To Conquer Oppressors We Need Unflinching Loyal Men

British Brutalities Are Increasing in India, But Fight with Backs to Wall

Sarojini Naidu, India's Joan of Arc Jailed—Volunteers Carry On Non-violent Fight Despite British Atrocities

Bombay, India.—The Indian situation took a definite turn for the worse, as the Government viewed it with the national campaign greatly increased in vigor and the resistance of the authorities stiffened proportionately.

The salt pans of Dharasana formed the chief battleground—and battles actually occurred today, in contrast to the more or less mild contest of passive resistance that has taken place in the same place for a week.

Violence developed, and some 300 volunteers were reported to have been injured. In the first raid of the

WARNING!

Important Notice to Divisions, Chapters, Garvey Clubs of U. N. I. A.

To all the divisions, chapters and branches of the Universal Negro Improvement Association and the Garvey Clubs in the United States of America. I desire to give the following bit of information: No one is authorized to issue any orders to the divisions, chapters, branches, or clubs requesting of them the payment of any quota of money, or calling them into any conference. All such orders are issued from the International Headquarters.

Mr. E. B. Knox, who was elected at the last convention as 1st Assistant President-General, is not authorized to issue any such orders, and has no right to levy any obligations upon any of the divisions whatsoever.

All communications to divisions, or branches of the Organization are issued only from Headquarters, by the proper officers.

All divisions, branches and chapters, are also reminded that they must forward the Annual Assessment Tax, which has been collected by them to the Parent Body.

First City Health Center To Open in Harlem, in June

Harlem Health Needs Most Urgent, Says Commissioner of Health

The lease has just been signed giving over today the gray stone building at 108 West 138th street to the Department of Health for use as a neighborhood health center in Harlem, the first of a chain of such centers throughout the city scheduled for the next four years to carry out the plan of the Health Department for closer cooperation with physicians and with the public in preventing disease. The schedule calls for four neighborhood health centers to be opened each year in the districts that show the greatest need for intensive public health work.

Egyptian Delegates Receive Spontaneous Cheers On Return

Nationalist Premier, Nahas Pasha's Firm Stand for Egypt's Full Sovereignty Appreciated by Cairo Citizens

CAIRO, May 18.—Egypt's delegation which failed to negotiate a treaty with Great Britain in the recent London conference arrived at Alexandria this morning to find the town in gay mood and determined to snatch a holiday from the political situation.

Premier Nahas Pasha and his colleagues received a vociferous welcome along the route to their hotel, whence after a short time they proceeded to the railway station. The train stopped at the chief stations en route to Cairo, and everywhere there was much enthusiasm for the Premier without signs of any stage management.

In Cairo a large force of police and troops guarded the route, the troops being concentrated in the vicinity of the palace. Nahas Pasha rode in a car alone, with numerous hangers-on on the footboards. The Premier, standing up, bowed in acknowledgement of the greetings. As the crowd broke up the police rushed to the palace, to which Nahas Pasha and his colleagues had proceeded to sign the royal visitors' book.

Before landing, Makram Ebeid told journalists that the negotiations with Britain were not yet finished and that he hoped for final success. Nahas Pasha, on proceeding to the House of the Nation at Cairo, made a similar declaration.

Every Negro Urged to Lend Assistance To Sacred Cause of Negro Nationhood — Program Must Be Carried On to Success

Must Leave Selfishness Behind—Leaders Must Not Hinder the Forward Movement of this Holy Cause—Must Develop Manhood Qualities

Each Branch, Chapter, Division, Must Stand Solidly Behind the Parent Body — "Let's Put the Program Over," — Says President-General

FELLOWMEN OF THE NEGRO RACE, Greeting:

I write to you again this week to inspire you to the new call of service—service to the Universal Negro Improvement Association and service to the race as a whole.

Need of Assistance

At no time in the history of our movement have we been in need of your assistance as much as now. It is realized that the world is closing around us more and more through prejudice and hate, we can only extricate ourselves from it by our own effort. And so knowing as much as I do, I am appealing to every unit of the Negro race to rally at this time in helping the Universal Negro Improvement Association to execute its program of economic well-being.

