Negroes Must Stop Fighting, Obstructing Each Other

De Priest Re-elected; Harlem Elects Two Judges, One to State Assembly; Other States Do Well

Illinois Also Has 5 Assemblymen; Judge George Defeated in Re-election

TWO STATE SENATORS

Justice of Peace in Missouri; Negro Vote Split in Many States

CHICAGO, Ill. Congressman De Priest successfully withstood the tide of Democratic votes in Cook County, Illinois, and was re-elected to Congress.

Judge George Defeated
Judge Albert B. George was defeated in his race to be re-elected one of the twelve municipal judges of the city.

State Senator Adelbert H. Roberts was re-elected and all the colored representatives in the Illinois state legislature won. They are George W. Blackwell, Harris B. Gaines, William E. King, Charles J. Jenkins and William Warfield. Langston was defeated for county commissioner.

The colored districts ignored the dodgers prepared by Mayor Thompson and went for Mrs. McCormick, who was snored under by J. Hamilton Lewis.

Harlem Results
Harlem marched to the polls here Tuesday in the state election and elected two colored Democrats, James S. Watson and Charles E. Toney to the municipal court bench.

Watson and Toney defeated two colored Republicans, Francis E. Rivers and John Clifford Hawkins. The unofficial figures were Watson, 14,660; Rivers, 11,800; Hawkins, 11,800.

Colds Beat All Illness in Cost

Toll Not Only of Day's Work, but Time, Money, and Future Health

The tremendous economic loss caused by colds was stressed by Commissioner Shirley W. Wynne in his weekly talk over W.E.A.F. "Colds take more dollars and cents out of the worker's pocket in one year than any other sickness," he said. "They are also responsible for a greater loss of time from school and work than any other single cause. I consider the common cold one of the most formidable enemies of the public health, with which the Health Department has to deal."

"Unfortunately, a cold does not stop at stealing one day's work. It often takes a far larger toll of time, money, future health and usefulness. A common cold, neglected, can prepare the way for other and more serious diseases such as pneumonia, bronchitis, heart disease, and tuberculosis. In many cases, the person who has managed to overcome tuberculosis and is leading a healthy life can be so weakened by a cold that his old disease becomes active again. "It is, in fact, these sequelae of colds that cause death. Our vital statistics give no hint of the prevalence and importance of the cold, because there is no actual mortality as the result of colds. But, could the sum total of suffering, inconvenience, the sequelae, the economic loss resulting from common colds be placed before you, you would be appalled at the dreadful reckoning."

Few Exempt from Colds
Commissioner Wynne laid great emphasis on the fact that few people are immune to colds. "It is the commonest and most widespread of the communicable diseases," he said. (Continued on Page Eight)

Haiti House Elects Anti-Occupationist

PORT-AU-PRINCE, Haiti, Nov. 11.—Jolibois Filis, avowed anti-occupationist, has been elected President of the Haitian House of Deputies. His election was on the first ballot.

The Haitian Senate has not yet been organized, but met today for settlement of one remaining contested seat. It is likely that a Haitian President will be selected before the next weekend.

Joseph Jolibois Filis is the man re-elected to Haitian Parliament on a Labor ticket. He is president of the National Confederation of Workers and Peasants of Haiti.

Once Boasted Great Wealth and Power; Now Cries for Help

A RACKET OF HATE

Excesses Demoralized the Order, Caused Downfall—Still Strong in Pa.

The gradual decline in power and membership in the Ku Klux Klan is discussed in a report of the order recently made public here. What was considered once as being the world's most highly organized "racket," both politically and financially, is now looked upon as merely a crumbling shell, hastily approaching oblivion. Nevertheless, it is making a last desperate stand to control the ballot box and exact a tribute for political power.

A history of the most infamous organization shows that beginning with its incorporation in 1920, with Atlanta as headquarters, it grew by untold leaps and bounds, reaching the pinnacle of its political and financial power in 1925. According to the records, the membership in 1924 was 8,901,871—comprising chapters in every state in the country and the District of Columbia.

Fabulous Wealth Disappears
Certain members of the old organization seek from time to time to obtain an accounting of its funds. It is a mystery to them what was done with the once fabulous wealth that has been amassed. Thousands of them have never been able to learn from Imperial Wizard Hiram W. Evans. (Continued on Page Eight)

Haiti Hates Russell, Praised by Hoover

President Accepts Resignation of former U. S. Dictator; Replaces Him by a Civilian

MUNRO NEW APPOINTEE

WASHINGTON, D. C.—President Hoover last Wednesday accepted the resignation of Brig. Gen. John H. Russell as American high commissioner to Haiti.

