negro, was issued today charging possession and exhibition of pictures intended to stimulate a race riot. A policeman arrested by a crowd of Negroes in front of the organization's headquarters found two pictures, one depicting a lynching of five Negroes, and the other a Negro girl being burned.

NEGRO ATTORNEY DREW \$30,612 FEE IN PAST YEAR

(By Associated Negro Press.) CHICAGO, April 29.—Edward H. Wright, the famed attorney of this city, is causing the local daily press a world of worry. It appears that Mr. Wright, as the chief legal expert of the city's traction plan, has drawn \$30,612 in fees during the past year. The Tribune calls attention to the fact that this is very near to one-third of the sum, \$107,324, paid to the entire staff of experts on the city pay roll. The "world's greatest newspaper" calls Mr. Wright "the Negro attorney of ability," and "Negro adviser of Mayor's traction plan." In the meantime, Mr. Wright remains mum and continues to draw his fee.

GEORGIA MOB KILLS COLORED WOMAN

Band of White Men Throw Her in Creek After Sheriff Had Promised Her Protection.

ATLANTA, April 27.—Pitiful letters from a number of Negro residents of a certain Georgia county appealing to Governor Dorsey for protection against white night riders have been sent to the Governor following his publication yesterday of a pamphlet in which he cites 125 crimes against blacks and accuses his influential supporters of measures that will stamp out peonage and lynching.

The letters, from a county which the Governor will not name, told of the murder of a Negro woman by a mob and of the activities of bands of white men who rode about the county nightly beating Negroes. The existence of such practices was confirmed in another letter written by the sheriff of the county.

The murdered Negroess had been drowned in a creek only the night before the letters were written, and Governor Dorsey immediately communicated with the Sheriff. That official admitted that conditions had been "very bad," but were now "all right." His version of the affair was that the white writer was incensed by the killing of a deputy by a Negro, and in consequence a mob seized the man and the woman, claiming they had hidden the guilty Negro.

The man was lynched and the mob returned for the woman. The sheriff says he arrived before they could harm her, dispersed the mob and took the woman to jail, where he kept her overnight to prevent further attacks on her. The next day he took her back to the plantation where she worked, and her employer told her she would be safer in jail. She believed, however, the mob had vented its anger and chose to stay. That same night the mob returned and terrorized her again.

GOURDIN, HARVARD RUNNER, WINS HONORS IN ATHLETICS

(Special to The Negro World.) PHILADELPHIA, Pa., May 1.—Mr. Gourdin, a Negro member of Harvard's track team, has sustained the athletic prestige which the Negro gained at Harvard University through William H. Lewis and William C. Matthews. In the dual meet between Harvard and Pennsylvania, held in Franklin Field, Philadelphia, Pa., last week, Mr. Gourdin made the highest individual score. He won the running broad jump and the 100-yard dash and finished second in the 200-yard dash. This is a remarkable feat in college athletics and places young Gourdin in the topmost ranks.

MR ROGERS, A CHICAGO AUTHOR VISITS NEW YORK

Mr. J. A. Rogers, of Chicago, Ill., author of "From Superman to Man" and "As Nature Leads," is one of the new arrivals in New York city. Mr. Rogers contemplates making an extended visit to the city. He has started to write a novel dealing with New York life and problems and desires to get local color and atmosphere. Mr. Rogers came originally from Jamaica, and when a small boy lived in St. Ann's Bay, the home of the Hon. Marcus Garvey. Mr. Rogers is one of the most successful of the younger colored writers.

R. HAYES GIVEN DIAMOND PIN BY KING GEORGE

Sings Negro Spirituals Before the Royal Family at Buckingham Palace—Has Signal Success in London.

LONDON, April 25.—Roland W. Hayes, the celebrated Negro tenor, has had fine recognition during his visit to London where he has been giving a series of recitals in the best concert halls. He left New York last year, accompanied by Mr. Lawrence Brown, his accompanist, immediately after his Aeolian Hall recital, to study the origin of Negro music in Africa. Mr. Hayes is an accomplished singer with exceptional advantages in study and training. He is equally at home in French, Italian and English songs and has met with signal success in all his recitals here. The newspapers here have all spoken in the highest terms of his musical intelligence, the range, warmth and body of his voice and his perfect enunciation. His accompanist, Mr. Brown, has been equally praised for his fine playing. Last November he was selected from among a group of American artists in London to sing the "Star Spangled Banner" at the Thanksgiving celebration by Americans in London.