Programs Must Go Through

Our Convention program must be carried through; if we fail to do it we are only hastening the death of our race throughout the world. I would like to see every Negro in the world taking seriously upon himself the responsibility, and do all that is possible in making our work in the convention a success.

Depend on Ourselves

We cannot be unmindful of the fact that our future depends upon ourselves. We must in this generation lay the foundation for other generations, as well as to protect ourselves in this generation. We need money; we need moral support, and assistance in every direction. Every man and woman of the blood "Afric" must give their support and that willingly. If we can get this our work will be accomplished in a short while; but if we have to beg for it as we have done in the past and not receive it, it will mean the continuation of all the things that tend to your discomfiture and destruction.

Rally Now

Let us rally to the programme of the Universal Negro Improvement Association. Let us do our duty to the movement. There has been a disposition by selfish individuals to turn the Organization into channels for personal benefit, whereby each individual becomes master to himself of the movement without having any responsibility to the Parent Organization thereby hindering the Organization from carrying on the great work for the good of humanity. Any intelligent person must realize that any individual who attempts to use the Organization for himself in his local Division is preventing the Organization from carrying on the work decided upon.

How We Can Succeed

The Organization can only succeed when every Branch, Chapter, Division and Unit rally to the support of the Parent Body; and this everyone should see is done. Members of the Organization should see that their Division remits to Headquarters the annual Assessment Tax. This tax has been collected in some instances and has not been forwarded which tends to hinder the work of the Headquarters and encourages the individual to retain that which was not intended for him, but for the Organization. Secretaries of Divisions are asked to see that such amounts are forwarded immediately.

The Great Drive

Let us also rally to the great drive for our six hundred million dollar fund. If we can put this fund over in two years what a wonderful success we would have accomplished. This can be done if every Negro man, woman and child do the duty devolving upon them. Let us do it; let us rally together in my earnest wish.

With very best wishes, I have the honor to be,

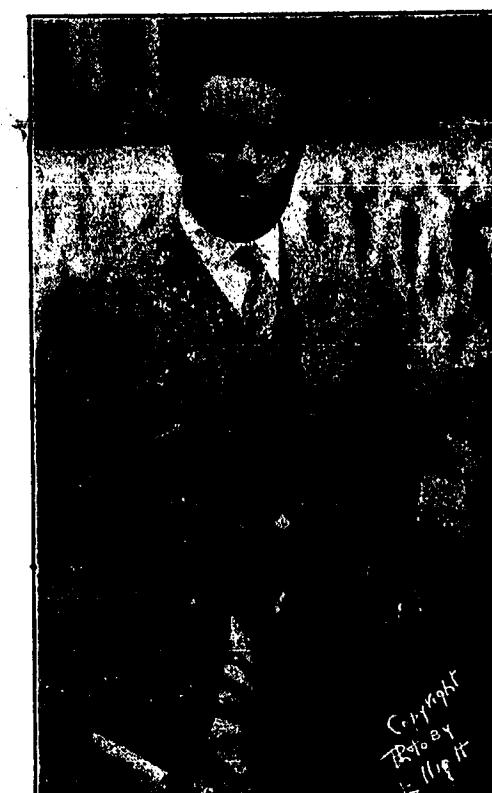

Your obedient servant,

MARCUS GARVEY,
President-General.

VOL. XXVII. NEW YORK, MAY 31, 1930 No. 18

LOYALTY AND COOPERATION

THE STRENGTH of a piece of rope is simply the sum total of the individual strength of each fiber that goes to make that rope. And many of the fibers is treacherous the strength of that rope is immediately menaced. In the interest of the total strength that treacherous fiber must be replaced.

Similarly a great world-wide organization like the Universal Negro Improvement Association depends for its strength on the loyalty and cooperation not only of its officers, divisions, chapters and Garvey Clubs but on the loyalty and co-operation of each member of the entire organization. And that loyalty and co-operation can best be displayed by following and supporting only accredited leaders.