In letters given out at the State Department his services in Haiti were praised by President Hoover and Secretary of State Henry L. Stimson. Munro to Sall
Gen. Russell will be replaced by a civilian minister, Dana G. Munro, chief of the division of Latin-American affairs in the State Department. Dr. Munro is sailing for his new post on November 11. Gen. Russell will return to duty with the United States Marine Corps. He has been the American high commissioner at Port-au-Prince since 1922. His resignation is effective November 12.

Forbes Commission
The replacement of Gen. Russell, who has been described as "the military ruler of Haiti," by a civilian as the United States minister is in accordance with the recommendations of the Forbes commission which however recommended that this not be done until "the inauguration of a permanent president" of Haiti. A national assembly has been elected but no Haitian president has yet been named.

Gen. Russell was sent to Haiti in 1922 with the title of "high commissioner and envoy extraordinary and plenipotentiary of the United States to the Republic of Haiti." Opponents of the American occupation charged (Continued on Page Eight)

We Must Not Stay Forever Children Of Discord, Disunity, Distrust; Let's Forget Ways of Weakness

We See Victory Before Us—Victory Through U. N. I. A.—Rally to the Cause—Let Us Close Ranks—Let Us Stand Together as One

Have We Not Learned the Lesson That Bickerings Lead Us to Self-Destruction?—All Internal Quarrels Should Cease—Let's Prepare Earnestly to Make Vision of Africa Redeemed a Reality

(Special to The Negro World by Hon. Marcus Garvey)

FELLOWMEN OF THE NEGRO RACE, Greeting:

Once more we have to appeal to you universally, to now buckle on your armour of racial pride and co-operation to go forward in confronting the oppositions and obstacles that stand like a mighty mountain in our way.

Grand Hope

Unfortunately, the report comes from all over the world that we are still the children of discord, of disunity, and of distrust even though we have earnestly besought you to forget the ways of evil so that you may become the proud possessors of that grand hope to which all self respecting people should look.

On To Victory
Characteristically, we have developed a disposition to fight, agitate and obstruct each other, but have we not learnt the lesson well that this does not pay? Surely we are not going to continue on the road to destruction? Because, if we change not our course, sad and unhappy shall be the end. We have hopes—grand hopes—hopes of prosperity; hopes of success that shall give us new courage to live. That is why the Universal Negro Improvement Association now makes the appeal to every son and daughter of scattered Africa. We must unite, we must co-operate, we must as one mighty army march on to the given goal, and so the scene is being set and we confidently feel that we, the actors in this mighty play of united good-will, shall lead on to victory.

We see victory before us, a victory through the Universal Negro Improvement Association. Let every unit therefore, of the Race, make up a part of the mighty throng. We want men; we want women and children of the Race everywhere to rally to the colors of the Red, Black and the Green.

A Grand Day

We are looking forward to a grand and glorious day that is to come; we shall co-operate, we shall work for it. At the present time we are universally re-adjusting ourselves for the great Convention of August, 1931, but before this day we must with our financial and moral support so encourage the Universal Negro Improvement Association as to make those of us who lead feel that everyone is in earnest and we are no longer the victims of this Organization, but that we have caught the vision—the true vision of Africa redeemed, those at home and those abroad.

To Win Successfully

We are making a stirring appeal to those within the Universal Negro Improvement Association who have been bickering with and fighting against each other. Let us close ranks; let us stand together as a universal throng because it is only by this method that we can win successfully.

The Great Drive

Those who have not yet pledged to the Six Hundred Million Dollar Fund, that is being raised to capitalize our great work, are asked to send in their names and addresses and the amount that they will pledge so that our registry can contain each and every loyal son and daughter who will do his and her part. The names of each and every member of the Race who desire to pledge towards this Fund should be sent to the Secretary General, Universal Negro Improvement Association, "Edelweiss Park," 67 Slippe Road, Cross Roads P. O., St. Andrew, Jamaica, B.W.I. Let everybody who has not contributed do so now and those who have pledged, are respectfully asked to send in and pay something on their pledges, for the time is coming for us to start our particular activities. With very best wishes for your success, I have the honor to be, Your obedient servant, MARCUS GARVEY, President-General Universal Negro Improvement Association.