Renowned by King. The remarkable success he has enjoyed since coming to England, culled from his recitals in London, has led King George to sing before the royal family at Buckingham Palace. Mr. Hayes sang some beautiful numbers, among them some Negro spirituals to the delight of the royal family. The King took occasion to compliment him on the excellence of his voice, its range and firmness and the skill displayed in the rendition of his songs. The King observed how different the Negro spirituals were from what the English people have been taught to believe were the characteristic Negro melodies. Mr. Hayes was presented with a diamond pin by King George.

NEGROES WIN HARD FOUGHT WILL CONTEST

WAXHAW, N. C., April 27.—An interesting case, involving the estate of a rich white woman, the bulk of which was willed to her Negro servants, came up in Union County here recently and was decided in favor of the Negroes against some white relatives who contested the will.

Maggie Ross, a white woman possessed of large estate, died in retirement, and it is alleged that she permitted her colored servants unusual privileges in her home. At her death it was found that she had willed the bulk of her estate to three Negroes. Various bequests were made to churches, missions and charities (the orphanage at Barlum Springs, \$2,000) and small amounts were given to various white persons, but the bulk of the estate of 1,500 acres of valuable farming lands and about \$25,000 in cash was left to the colored man and his daughter and granddaughter. The white woman had no near kin, but as soon as her will was made public second and third cousins and others farther removed, to the number of 10, entered suit to set aside the will on the ground that Maggie Ross was not mentally competent to make a will and that she was unduly influenced by the Negroes who were beneficiaries. Many witnesses expressed the opinion that she was not mentally competent to make a will and when pinned down admitted that the opinion was based on the fact that she left her property to the Negroes.

Strong feeling was expressed by these distant relatives that so much valuable property should pass into the hands of Negroes, and strong efforts were made to break the will on this ground. But, after a hard-fought contest of fifteen days, it took that Union County jury just forty-five minutes to agree that Maggie Ross knew what she was doing when she made her will; that she wanted the Negroes to have the property and she was entirely within her rights when she gave it to them.

NEGRO POLICEMAN INDICATED CHARGED WITH STATUORY OFFENSE

Young Colored Matron Recently from South Complainant Against Martin McMahon of Thirty-eighth Precinct—Is Mother of Two Children—Police Commissioner Dismisses Charge Without Notifying Her of Action.

An indictment against Patrolman Martin McMahon (white) of the West 135th Street Station was handed up to Judge McIntyre in General Sessions last Friday by the regular April Grand Jury. Mrs. Beulah Cooper, twenty-three, of 2102 Madison avenue is the complainant against McMahon. She is employed at night in a downtown chophouse, where she works from about 11 o'clock at night to 3 o'clock in the morning, to add to her husband's earnings to support herself and two children and her mother, with whom the couple resides at the Madison avenue address. Mrs. Cooper and her husband came to New York about a year ago from one of the Southern States, and she states that she has been compelled to work and assist her husband make ends meet in their home.

She charges that on January 27 McMahon pulled her into the premises of the Maceo Pool Parlors, 71 West 122d street, after securing a key from under the stairway of the building, and abused her in an unprintable manner despite her efforts to prevent him. Mrs. Cooper is a slightly built woman weighing about 105 pounds and is about five feet in height. She alleges that immediately after the offense was committed she rushed home and informed her husband and that he immediately accompanied her in search of the officer. When they got to Lenox avenue and 132d street they saw him get out of an automobile in which he was sitting and run across the avenue, joining another patrolman who was coming down the avenue. Cooper states that his wife prevailed on him not to follow the officer, expressing the fear that he might do him bodily injury, but to report the matter to the station house on 124th street. They made the complaint to Captain McGrath there, and he told them to come back later and identify the patrolman. Later when they returned to the station house, Mrs. Cooper identified McMahon but of a platoon of men.

Meeting at Headquarters. The case came up for trial before Deputy Commissioner Leach in the trial room at headquarters. McMahon was represented by Alexander Boyer, who until recently was a member of the District Attorney's office. The Cooper appeared without counsel. The policeman had as witness a colored man who gave his name as Wright and said he was proprietor of the Maceo pool parlor. He swore that there was only one man in the room and that he carried it with him all the time.

