Negroes Must Not Be Deceived By False Cries of "Peace"

Race Needs Leaders Who Are Not Afraid to Sacrifice— "Opportunity Beckons"

**Must Fight For Constitutional Rights
—Must Seek to Establish Our Own Con-
stitution — Must Build a Nation
Strong Enough to Guarantee
Racial Rights**

**"Unity Is the Watchword," Says President-General
Fellow Men of the Negro Race, Greeting:**

The atmosphere is so charged with racial discord and
negro, that it seems my duty as leader of the Universal
Negro Improvement Association of the World to so guide and

direct the followers of our cause and the race as a whole, as
to prevent our making the terrible mistake of marching into
that abyss of destruction that is seemingly ahead of us.

Universal Effort to Deceive

Now more than ever, there seems to be a universal effort
to deceive, exploit and then destroy the leaderless mass of the
weak and unfortunate peoples of the world. While in the
one breath the world's leading statesmen and leaders speak
of the larger humanity, and the desire for peace, we find them
in the other, selfishly working for the enthronement of their
own peoples to the disadvantage of others. When one listens
to the talk of present-day statesmen, we would be led to be-
lieve that in them is a deep sense of that human love that
would make them advocates of that larger life that the
Man Christ came to teach, yet following them a little further
and studying them well, we find that the spoken word of
these men is but a camouflage indulged in to sidetrack the
real action of the doubtful majority who otherwise would
clamour for an equitable place in the affairs of life.

The analyzed doctrine, or rather action of these men, is
nothing but racial and national selfishness; the glorification of
themselves and their respective peoples, without any real
consideration for the needs of suffering humanity. In our
contact with such an attitude on the part of the world's great
leaders, we also fall prey, to a great extent through our
professed leadership, to the camouflage, and for that we find
some of the so-called leaders of our race indulging in a false
security which, if followed by the mass of our people, will
mean nothing else but our doom and destruction. It is for
that that I take the stand to warn the four hundred million
Negroes of the world of the peculiar situation, and if possible
to inspire them to a hope of their own self-reliance in evolving
from among themselves a new kind of leadership that will
not trust to the fine words and promises of others, but that
will, with energy and effort on its own part, declare for the
rights of the people without any compromise or without any
apology.

Dissatisfied With Leadership

This suggests that we are dissatisfied with the present
kind of leadership that we have. And why shouldn't we, when
a proper study of it reveals to us
that at the best our leaders are but
selfish individuals who seek more the
betterment of their own personal in-
dividual condition, rather than the
condition of the mass of the people
with whom they are supposed to be
identified. The mistake we make as
a race is to believe in the professions
of anyone who says that "I am going
to do this or going to do that," with-
out putting the individual to the

kind of a test that will really reveal
the character of the man. It is so
easy to assume leadership, but it is
very hard to prosecute it in the in-
terest of the people, acting always
for the people as their respective
people and even advance them to
the higher life in a materialism as
that of the 20th century, means a

adequate institution. The library
starts out with five hundred books,
some donated from the parent library
and others purchased especially for
the new one. The Board of Educa-

Negro Achievement Week To Be Celebrated Nov. 10-16

Cash Prizes Are Offered for Best Essays

The annual Negro Achievement
Week as sponsored by the Omega
Psi Phi Fraternity, will be celebrated
during the week of November 10th
to 16th, according to the announce-
ment made from the office of At-
torney Linwood G. Koger, national di-
rector of the project.

The movement is designed to stim-
ulate in the youth of the race an
added interest in its growth and ac-
complishments, as well as acquaint
members of other groups of the
aims and ambitions of the Negro
race. The program is to consist in
programs and concerts, throughout
the country, in the churches and
schools and several "achievement pro-
grams" by Negro artists from Ne-
grom composers are to be broadcast
over a chain of radio stations.

Among the special features, is the
essay contest among the high school
students and undergraduate college
scholars for prizes aggregating \$150
for the best essays on any phase of
Negro achievement.