U. S. Moves to Relinquish Treaty Rights in China

WASHINGTON, Nov. 13.—Submission by the American Government of proposals to the Chinese Government for the gradual relinquishment of American extraterritorial rights in China was announced today by Secretary Stimson.

The proposals are in line with the State Department's policy enunciated last year that the United States was prepared to negotiate on a method for relinquishment of the treaty rights. At that time, the United States said relinquishment would apply to designated territorial areas in China or to particular kinds of jurisdiction, such as civil or criminal rights held under the treaty. Under these rights, Americans are not subject to Chinese courts.

The condition attached by the United States to its policy was that it must proceed along with the enactment and effective enforcement of laws by China "based on modern concepts of jurisprudence."

The proposals were communicated to Minister Wu of China here and Foreign Minister C. T. Wang at Nanking.

every loyal son and daughter who will do his and her part. The names of each and every member of the Race who desire to pledge towards this Fund should be sent to the Secretary General, Universal Negro Improvement Association, "Edelweiss Park," 67 Slippe Road, Cross Roads P. O., St. Andrew, Jamaica, B.W.I. Let everybody who has not contributed do so now and those who have pledged, are respectfully asked to send in and pay something on their pledges, for the time is coming for us to start our particular activities. With very best wishes for your success, I have the honor to be, Your obedient servant, MARCUS GARVEY, President-General Universal Negro Improvement Association.

Universal Negro Improvement Association, and Garvey Clubs to hasten to send in their report, and to see that each member pay in his or her Assessment Tax which has been overdue. This Tax must be forwarded by the Divisional Officer in his report to Headquarters. Anyone who wishes the Parent Body well, will not withhold its report and Assessment Tax. All members should see that this is done. M. G.

Achievement Week

Celebrations To Be Held Throughout Country—Gigantic Program Arranged

BALTIMORE.—National Negro Achievement week as sponsored by the Omega Psi Phi Fraternity, will begin next Sunday and during the entire week, over the country, celebrations will be held. Gigantic programs have been arranged for by the eighty-four chapters, comprising this Greek letter order with a view to not only helping other groups understand the good the Negro has been in the building of our great country, but to inform the youth of our own race as to the accomplishments of their sires. Several radio programs have been arranged for and Denver, New York, Baltimore, Atlanta, Chicago, and one or two other places will vie as to the best programs to be staged from Negro composers and writers.

BUY - BUY - BUY

Buy Yearly Subscription to the Negro World Now and Save Money

The most intelligent way of buying is to buy subscription to the most interesting and instructive paper published among the Race—The Negro World. See Page Two for Special Subscription Offer.

Stop Building Churches, Says Mr. Greene; Divert Money to Solid, Productive Enterprises

Trial Marriage Idea Old Stuff in Desert

RABAT, Morocco—Trial marriage, offered as a modern idea a few years ago, is standard practice in many desert tribes.

It is dying out under the French plan of civilization here, or at least the authorities think it is.

Recently, however, a pair which hadn't heard of modern law contracted to live together for a year and a half. Each retained the right to leave at will, carrying off whatever goods were contributed to the household.

Negroes Suffer Most in Crisis Because They Are Mere Consumers

RACE WEAKNESS HIT

Day of "Nigger Jobs" Is Gone; Must Develop Labor Consciousness

LYNCHBURG, Va.—Lorenzo I. Greene, research investigator of the Association for the Study of Negro Life and History, spoke to an audience Tuesday night, at the Court St. Baptist Church, Mr. Greene delivered a timely address on unemployment among Negroes, its cause and its remedies. He portrayed the displacement of race workers on the farms of the south, in hotels, homes and in other fields of employment, such as street cleaning, railroad labor, garbage collecting, and in mechanical work.

Mr. Greene then astounded his listeners by asserting that the Negroes' own unreliability, lack of punctuality, want of training, and their general failure to take care of their jobs have all collaborated to drive him out of his customary employment. The Negro, continued Mr. Greene, must develop a new labor consciousness, in light of this displacement. The day of "nigger" jobs, exclusively set apart for race workers, is gone, never to return. Negroes must become producers instead of consumers, he added, in order to create jobs for their own group, for in times of economic stress such as now faces the nation, they can hardly expect white employers, no matter how kindly disposed, to employ them.

Dr. Haynes Back From So. Africa

Whites and Natives Eager to Know Race's Progress in U. S.