All officers of the Universal Negro Improvement Association should bear in mind that they have a great and sacred trust entrusted to their authority. Any disloyalty or lack of co-operation on their part endangers not only the strength and well-being of the most potent organization of the non-white peoples of the world but also the Pan-Asian movement. Although its name is Pan-Asiatic it is all inclusive, and Africa has a definite niche in that organization.

We want every member of our race to be ever on the alert and willing to co-operate with all those brave people who are now successfully fighting the white man's yoke so that the liberation of our own Africa may come soon. Let us remember that every blow dealt our oppressors weakens them and heartens us!

A LEAGUE OF NON-WHITE NATIONS

OUR CONSTANT correspondent and worthy friend, Mr. Arthur S. Gray, has recently broached in the columns of the Negro World the fascinating proposition of closer relationship between all the non-white peoples of the world as a weapon for self-protection. Indeed, the proposition is worthy of consideration of every wide-wake Negro.

Mr. Gray's arguments are irrefutable. The so-called nordic races have carried on propaganda in and out of season among the Negroes, among the Chinese and Japanese, among the Indians, among the Persians and Arabs, and sown the seeds of discord. They have distorted every body's history and polluted everybody's intelligence for a long time without anybody calling them "Half."

But the times are changing, and very fast. The white man's fortress of artificial superiority and his veil of arrogance are being stormed and shattered and revealed as a sham from so many directions and for so many times that the time is really opportune for a closer solidarity of the non-white peoples of the world to establish self-protection. We have to work for such a union not only for the sake of self-protection but of self-realization also.

Any approach among the non-white peoples of the world can help but be an international organization. As Mr. Gray foresees, China, Japan, India, the Philippines, the East Indies, Afghanistan, Persia, Arabia, Turkey, Egypt, Abyssinia, and even Africa will be included in such a union which shall represent more than three-quarters of the human race and their true and vital interests. It is a crying necessity of the times, and we must take the leadership if need be for initiating such a movement.

However, it is gratifying to know that such a movement is not only afoot in Asia but has taken a definite shape with headquarters in Japan as the Pan-Asian movement. Although its name is Pan-Asiatic it is all inclusive, and Africa has a definite niche in that organization.

We want every member of our race to be ever on the alert and willing to co-operate with all those brave people who are now successfully fighting the white man's yoke so that the liberation of our own Africa may come soon. Let us remember that every blow dealt our oppressors weakens them and heartens us!

Editorial Opinions of the Negro Press

THE SHERMAN, TEXAS TRAGEDY
A Negro who would probably have been executed by due process of law for an alleged attack on a white woman has been roared, dynamited, beaten, and dragged through the streets of Sherman, Texas, by a mob composed of persons of lighter skin who fancy themselves to be more intelligent and more decent than the race with whom the victim of his hate was born.

What has been gained? Who has been hurt? The members of the mob have not gained. Their debauch is over, and in its place inevitably must come the self-reproach and the self-disgust that follow success.

Garvey County has not gained. Its pride is gone.

The members of the mob have not gained. Their debauch is over, and in its place inevitably must come the self-reproach and the self-disgust that follow success.

Kiddie Corner

By MERRIZA De MEINA

History Repeats Self

The Negro race can truthfully boast of a history second to none. Our forefathers were the founders of art, science and literature. Naturally these were robbed from us; but with all that no serious minded student of history can deny the fact that the history of ancient Africa is the greatest of all histories.

He can boast of being the first to have used geometry, the science of building. Astronomy was also first used by the African people. The largest building in the world today was constructed by the early African architect, about five thousand years ago. Indeed, our early ancestors portray vividly their cunning of fingers and genius of mind.