Rules and tracts with information
are ready for distribution and will
be forwarded to interested parties
who send in self-addressed, stamped
envelopes, to Mr. Koger, whose ad-
dress is 1214 Maryland avenue, Bal-
timore, Md.

Last Year a Big Year

Twenty-three states with a total
of 254 essays from 171 schools was
last year's record. Co-eds outside their
male rivals 5 to 4 and North Caro-
lina led other states in number sub-
mitted, while Virginia sent in the
largest number from any school.

Prizes were distributed as follows

Tammany Hall Is Frantic In Effort to Defeat Delany

"Tammany Hall is now frantic in
its efforts to defeat my candidacy,"
charged Hubert T. Delany, Republi-
can nominee for Congress in the
twenty-first district, in a statement
Monday afternoon. Mr. Delany as-
serted that the Tiger has resorted to
the tearing down of his street ban-
ners, and intimidation of city em-
ployees, the raising of the race is-
sue and the bringing into the Har-
lem districts of a number of floaters.

"This method of attack," Delany
claims, started during registration
week when Republican organization
captains reported that the Tammany
election officials were slowing up the
enrollment of voters. Lines were so
long at several of the registration
places that citizens, after waiting in
lines as long as their time permitted,
left in disgust.

"floaters" had been brought in and
were being registered in several elec-
tion districts.

It was reliably reported to the De-
lany Headquarters that the workers
of Joseph A. Cavanaugh, his Demo-
cratic opponent, had been sending
persons through the Washington
Heights District to instruct all voters
to vote against Delany simply be-
cause of race. This, however, has
seemed to strengthen Mr. Delany's
position, because it is felt that all
real American citizens will resent an
attack upon Delany, who has been
endorsed by Nicholas Murray But-
ler, President of Columbia Univer-
sity.

Following closely on the announce-
ment of the endorsement of Mr. De-
lany's candidacy by Dr. Butler, sev-
eral street banners were torn down.
The banners were replaced on Monday.

Delany Charges Tammany With Unfair Attacks

Tearing Down Banners, Raising Race Issue Herding Floaters

"Tammany Hall is now frantic in
its efforts to defeat my candidacy,"
charged Hubert T. Delany, Republi-
can nominee for Congress in the
Twenty-first District, in a statement
Monday afternoon.

Mr. Delany asserted that the Tiger
has resorted to the tearing down of
his street banners, the intimidation
of city employees, the raising of the
race issue, and the bringing into the
Harlem districts of a number of float-
ers.

This method of attack, Delany
claims, started during registration
week when Republican organization
captains reported that the Tammany
election officials were slowing up
the enrollment of voters. Lines
were so long at several of the
registration places that citizens, after
waiting in line as long as their time
permitted, left in disgust.

various Republican headquarters that
"floaters" had been brought in and
were being registered in several elec-
tion districts.

It was reliably reported to the De-
lany headquarters that the workers
of Joseph A. Cavanaugh, his Demo-
cratic opponent, had been sending

to vote against Delany simply be-
cause of race. This, however, has
seemed to strengthen Mr. Delany's

516,593 Africans in 1914 French Army

PARIS.—According to statistics re-
cently furnished by the Bureau In-
ternational du Travail, 516,593 Af-
rican soldiers fought in the French
army during the last war. Of this
number the Senegalese furnished the
largest proportion with 181,512, and
the Somalis, the least, 3,500. The
Moroccans were 40,398.

The total number of French sol-
diers mobilized was 7,950,000.

One Student, Normal School Is Closed

VALLEJO, Cal.—Walter E. Simp-
son, secretary of the local branch of
the N. A. A. C. P., announced this
week a court order closing the in-
dustrial and normal institute here, for
Negroes, as a public nuisance.

Testimony revealed that the prin-
cipal, Prof. C. H. Toney, caused the
resignation of one teacher, Miss Ione
Collman, when she refused to accord
to certain advances toward her. She
was employed at the school for only
two weeks.