A 10,000 MILE TRIP

"Character, Power of Natives Wonderful"; Western Negro Should Lead

Dr. George E. Haynes, secretary, Commission on Race Relations, returned on the Steamship Olympia, from a survey tour of South and Central Africa, including the Union of South Africa, Southern and Northern Rhodesia, Congo Belge and Portuguese Angola. He made a special study of the Young Men's Christian Association work which has been done during the past ten years by Max Yergan among the native students of the Bantu people of South Africa. He traveled about 10,000 miles, much of it by automobile, in the remotest parts of South Africa, Congo Belge, and Angola. He visited and studied the work of a number of missions of the American Missionary Societies, giving special attention to the question of Negro missionaries and the possibility of their work in Central Africa.

Commenting on the problem of relations between white and Negro peoples in that part of the world, Dr. Haynes said: "There are many phases of the race problem in South and Central Africa such as we know in America, and there are a number of things in the conditions there which are different from ours here. For example, there are many languages which make it difficult to different groups to communicate with each other in the effort to work out their problems. White and black are widely separated." (Continued on Page Eight)

Race Attorney Sits On Bench at Tulsa

Acts as Special Master in Chancery in Suit Involving Church Members

FIRST SO HONORED

TULSA, Okla. Ren C. Franklin, colored attorney, has had a unique honor bestowed on him this week in sitting on the bench in district court here as special master in chancery in a suit involving members of a colored church.

Franklin was named to be the case by Judge Saul Yergan, an agreement of all parties involved. He is the first race man in Oklahoma ever to sit on a district court bench.

He is one of the best known racial attorneys in the city, and frequently appears in the various courts.

After hearing evidence in the case for two days, he took the matter under advisement, to rule at a later date. The case was that of a number of former members of the Church of God in Christ, who sought court relief to force Rev. William Strossman, pastor of the church, to admit them to membership, after he had allegedly ousted some 65 of them.

The court action was brought by Frank Fugett and H. G. Brown. They formerly held positions as trustees, but claimed they were ex-communicated when they protested to the pastor regarding his handling of the church's finances.

He had been pictured as a "czar," a "dictator in church affairs" who compares to Mussolini himself, and charged with literally running the church to suit himself.

The specific charge brought in the present case is that he has sought to purchase a new site for a church despite the fact that the present one (Continued on Page Eight)

South's Women Hit Lynching

All Good Citizens Called to Help Eradicate Mob Violence

ATLANTA, Ga. Twenty-one women, prominent in the religious, educational and social life of the South, met in Atlanta Saturday, broadcast to the world a repudiation of lynching as "a defense of womanhood," and called upon America to make an end of this crime "which discredits our civilization and our religion around the globe." Eight southern states were represented in the meeting.

"We are convinced that lynching is not a defense of womanhood or of anything else," said the women in their statement, "but rather a menace to private and public safety and a deadly blow at our most sacred institutions." Lynching, according to the group, is not alone the crime of ignorant and irresponsible mobs, but every citizen who condones it, even by his silence, must accept a share of its guilt.

Anti-Mob Crusade Planned

The meeting, called by the Commission on Interracial Cooperation, spent the day planning a sustained southern crusade, through all available agencies, against mob violence. Efforts will be made to enlist the organized bodies of women, religious and civic, and a special appeal will be made to the governors of the various states, in the belief that their influence may be made an effective factor in the prevention of lynching, as has been demonstrated in Alabama, North Carolina and other states. Most of them officially connected with large and influential bodies of women, those present at the meeting were: Mrs. Una Roberts Lawrence, St. Louis, Mo.; Mrs. J. Morgan Stevens, (Continued on Page Eight)

Kiddie Corner

By BERNIZA DE MENA

PROPER MEDITATION

We are surrounded at times by occurrences which are so alarming that we are compelled to inquire whether such actions could be produced from well balanced minds, and if so, have they been made the subject of thorough and proper meditation. If we were to comment on the expression of those most affected by these occurrences, we should find that careful thought was not evidenced, and that this often results in loss and anguish to them. Despite the fact, however, these occurrences continue with marvelous frequency which is astounding to society and the public at large.

If we were in the habit of giving proper meditation to matters necessitating it, we would many times be in a position to rescue ourselves from the brink of the prejudice and be restored to tranquility and happiness, instead of forging headlong into the mire of everlasting shame and disgrace. There are some who advance the thought that we are not all of the same temperament and maintain that this is responsible for their failure to regain possession of themselves after being once tempted, but I think that an analysis of these cases will bring out the fact that the circumstances were never committed to any meditation at all.