Aside from having been first to use all these various masterpieces, we can also boast of a host of celebrities that have come on down along the line. First, we have the Queen of Sheba, who was of pure Ethiopian stock. Not only that, but it is also accepted that of all the world's royal queens, her name leads the rest. We have also that great advocate of human rights—Toussaint L'Ouverture—that general who defeated the great Napoleon Bonaparte of France and his 36,000 soldiers. Then we have Phillips Wheatley, in whom the Negro race feels honored, the premier Negro poet in America.

If there be any exception, there are but few characters in American history which are more singular than that of Sojourner Truth. She was known as one of the best orators of her day. Her name was associated with such names as Abraham Lincoln, General U. S. Grant, William Garrison, Wendell Phillips, Harriet Beecher Stowe, Frederick Douglass and many others whose names are written indelibly on the pages of American history.

Have we not a history to be proud of? Our history can never be erased by time and space.

Advance

Forward March! Be apt and spry!
Hold your head, and courage high.
Keep your spirit lofty, prime.
Steady tramping up the line!

Be undaunted as you go!
Have no fear of earthly foe!
If the cause be just and right,
You shall win though fierce the fight!

Onward now, heed the command!

Fearlessly, all rights demand!

Surely you will win the day

If your heart is in the fray.

Journey on, refuse defeat!

All advancing, no retreat!

You shall win if you contend

Grimly onward to the end.

To-Day

Today is here, it is my best.

I only have today.

To live, to learn, to work, and rest;

To be cheerful and be gay.

Today the sun shines, all is bright;

Blessings are not so few;

Why should I wait until tonight

To lend a hand or two?

The azure heavens high above

Speak loudly: "I love you."

Today alone I have to love,

To be faithful and true.

Today have I to choose my way,

Today alone;

For none knows all that today

Will bring until it's gone.

Well, kiddies, I must be signing off, and turn the "mike" over to the announcer. Don't forget to pick me up next week over station UNIA, owned and operated by The Negro World broadcasting system. So long!

Labor Organizers to Fight Lynching

At the meeting of the National Executive Committee of the International Labor Defense, it was pointed out that the number of lynchings of Negro workers is increasing and the duty of fighting against it is of paramount importance. According to the plan adopted, the leaflets will be distributed to a large extent at factory and mill gates throughout the industrial sections of the North and South.

All district organizers of the I. L. D., according to the decision of the meeting are being instructed to follow up the distribution of leaflets by the calling of united front conferences at which delegates from trade unions, Negro organizations, workers clubs and fraternal organizations will prepare plans for an intensified fight against lynching, also a militant fight against it by Negro and white workers.

British Bow First to Arabs. Then to Jews

JERUSALEM, May 19.—The High Commissioner's office has announced that, effective May 15, all immigration into Palestine is suspended pending the report of Sir John Simpson, British official on immigration and land settlement problems in the country sent out from London.

The Jewish Telegraphic Agency reports that protest movements against the government order have arisen among the Jews in Tel Aviv, Haifa, Jerusalem and the Emek Valley. The General Federation of Jewish Labor is organizing meetings at other places.

The Jewish Telegraphic Agency also learned that the American State Department had instructed the Consul here to report fully on the suspension as well as on the activities of Sir John Simpson.

A request for an immediate extraordinary world Zionist Congress was telegraphed today to Dr. Chaim Weizmann, president of the organization, by the world executive of the Mizrachi Orthodox Zionists.

London, May 21.—Dr. Drummond Shiels, Under Secretary of the Colonial Office, this afternoon told the House of Commons that there has been no general stoppage or prohibition of immigration into Palestine.

Dr. Shiels explained that, owing to a misunderstanding, the High Commissioner early in May had approved an immigration schedule of 3,300 persons for the half year ending September 30, which included 950 whose admission had been sanctioned in advance.

The government here, however, he said, had taken the view that because of criticisms in the recent Palestine report and the sending of a special mission to Palestine relating to land and immigration, it was desirable, pending the mission's report, to restrict further arrivals.

"It has accordingly been decided," Dr. Shiels said, "to confine the issue of certificates for the present to 950 persons I have mentioned. No certificates have been cancelled nor has a final decision been reached as to a schedule covering the whole period to September 30."