This semester there is only one
student at the school, a girl of 20,
from Texas.

Columbia University President Endorses Hubert T. Delany

Nicholas Murray Butler Says He Would Be Most
Happy to Vote for Congressional Candidate—
Campaign at Close

Harlem's fight to have its own
representative in the halls of Con-
gress entered its closing period with
every prospect of success. Hubert
T. Delany, the aggressive young
candidate on the Republican ticket
who expects to succeed the late Roy-
al N. Weller, White Democrat, as
Congressman, has conducted one of
the most intensive campaigns New
York has ever seen and the results
are seen in the number of outstand-
ing members of his party who have
rallied to his support.

Dr. Nicholas Murray Butler, presi-
dent of Columbia University, and
one of the great educators of the
world, wrote Mr. Delany as follows:
"Your candidacy for Congress in the
21st District has my cordial sup-
port. If I were a resident of that
district instead of its near neighbor,
I should be most happy to vote for
you on election day.

You have exceptional qualifi-
cations to represent us in Congress.
Your sound and thorough education,
your training in the law, and your
experience on the staff of the United
States District Attorney, all unite to
qualify you in exceptional degree to
be a representative in Congress.

You have my cordial good wishes
in your campaign."

Then on the same date, the Na-
tional Republican Congressional
Committee composed of Republican
Congressmen, with its headquarters
in Washington, D. C., sent 1,000 let-
ters to the County Committee in
the 21st Congressional District
urging that they do all in their power
to put Mr. Delany over. "This let-
ter pointed out that Mr. Delany was
in every way qualified for the office
he is seeking and stood head and
shoulders above his opponent both in
training and accomplishments.

Throughout the campaign Mr. De-
lany has had the enthusiastic sup-
port of his chief, Hon. Charles H.
Tuttle, United States Attorney for
the Southern District of New York.
Mr. Tuttle wrote Mr. Delany as fol-
lows:

"It is a privilege to support your
candidacy for Congress. Your two
years of association in the United
States Attorney's office demonstrated
not only to me but to all who have
come in contact with you that you
have all the qualities of ability, in-
tegrity and energy we desire in our
representatives in Congress. Your
career has been one of outstanding
achievement; and irrespective of any
other consideration, you are fully
entitled to popular support because of
your own exceptional merit.

Moreover, I believe that in ac-
cordance with the American spirit of
fair play and that it makes for the
good of the country that all our
large groups should have fair rep-
resentation in the councils of Govern-
ment."

The biggest rally of the campaign
was in the great Abyssinian Baptist
Church, which has a seating capacity
of over 600. At this meeting special
appeals were made in Mr. Delany's
behalf by three outstanding mem-
bers of Congress. They are Oscar De-
Priest of Chicago, Robert L. Bacon
and Hamilton Fish of New York.
Fish and Bacon are millionaires.

William M. Kelley, editor of The
Amsterdam News and manager of
Mr. Delany's campaign, issued a
statement last week in which he
thanked those who had worked and
are still working so loyally to elect
Delany. He said that he expected to
see Mr. Delany win by a majority of
more than 2,000 votes.

Welfare Is an Important Item in City Economy

New Budget Allows \$172,000,000 for Educational
Activities and to Prevent Illness, Poverty
and Crime

Analysing the 1930 city budget as
drawn up for final approval the Wel-
fare Workers for Walker, of which
Felix M. Warburg is chairman,
pointed out yesterday that \$172,-
000,000 will be devoted to maintain-
ing city agencies for welfare work.

Of the \$172,000,000 in the total
budget, appropriated for agencies de-
voted entirely to welfare work, the
largest single item is for education,
the committee pointed out, \$114,000,-
000.