STELLAR MUSICAL PROGRAM RENDERED AT LIBERTY HALL SUNDAY NIGHT; SPEAKERS SOUND CLARION NOTE FOR AFRICAN REDEMPTION

LIBERIAN PLENARY COMMISSION TO GET U. S. LOAN

WASHINGTON, May 1.—The Liberian Commission is reasonably certain of getting the loan from the United States Government. When interviewed by a representative of The Negro World members of the Commission said that there was no doubt but that the loan would be granted to the African Republic. Members of the commission feel that the financial interest of America created by the loan will also mean a strong moral interest on the part of the United States Government. President King to Tour Country. President King is expected to leave the capital shortly for Baltimore. From there he will visit Philadelphia and New York. At Philadelphia he will join Mr. Beresford Gale, who will accompany him to Tuskegee and other parts of the country.

Widow of Late Bishop Alexander Walter in Eloquent Speech Tells of Greatness of Marcus Garvey—Says Internationalism of Movement is Salvation of the Race.

LIBERTY HALL, NEW YORK, May 1.—An unusually large attendance of people were present tonight when the program for the evening began; a program which for richness of talent and excellence of rendition by all who took part in it is nowhere equaled in similar gatherings of our people. There are many musical concerts given at places like Carnegie Hall, the Hippodrome and elsewhere, for which an admission fee ranging from 25 upwards is charged, yet where no finer treat is given. It was under the direction of Mr. Arnold J. Ford, musical director, Mrs. Frances Robinson acting as pianist, while Fred Williams (who had charge of the band) the program in full follows:

At the conclusion of the musical program the Rev. Dr. G. E. Stewart, high chancellor, who presided, delivered the opening address, in which he said that the Universal Negro Improvement Association is on the Lord's side and that if that be so its members and friends need not fear those who may be against them; that under such auspices they could not but succeed. He announced that word had been received that a branch of the association had been established away in far-off Australia. This announcement evoked great applause.

Mr. Wilford H. Smith, counsel general, quoted the passage of Scripture that reads: "Ye shall know the truth, and the truth shall make you free." He gave some plain facts as to the true condition of our people in the North as well as in the South, which he said was practically the same, and said that the Negro's only hope rested in Africa.

Mrs. Walter, the widow of the late Bishop Alexander Walter, delivered one of the most eloquent and powerful addresses heard in Liberty Hall. She spoke of the great fame of Marcus Garvey, told of the wonderful inspiration the movement of the U. N. I. A. had made on a very promising and wealthy white woman, an author on international questions, and said that in all-embracing aspect, its internationalism, the fact that it embraced and was linking together all our people, would prove the salvation of the race. She was listened to with rapt attention, and at the conclusion of her address was greeted with thunderous applause.

DR. G. E. STEWART SPEAKS

Hon. Dr. G. E. Stewart, high chancellor, in making the opening address, said in part: We are glad to welcome you again in Liberty Hall tonight. We rejoice that God has blessed us with who can cure what God has blessed us with when, perhaps, we are in such the people of God, and though he was offered money to cure, they did not choose to be cured, but they were cured. I feel that the God is calling every one of us to be cured. I feel that the God is calling every one of us to be cured. I feel that the God is calling every one of us to be cured.

DR. DU BOIS AND HIS EBONY WORLD. SOMBODY evidently has tread on Dr. Du Bois' toes.

Dr. Du Bois' toes have been tread on by the editor of the Crisis, the other day we read with pleasure the delightful prose poem, "Atlantis," that brief but brilliant travel sketch style, "7000," and the illuminating editorial on "The President."

Imagine our surprise and disappointment when we found that Dr. Du Bois instead of telling what he proposed to do to better the status and condition of the sons and daughters of Ethiopia, devoted nearly half of his editorial to hysterical railings at other nameless movements.

A more careful study of his editorial shows that 31 lines of the editorial are devoted to criticism of other movements and 42 lines to his own program.

It is his own program. That is typical of Dr. Du Bois, who, having spent thirty years of his life in a university as student, research fellow and instructor, has never overgrown the hypercritical habit of mind and spends more time in finding fault than in creating and constructing.

He is mad enough to say "damn scoundrels" and "damn fools," but he does not desire to offend the taste and sensibilities of the cultured, refined ladies who read his magazine, as he is a gentleman.