Report on Negotiations

CAIRO, May 20.—In the densely packed Chamber of Deputies, where the greatest excitement prevailed, Premier Nahas Pasha made a short statement today on the recent treaty negotiations in London, prior to a more elaborate declaration impending after publication of the British White Paper.

Nahas Pasha paid a warm tribute to British hospitality and courtesy. "Unfortunately," he said, "the Egyptian delegates could not accept the British viewpoint without harming vital Egyptian interests, which they safeguarded by refusal of the British offer."

The Premier said the rupture occurred in an atmosphere of friendship, induced by the conviction that the near future would see a solution of outstanding major points of difference.

"The will to reach a mutually acceptable agreement was fortified by the suspension of negotiations," said Nahas Pasha. "The London visit engendered new bonds of friendship between the two governments and peoples. Time will find a solution of all the questions."

This last statement was taken here by the opposition to mean that the government's only definite policy is to remain in office. Nahas Pasha asserted that conclusion of a treaty would be possible soon, even intimating it might be in July, thus raising the possibility of negotiations with the British residency here.

Oldest Person in the South Is a Race Woman, 120 Years Old; Another Is 112

Lafayette, La., May 12.—This city steps forward with the claim to being the home of the oldest Negro person in Louisiana, and probably in the South.

The aged woman is Corrine Arceaux Peter, who appears in the local census enumeration as being aged 120 years. She is not sure, however, but what she may be a few years older. Records trend to bear out her statement that she is at least 120. She resides with a son who is 69.

The woman who has exceeded the century mark is not exactly certain whether she was born at Ponte Des

White Workers Threaten to Mob Filipino Labor

White Ranchers Warned Not to Employ Malays on Farms

TACOMA, Wash., May 15.—Hostilities that broke out recently in the White River Valley near Kent between Americans and Filipinos and spread to Vashon Island cast an ominous shadow on the Puget Sound Valley farmers who employ the islanders.

Following the dynamiting of two houses, the stabbing of a white man, and injury to two Filipinos on Vashon Island, warrants were obtained in Seattle today for the arrest of five white men and two Filipinos. The situation on the island is reported tense but quiet.

Both Charles W. Orton, Pierce county port commissioner, and his brother, Ed Orton, who operates ranches near Sumner in the Puget Sound Valley, have received letters promising summary action unless the twenty-six Filipinos they employ are discharged, they reported to Sheriff Desmond here. The letters were decorated with skulls and crossbones. Other ranchers are fearing trouble and have appealed to county officers for protection.

200 Filipinos Driven From Homes

SEATTLE, Wash.—Four Filipinos were reported to have been abducted and dozens of others were driven from their camps in Kent, twenty miles south of here last week, when forty whites had been employed. State and county officers hastened from the Seattle district in which about 200 Filipinos were said to have been imported recently to replace white farm labor. The Filipinos were paid 25 cents an hour for their work, while the white laborers had been given 50 cents an hour.

State police and deputies are patrolling the highways to prevent a recurrence of the demonstrations against the Filipinos. Sheriff Bannick said the Filipinos must be and would be protected. Capt. McGill said many of the workers were kidnapped in their night clothing and carried for several miles in automobiles with a warning to stay away from the ranches.

Mr. Knox found his gun slipping away from him, he began to beseech Miss Parker to come to help. The "Movie Heroine" made a move to help her "Hero," but one gesture from Mr. Strong settled her and she had no courage.

Knox Arrested for Gun Without License

In the meanwhile a friend of Mr. Strong called the police. When the officers came in and took away the gun from Mr. Knox he tried to put over the blame on Mr. Strong. After being grilled he admitted that the gun was his, and that he had no license to carry it.

In the police station Mr. Strong made a formal complaint against Mr. Knox and Miss Parker. The police let Miss Parker go chivalrously.

Mr. Knox was bragging about his "doings and travellings all over the world." Finally the police invited Mr. Knox by saying, "Would you have any objection to stay with us overnight?"