The school system of the city itself
receives more than \$109,000,000,
while \$3,000,000 more is provided for
libraries and over \$1,600,000 is de-
voted to museums, the Brooklyn and
Staten Island Institutes of Arts and
Sciences, which offer lectures for ad-
ults, and similar institutions. Of the
\$109,000,000 devoted to schools about
\$94,500,000 is for the regular public
schools and the rest for institutions
of higher learning, pensions and sim-
ilar items.

Almost \$6,500,000 in the budget is
devoted to parks, the committee
said.

Agencies devoted to health work
receive over \$23,500,000, it was point-
ed out, chief among these agencies
being the department of health and
the department of hospitals.

For general welfare work, the city
has appropriated over \$19,000,000 the
committee said. "The department of
welfare itself which conducts the mu-
nicipal lodging house, supervises
charity drives and conducts a variety
of projects receives over \$1,000,000.
The Board of Child Welfare receives
over \$37,000,000 and the rest of the
sum is provided for payments to char-
itable institutions that care for the
aged and convalescents.

Other sums in the \$172,000,000 are
devoted to the work of the children's
court, to pensions, life saving work,
supervision of tenements, and similar
types of welfare aid, Mr. Warburg
said.

Additional Sums Have Great Bearing
Beside this sum, the budget includes
additional funds amounting to almost
\$119,000,000 for the maintenance of

other city agencies, such as the de-
partment of corrections, the police
department, the fire department, the
street cleaning department and the
magistrates courts, the Welfare com-
mittee explained.

The committee expressed itself as
being highly gratified with the demon-
strated willingness of the Walker
administration to interest itself in
welfare work. It was pointed out
that since 1926 the funds devoted
to agencies whose entire purpose is
welfare work has increased \$37,600,-
000 as testimony to the current ad-
ministration's desire to better human
relations among the six million in-
habitants of Greater New York.

Funds devoted to both the agencies
whose sole purpose is welfare work
and to those whose purpose is to a
large degree, although not exclusiv-
ly, of a welfare nature, have in-
creased \$50,000,000 since 1926, the
committee said. In addition, it was
explained, two major reforms which
have enabled increased welfare work
to be done with economy, have been
put into effect since Mayor Walker
took office.

(1) The Board of Higher Educa-
tion has begun functioning and has
provided means of co-ordinating the
institutions under its directions for
greater efficiency. (2) The Depart-
ment of Hospitals, a product of the
Walker Administration, started func-
tioning this year. By combining in
this department the hospitals former-
ly under the Department of Welfare,
the Department of Health and the

A HOST OF WITNESSES

WHEREFORE, seeing we are encompassed about with so great a cloud of witnesses, let us lay aside every weight, and the sins which so easily beset us, etc.

Thus runs a scriptural text which can really be applied to the candidacy of Hubert T. Delany, in his fight for the election to the post of congressman from the Twenty-first district of the City of New York. All along through the intensive, instructive and convincing campaign there have been men of worth and prominence, from various professions, as well as the thousands upon thousands of the Negro World, who have come forward, unflinchingly, and unhesitatingly, and voiced their faith in the ability, earnestness and the qualifications of the brilliant young attorney, who is seeking the seat made vacant by the death of Congressman Royal H. Waller. Those who live in the district have stated, without the batting of an eyelid, that they intend to register their vote for Hubert T. Delany, when they go to the polls, early on election morning.

During the last few days, moreover, there has been a shining array of eminent men, prominent in the public life, not only of the state of New York, but in prominence all over America, who have not only signified their intention to support Delany, but have championed his cause in a militant way. In the forefront of these rosters of names are the eminent president of Columbia University, Nicholas Murray Butler, who wields a powerful and commanding influence in the political world, as well as a doer in the fields of learning and scholarship. Closely following his lead we find Congressman Hamilton Fish, Jr., and John L. Bacon, and our own Oscar D. Priest. The last three have been militant supporters of the Delany standard; and showed how much in earnest they are when they came all the way up to Harlem, to speak before a large and interested audience in the Abyssinian Baptist Church on Wednesday evening last.