The advice therefore is, that in all of our doings, we give each move its proper meditation, even for a second time, making sure in every case that we will be rewarded for the step that we make, and at the same time realizing that any inferior or improper attention or action might mean our downfall and the deprivation of our

digity, happiness and sometimes HAPPINESS.

A TRIBUTE TO ABYSSINIA

By Victor G. Cohen
Abyssinia, thou standest like a long sentinel
On the Equatorial edge of thy Motherland—Africa.

But though thou standest alone, your effulgent
Light permeates the darkest recesses of her soul.
Like a lone star among the constellations of the heavens,
Whose light surpasses in brilliance the lights of its sister orbs.

So shined thou among the various dependencies of our Motherland, Abyssinia, to us thou art the vanguard of life,
Liberty and freedom. To us thou art regarded
As a permanent nucleus of a free and redeemed Africa.

Whose light will eventually permeate this cold,
Material world, and teach all men the true meaning
Of the Fatherland of God and the Brotherhood of man.

And now, dear radio audience, Station UNIA is about to sign off. For the past half hour you have been listening to a program of Food for Thought which was presented to you through the courtesy of the Negro World Broadcasting System. This program was broadcast from the roof of the Hotel Garvey over Station UNIA, owned and operated by the Negro World Broadcasting System. So long everybody! This is De Mena announcing!

Dr. Haynes Back From Africa Well Impressed

(Continued from Page One)
ly separated, and many questions of friction and prejudice as well as those of cooperation and goodwill are pressing.

"One of the striking things in the people like to hear about Negroes and their progress in America, and what we are doing to work out our relations. Our examples both good and bad are known and considered out there. Two very deep impressions were borne in upon me: First, that America has a very great responsibility to set examples. Africans know about our lynchings and we must stop these outrages by all means. They know also about our interracial committees and efforts for interracial cooperation. In South Africa there are nearly a score of interracial committees and efforts for interracial cooperation. In South Africa there are nearly a score of interracial communities working in some of the towns and cities.

"My second impression is the wonderful character and power of the native people. I touched several places from which it is very probable that natives were brought to America during the days of the slave-trade. Everywhere the natives welcomed information about their kinsmen in America, and over and over again urged me to tell their kinsmen in America we need help for all that is best in education and progress, that they can extend to us. The great responsibility and opportunity of Negroes in America to take the lead in race adjustment for darker peoples elsewhere is made very clear when one faces conditions in those lands."

De Priest Re-elected; Harlem Elects Judges

(Continued from Page One)
Toney, 14,225; Hawkins, 12,960; Rivers, 12,491.

ady, summing up the findings as follows: James E. Stephens, colored Democrat defeated Myles Paige, colored Republican, for assemblyman in the nineteenth district. David Paris, white Democrat, defeated Edmund O. Austin, colored Republican, by 800 votes for assemblyman in the twenty-first assembly district.

This is the first time in years that the Democrats have carried Harlem. They made an extensive campaign, laying emphasis on the fact that the Democratic party made no difference as to color and had employed many more Negroes throughout the city than had the Republicans. The Democrats claimed a payroll to Negroes from all sources of more than three million dollars annually.

DR. W. M. BLOUNT
TOPEKA, Kansas—Dr. Blount was re-elected to the Kansas state legislature being the only Republican representative in his county to win out.

ASSEMBLYMAN IN PENN.
PHILADELPHIA, Pa.—Walter E. Tucker of Pittsburgh was elected to the state legislature of Pennsylvania from the first district. His election marks the first time a Negro has been elected to the legislature from the western territory of the state.

MICHIGAN STATE SENATOR
DETROIT, Mich.—Charles A. Roxborough of Detroit was elected to the state senate of Michigan from the third senatorial district.

Terry B. Jackson of Cleveland was elected to the state legislature of Ohio. Another Ohio Republican, William B. Bush of Cincinnati, was defeated for the legislature.

Incomplete election returns from Kansas, Nebraska, California and Iowa make standings of other Negro candidates uncertain.

TWO IN MISSOURI HOUSE
ST. LOUIS, Mo.—Five Negroes were elected to office in St. Louis during the election last Tuesday.

Frank W. Clegg, local attorney, was a member of the Fifty-sixth Missouri General Assembly which will convene about January 1, 1931. Mr. Clegg will be the only Negro member of that body. In the Fifty-fifth session, Messrs. Moore and Allen of St. Louis did not seek re-election; and Attorney L. A. Knox, Kansas City, was defeated in his effort for election.