Now when a storekeeper spends more time fussing and discussing the storekeeper next door or across the street, one can only trade, and it does not require a second reading of Dr. Du Bois' hysterical editorial to discover what he is worried because some of the leaders of other movements are making in the shelves faster than he is, and getting more publicity.

It. But we would like to call his attention to the gospel of St. John, the twentieth chapter and the 20th, 21st and 22d verses, which reads as follows: "Then Peter, turning about, seeth the disciple whom Jesus loved following, which also leaned on his breast at supper, and said, 'Lord, who is he that betrayeth thee?'"

21. Peter, seeing him, saith to Jesus: "Lord, and what shall this man do?" 22. Jesus saith unto him: "If I will that he tarry till I come, what is that to thee? Follow thou me."

But William James, Harvard's noted psychologist, thought differently. Eleven years ago last fall he visited the Navy Department in the national capital. We saw a colored messenger sitting at his desk and reading. Reading what? A sporting magazine, a detective story, a novel? No; he was reading James' "Will to Power."

IS THE NEGRO A MAN? "A NIGGER IS A NIGGER" Who made this terse and trenchant statement, which is more realistic than elegant? Was it the leader of a Georgia lynching mob? Was it the captain of a Texas Ku Klux Klan? No; it was the wife of a Chicago Congressman who was vainly endeavoring to see Marshal Foch in Paris and to persuade him to take the African troops, some of whom are blonds and some brunettes, out of Germany.

But rhetoricians claim, that clearness of style comes from denotation, that which words actually mean and that force of expression comes from connotation, from what words suggest. And the significance in the remarks of the Chicago lady comes from what her words connote or suggest and not what they denote or actually mean.

of the decision reached in the case after nearly two months had elapsed since the trial, while the patrolman's lawyer was in a position to state in a Magistrate's Court last Monday that the "Trial Board had thrown out the charges." The Police Commissioner would not expect to look forward with favor upon shocking practices on the part of any member of the force.

Now when a storekeeper spends more time fussing and discussing the storekeeper next door or across the street, one can only trade, and it does not require a second reading of Dr. Du Bois' hysterical editorial to discover what he is worried because some of the leaders of other movements are making in the shelves faster than he is, and getting more publicity.

It is his own program. That is typical of Dr. Du Bois, who, having spent thirty years of his life in a university as student, research fellow and instructor, has never overgrown the hypercritical habit of mind and spends more time in finding fault than in creating and constructing.

U. N. I. A. NEWS OF THE PANAMA BRANCH NO. 3

The Meeting of the above named society was called to order by the president at the hall at J street and Central avenue at 5 p. m. sharp on Sunday, April 10, 1921.

The opening ode was sung by all, which showed the enthusiasm in the meeting. The address by Miss Hall was something of importance to all.

The choir then gave a very interesting anthem entitled "The Universal Negro," which was well enjoyed by all present.

An address by Mr. Walters of La Brea was a soul-stirring one. He left no stone unturned in warning his brothers and sisters of the danger that they would run in keeping away from the association.

The paper from Miss Harlow was the first feature of note. This showed the capabilities of Negroes, judging of the past records of the worthy members of our race.

PLEASANT SUNDAY AFTERNOON AT LIBERTY HALL, GUARO, CUBA

On the evening of the 16th inst. (Sunday), a most enjoyable evening was spent under the auspices of the Guaros Division of the U. N. I. A. at the Liberty Hall.

From the rendition of the program it could be seen that the united efforts of the officers, members and well-wishers of the division had not been spared to bring off such a rare treat as seldom is seen in these parts.

Mr. C. G. Hall was appointed chairman for the evening, in which his ability in such a capacity was maintained in a most satisfactory manner to one and all.

Next in line came the officers of San Manuel and Puerto Padre dressed in their regalias and carrying a banner with the device, "One God! One aim! One destiny!"

The chaplain, the Rev. W. A. Charles, entered and arranged for the unveiling of the program for the day's proceedings.

GALA DAY IN SAN MANUEL UNVEILING OF CHARTER

San Manuel was the regular rendezvous of the members of the U. N. I. A. and other interested parties on Easter Monday to attend a meeting convened by the officers of the Division for the unveiling of their charter.

At about half past 12 o'clock the crowd moved from the Anglican Church on its way to Liberty Hall.

The procession moved from the church in an easterly direction, going to the main street of the town.

The national anthem was sung after which the collection was taken up.

The bags were handed in at the meeting. The amounts from the bags were very inspiring.