These were not the only public speeches made by these fighting congressmen for the triumph of the Delany candidacy; and if we are to judge by appearances, they have made the greatest possible impression which it is possible to make on audiences anywhere.

The activities of so large a group of men, in many places throughout the country inspired this editorial. They all testify to the fitness and the qualifications of the candidate for congressional honors from the Twenty-first Congressional District of the City of New York.

Seeing therefore that we are encompassed about with so great a cloud of witnesses, let us lay aside every weight, and the doubts which so easily beset us, and let us march up to the polls on Tuesday morning, November 5th, and make a record vote for Hubert T. Delany, and all the members of the Republican Fusion Ticket.

NEED WE SAY MORE? DON'T FAIL TO DO YOUR DUTY TO YOURSELVES. ELECT DELANY.

GO INTO BUSINESS FOR YOURSELF

THIS IS THE title of a chapter in a very inspiring book written by one of the greatest of inspirational writers that the white race has produced in the person of the late Orison Swett Marden.

This is also good advice for the Negro peoples of America not alone, but of all the world. Only by so doing will we ever be able to acquire funds enough to carry out any measurable part of the plans which the dreamers of the race will think up in the days to come.

Negro advancement in America, like it is the case of the world over, wherever Negroes live, has been handicapped, and has had to travel along a thorny, tough, and toilsome road, because of the fact, that we have not been able to control enough of the funds necessary for the financing of our plans.

Only in the very rarest instances did any men ever amass wealth by merely the labor of their hands. Men and nations who have risen to riches and consequently to power and greatness, have done so through the channels of commerce and industry. The history of all the great nations of the past, and the present-day history of the world's great nations point to the fact that these nations excelled in commerce and in industry.

A well-known proverb tells us, that, "If all we do is work, and do not invest the proceeds of our labor where they will bring returns, we will scrape event till we die". The truth of this statement is so apparent that it needs no explanation here. Suffice it to say that this is the time when Negroes, the world over, must sense the needs of the hour, must realize that we are living in the greatest century that was ever ushered in upon this planet since the world began; and that because of this there are countless opportunities facing us all around, waiting for us to grasp them, and set them to do our bidding.

The activities of the National Negro Business League, as well as those of a few large Negro business organizations are worthy of commendation, as well as of emulation and following in the lines laid down. We are taking this opportunity to call to our fellows, to "wake up, and stretch out their hands to grasp all the opportunity that this golden age has in store."

What prophet can vision the power and the riches, as well as the greatness that is in store for this race of ours, if we will only throw off the lethargy of the past, and rally to the call of Fortune, as she beckons to the dusky sons and daughters of Ham, urging them to come forth and prove their talents and their worth, in the fields of commerce and industry?

Visions of Tyre, and of Carthage, and of the great commercial nations of the past, out of the loins of Africa, whose wealth and power and greatness overshadowed the world in their day. Think, fellow-Negroes of the future, when you see us, as we will rise up, and be men, engaged in the various lines of business, after giving these lines careful thought and study, and the same loyalty and devotion as we have heretofore given to the service of our erstwhile masters. Think!

It is his time for us to come out of the slumber of the past. This is the psychological moment in our existence as a people, and we must be boldness simply for the want of

take the current when it serves. Let us get together. Let us pool our interests. Let us learn all and everything there is to be learned about the various lines of business in which the human race is interested. There is a place where every Negro business man can fit better than anyone else, if he will prepare himself for that business. Let us give the greatest amount of service to our customers which it is possible to give. Let us plant in the hearts of our customers an irrepressible desire to return to trade with us, because they have never been so pleased with service before.

Though only a dream today, the markets of the world lie before us. Will we capture them?

HOWARD UNIVERSITY

Washington, D. C.

Washington, D. C.—The Medical Library of Howard University recently received a collection of books and periodicals as the gift of Dr. James B. Herrick, internationally known heart specialist and professor emeritus of medicine at Rush Medical College in Chicago.