Knox Fingerprinted

Mr. Knox was closely questioned.

The police were surprised to learn

that he was educated and still ignorant of the law against gun-toting.

He was fingerprinted and taken into custody.

\$1,500 Bail

On Sunday, May 25, Mr. Knox

was brought before the Fifth District Magistrate Court. When the judge saw the gun of Mr. Knox he held him on \$1,000 bail on the charge of carrying the gun without a license and \$500 on the charge of assault.

Mr. Knox is now out on bail. The case will be called on Wednesday, May 28, in the same court.

May Festival

Speaking at the regular chapel service Sunday morning, May 18, in Andrew Rankin Chapel, Dean Thursd W. Amos of the University of Pittsburgh, opened the annual May festival given by the women students of Howard University. The festival was held on the university campus and lasted until Friday.

Alabama Teachers College

Montgomery, Ala., May 17.—The Alabama State Teachers College has scheduled Dr. R. T. Pollard of Selma University, Attorney Mortimer M. Harris, 10, of Washington, D. C., and President J. R. E. Lee of the Florida A. & M. College as the three feature speakers for the formal spring quarter commencement, June 1-4, according to the announcement made today by President H. Councill Trenholm.

London Hears Labor Will Seek Truce With Gandhi

LONDON, May 21.—(A. P.)—Reports of British negotiations with Mahatma Gandhi for settlement of troubles in India due to salt raiding today, persisted in London.

Although lacking official stamp, the reports said the Government was very anxious for such a move. It was said that satisfactory development would lead to persuasion of the Mahatma to come to London for the October round table conference.

The Daily Mail's Bombay correspondent yesterday cabled the suggestion that the British Government actually had opened unofficial negotiations with Gandhi, basing his report upon "the activities of an English Labor newspaper's correspondent now in Bombay," who, according to the Daily Mail's representative, saw the Mahatma last week and laid several proposals before him which Gandhi, it was said, asked for time to consider.

passenger, during which he expressed his opinions of Negroes. His companion listened much amused and permitted him to carry her bags from the train after leaving the train in New York, where she was met by her father who was a Negro.

HARMON AWARDS TO ENCOURAGE FARMING

Exceptional developments in farming and rural life are to be given recognition during 1930 through the William E. Harmon Awards for Distinguished Achievements Among Negroes. These awards, which are now in their fifth year, are granted by the Harmon Foundation and administered through the Commission on Race Relations of the Federal Council of Churches.

As in previous years, the series covers the accomplishments of colored people in art, literature, education, religious service, music, business, science and race relations, and this new field offers opportunity for recognition in another line of endeavor in which the Negro is generally represented. Its scope includes work in farm ownership, productivity, improvement of home life as well as in advancement of agricultural science and methods, and leadership in the cultivation and enrichment of rural life.

There has been a change in the number and amount of awards for 1930. There is to be a gold medal, accompanied by five hundred dollars in each of the eight fields, instead of the previous program consisting of a gold medal and four hundred dollars and a bronze medal and one hundred dollars in each field. Since the biennial award of one thousand dollars in race relations was given in 1929, it is not included in the present year's schedule.

What do you mean by seating my seat beside a nigger?" demanded the steward.

The porter, who had purposely seated the seat, protested his innocence, but the passenger who was his seat mate, took offense at the remark that the porter used, and the steward was called to deliver the man from a severe thrashing.

The white traveler picked a conversation with an attractive young woman

E. B. Knox Arrested In New York City

(Continued from Page One)

at Mr. Strong. He immediately threatened him with: "What the hell are you doing here? I'll knock the brains out of you! Get out!"

Dramatic Duel

Thereupon Mr. Strong, who is what his name suggests, accepted the challenge quietly, and dramatic duel followed. Upsetting furniture and the bundles of records Mr. Knox had made ready to steal away with the pair fought for nearly half an hour. Mr. Knox, who had a gun with him drew it, to "blow" Mr. Strong. The latter kept Knox's gun away from him and even managed to grip it.

Miss Parker "