The collection consisted of 20 books and 128 volumes of foreign periodicals. According to Dr. Munn G. Adams, Howard medical donor, who is a former student of Dr. Herrick's, the collection is of immense value, as many of the volumes could not be duplicated, and if so, the cost would be prohibitive.

The Medical Library of Howard University was established a little more than two years ago and has received several valuable gifts, including \$2,000 from the Carnegie Foundation for Dental books. About 25,000 volumes are still needed to bring the library up to the standard of a superior A class Medical School.

Cleverness and Intelligence

BY F. HYDES

There comes a time in the life of every man, when he begins to realize that the intelligent man is the only real leader. He gives you something that will help you, and that is the true test of a leader. Intelligence is not a matter of degree, but of kind. It is the ability to see things as they are, and to act upon them accordingly. It is the ability to see the hidden meaning in things, and to act upon them accordingly. It is the ability to see the hidden meaning in things, and to act upon them accordingly.

Homey Philosophy

By George Douglas Johnson

THEY TALK OF THE "homey philosophy" of the Negro. They talk of it as if it were something new and original. But it is not. It is the philosophy of the people, the philosophy of the masses. It is the philosophy of the people, the philosophy of the masses. It is the philosophy of the people, the philosophy of the masses.

Editorial Opinions of the Negro Press

Forget It

If you see a tall fellow ahead of the crowd,
A leader of music, marching fearless and proud,
And you know of a tale whose mere telling would cause his proud head to be in anguish bowed,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

If you know of a skeleton hid away in a closet and guarded and kept from the day,
In the dark whose shadow, whose sudden display,
Would cause grief and sorrow and lifelong dismay,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

If you know of a spot in the life of a friend
Whose touching his heartstrings would lay you to bed,
Whose shame of a man showing no sympathy,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

If you know of a thing that will do you harm,
That will wipe out a smile, or a girl or a man,
A fellow, or cause any gladness to be a part of your life,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

CONGRATULATIONS FOR HON. SOLOMON SMITH

Editor, The Negro World:

Dear Sir:

It is a great pleasure to me to see your valuable journal to give congratulations to the Hon. R. T. Smith.

"Opportunity" as he is called in both worlds, is a great blessing. In discussing the 8th item on the agenda in the Convention of the Negro World, the establishment of daily newspapers in many normal cities of the world, etc. I am always quick to see every matter, and asked that one be placed in Cuba, and especially little Solo may be proud of such a delegate to the 1929 Convention. Although Cuba has some 150,000 periodicals, twenty odd in Mr. Smith's province, it is a pity that the Negro World country hasn't a permanent newspaper of its own. Therefore the Hon. R. T. Smith is a big hit. It is a great pleasure to me to see your valuable journal to give congratulations to the Hon. R. T. Smith.

An Open Letter

Forget It

If you see a tall fellow ahead of the crowd,
A leader of music, marching fearless and proud,
And you know of a tale whose mere telling would cause his proud head to be in anguish bowed,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

If you know of a skeleton hid away in a closet and guarded and kept from the day,
In the dark whose shadow, whose sudden display,
Would cause grief and sorrow and lifelong dismay,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

If you know of a spot in the life of a friend
Whose touching his heartstrings would lay you to bed,
Whose shame of a man showing no sympathy,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

If you know of a thing that will do you harm,
That will wipe out a smile, or a girl or a man,
A fellow, or cause any gladness to be a part of your life,
Would you care to tell me the name of the man who is so proud?
It's a pretty good plan to forget it.

Kiddie Corner

By BERNIZA De MENA

Kiddies! Kiddies! Kiddies!

Well! My kiddies are certainly getting smart. I have received more mail than I can publish this week, but you will see the rest next week, along with the new ones that I want to keep coming. I have received poems, jokes, riddles, and compositions from the Misses Grace Rogers, Bobbie Neely (Miss Smiling Eyes of the U. N. I. A.), Rowena Neely, Mae Patrick, and Master John Vaughn.

I think that's very good. Keep going kiddies! These are what Miss Bobbie Neely sent in:

NO DANGER
Foot: Hm! I've got a little poem here, and—
Office Boy: Dat's all right, boss. Don't be skeered, de editor's got a lame arm today.

ARISE NEGROES!
Arise Negroes! Stand on your feet! Let's do the job, make it complete. Arise with sword and gun in hand. Let us march into our Motherland.

Arise Negro! Be a man!
Let nations bow at your command. Arise and follow Garvey's plan. And you will win; I know you can.

Arise and hail the Red, Black and Green!
Remember Marcus Garvey's dream. Arise and greet the day to come. Marcus Garvey will soon come home.

Arise like Marcus Garvey said!
Let the world know we are not dead. Arise four hundred million strong. Go into Africa, possess your own.

Arise Negro! No time to wait.
We must unlock oppression's gate. Arise for Marcus Garvey's sake. Before the time will be too late.

That's very good, Bobbie; keep it up! Write often.—Ed.

Here is what Rowena Neely sent in:
WEEK'S BEST BASEBALL!
The game was opened with Glue at the stick and Measles catching; Cigar was in the box; Shortcake played short, and Corn was in the field; Cabbage was bad; Song made a hit, and Sawdust filled the bases; the Mop-

cleaned up; Cigar went out and Balloon started to pitch and went up in the air; Ice went in and kept cool until he was hit by a ball; then you should see the Ice-cream. Lunatic was put out because he was off his base; Light was put out at third; Crook stole second and Knife was cut down at the home plate; Grass covered lots of ground and the crowd cheered when the Spider caught a fly; Steak was put out at home plate also; Clock wound up the game by striking out. If Door had pitched he would have shut them all out.

PAST HUMAN HELP
Brother: Why do you powder your face?
Sister: To make me pretty, dear brother.
Brother: Then why doesn't it?

EDUCATED
Bill: Say Bob, who was Dis Joan of Arc?
Bob: Aw, you don't know nothing. She was Noah's wife.

HE WONDERED
Judge (to elderly woman): In what year were you born, Madam?
Lady: In '76, your Honor.
Judge: Um-er 1876 or 1776?

Doctor: Remember, you can't eat too much fruit.
Patient: Well er Adam did.

CHEAP
"Did you know that Mrs. Skinner has pneumonia?"
"No, how did she catch cold?"
"Well, she got her feet wet last Friday going around trying to find where she could buy a pair of rubbers cheapest."

Bobbie is very humorous. Isn't she kiddies. Here is what Mae Patrick sent in:
May: What time is it?
Ethel: Ten to
May: Ten to what?
Ethel: "Tend to your own business."

Here is John Vaughn's:
What sets but lays no egg? (The sun.)
What goes from Buffalo to Montreal without moving? (Railroad tracks.)
Well, I hope there will be more next week. So long kiddies! Signing off.

President-Generals Weekly Message

(Continued from Page One)

ripping up and destroying of the factors that seem to bind, and in the execution of this naturally there must be a conflict with the conservatism that has lived off and fed upon the suffering of the people who seek relief. For a leader therefore to take such a stand, he must naturally suffer by paying the price as all bold leaders have had to do in ages past, even now, and in the future. When we contemplate the histories of other peoples, the rise and fall of other races, we will naturally conclude that there is no other course for the Negro leader at this time, whilst the mass of the people are suffering, than that of sacrifice before the people can be lifted out of darkness into light. But how many of our leaders are prepared for such a sacrifice? That is the problem that confronts us within the race. To measure them by their words and their acts, we would conclude in no other language than that we are being deceived, that if we continue to place our reliance in those who profess to be our leaders, that we are doomed, doomed beyond redemption.

Create New Environments
The effort of the Universal Negro Improvement Association is to create new environments, new opportunities for the race as it stands and the highest and best purpose we can serve, is that of creating a nation

which will render to the race all the security that it needs. Against this the many leaders of the race do fight. They invariably tell us that to fight for our constitutional rights just where we are and nothing else will be the solution of the problem but who tells them that we should not fight for our constitutional rights wherever we are? The Universal Negro Improvement Association does not say that! But we go beyond that; we say fight also to create a constitution of your own. For this we are regarded as dreamers, and in doing this we are regarded as being unfriendly to any other rights that the Negro should have. How unreasonable and how unwise! But what do we conclude from our observation and from our study of those men who oppose the working of the Universal Negro Improvement Association? It is simply this, that they are all willing to follow the line of least resistance, that they are willing to utilize and monopolize the advantages created by the other race, without making the effort to create for themselves, not knowing and not realizing that such people will never yield up such advantages to those who were not fellow workers in the creation, and that is where the great Negro problem comes in, in countries where the Negro forms a minority and other races form the majority, even though the assistance of the minority has been used in creating new civilizations and new opportunities, the majority shall always use the opportunities and take advantage of the situations of such civilizations

With very best wishes for your success, I have the honor to be, Your obedient servant,
MARCUS GARVEY,
President-General, Universal Negro Improvement Association of the World, August, 1929.

The business man needs not fear tomorrow if he has done his level best today.

RHEUMATISM
If you are SICK with RHEUMATISM, SCIATICA, LUMBAGO, LAME BACK, GOUT, if you are suffering with BACKACHE, STIFF NECK, SORE LIMBS, PAINFUL JOINTS, AGING BONES, if you are full of URIC ACID POISON, if your BONE MARROW is drying up so that you can't WORK, GAIN WEIGHT, your food properly digested, here is your opportunity to get well quick! Don't wait until

to the disadvantage of the minority because in the reign of popular suffrage the majority will always vote to the interest of themselves, as against the interest of the minority. Therefore how hopeless it is for us to argue that by merely agitating for our constitutional rights, we will solve the problem of race.

Agitating for Fifty Years
We have been agitating in America for fifty years, and in the West Indies and other parts of the western world for eighty years. What have we gained but a perpetuation of the same problem that deprives us of our rights from the very beginning of this agitation. It is the realization of this hopelessness to ever get a square deal, where as a minority we are at the mercy of the will and caprice of the majority, why the Universal Negro Improvement Association seeks to unite the minority groups of Negroes all over the world such as in America, the West Indies, South and Central America, with the great majority of Africa, for the purpose of creating as a majority that kind of security through nationhood that will give to us the privileges and the opportunities that we want.

Opposing a Movement
Sober, intelligent men cannot reason otherwise, and how these so-called leaders of the race oppose a movement like that of the Universal Negro Improvement Association is impossible to tell, except it is based upon the selfishness of seeing themselves removed from their present individual advantages in this life that deprives the masses of their needs, whilst giving to the few the crumbs that fall from the table. So long as one politician can be elevated here, and another there, and one leader can raise enough to enrich himself here, and another there, these people will always argue that the problem can be solved by agitation where we are. But what of the masses who are not getting anywhere to warrant their being satisfied? These are the people for whom the Universal Negro Improvement Association fights, and the few who selfishly think of themselves because of their own prosperity, are the ones who oppose the program that would seek to elevate the people to the higher life, the life of freedom and larger opportunities.

Warning the Masses
Therefore it is my duty to warn the masses of Negroes in America as well as the western world, that the time has come for them not to take their guidance from the selfish Negro who in his own community is prospering, and can see no further than himself, but to evolve from among themselves as a common mass, their own leadership, that will feel with them, that will think with them, and will not be afraid to suffer for the ideal of a higher and a nobler life for all the people.

Relying on the stalwart support of the masses, the Universal Negro Improvement Association of the World, August, 1929, comes forward with great hope, feeling sure that the future will tell a new tale, and will bring to the people a new knowledge of themselves.