Chas. H. Turpin, a former constable, won the office of Justice of the Peace of the Fourth district. He is expected to take the office on December 1. In the constabulary race, Langston Harrison and Wm. A. (Billy) Morant were winners in the Fourth district by large majorities. While in the Fifth district, Ira Dorsey, the present incumbent, won. All of the above were candidates on the Republican ticket.

Quite a number of Negroes of the city voted for Robert N. Owens for Justice of the Peace, a Negro candidate on the Democratic ticket. Owens polled more votes than any of his colleagues on the Democratic ticket for the same office.

Colds Are More Costly Than All Other Sickness

(Continued from Page One)
"Despite the great advance in medical knowledge, there has been no general agreement as to the nature of the infectious agent. A group of research workers at Johns Hopkins University have been engaged in a five-year study of this universal malady summing up the findings as follows:

1. The Common cold is infectious.
2. The agency of transmission is one of the group of filterable viruses so small that they cannot be seen by the most powerful microscope.
3. The infecting agent, the virus is present in the nose of every person suffering from the cold.
4. The common cold comes from contact with a person infected with this specific germ and not from chemical changes in the body.

Preventive Measures
"I firmly believe that an ounce of prevention is worth a pound of cure." The danger of the common cold is too lightly estimated by the public at large; hence the necessity for emphasizing preventive measures. And for that reason, I call your attention to ten brief rules:

1. Eat plenty of nourishing food, being sure to include milk and leafy vegetables in each day's diet.
2. Drink plenty of water. Bathe frequently.
3. Sleep full eight hours every night.
4. Breathe through the nose.
5. Make sure that home, work place, and school are well ventilated. An average indoor temperature of 68 degrees or 70 degrees has been found best. Make sure the air contains moisture.
6. Dress according to the weather and avoid chill.
7. Avoid using others' towels in homes where there are colds.
8. Keep away from persons who have colds.
9. Guard others against catching cold from you, if you have one.
10. If you contract a cold go to a doctor. Don't resort to nostrums."

Influential Southern Women Hit Lynching

(Continued from Page One)
and Miss M. M. Lackey, Jackson, Miss.; Mrs. Ernest Moore, Clarksville, Miss.; Mrs. W. C. Winsborough, Shreveport, La.; Mrs. J. H. McCoy, Athens, Ala.; Mrs. Maud Henderson, Birmingham, Ala.; Mrs. W. A. Newell, Greensboro, N. C.; Miss Gertrude Weil, Goldsboro, N. C.; Miss Louise Young, Nashville, Tenn.; Mrs. R. L. Harris and Mrs. G. V. Patterson, Knoxville, Tenn.; Mrs. Willie Snow Ethridge, Macon, Ga.; Mrs. W. Frank Smith, Mrs. W. T. Martin, and Miss Elizabeth Head, Atlanta, Ga.; Mrs. L. H. Jennings, Columbia, S. C.; Mrs. P. O. Arrowsmith, Kingstree, S. C.; Mrs. W. A. Turner, Newnan, Ga.; Miss Abigail Currie and Mrs. Jessie Daniel Ames, Decatur, Ga. Mrs. Ames, who is director of the woman's work department of the Interracial Commission, presided at the meeting. Following is the statement which was unanimously adopted and given to the public.

"Distressed by the recent upsurge of lynchings and noting that people still condone such crimes on the ground that they are necessary to the protection of womanhood, we, a group of white women representing eighteen southern states, desire publicly to repudiate and condemn such defense of lynching, and to put ourselves definitely on record as opposed to this crime in every form and under all circumstances.

"We are profoundly convinced that lynching is not a defense of womanhood or of anything else, but rather a menace to private and public safety, and a deadly blow at our most sacred institutions. Instead of deterring irresponsible and criminal classes from further crime, as it is argued, lynching tends inevitably to destroy all respect for law and order. It represents the complete breakdown of government and the triumph of anarchy. It brutalizes the community where it occurs, including the women and children who frequently witness its orgies, and particularly the youth who are usually conspicuous participants. In its indiscriminate haste for revenge, the mob sometimes takes the lives of innocent persons, and often inflicts death for minor offenses. It brings contempt upon America as the only country where such crimes occur, discredits our civilization, and discounts the Christian religion around the globe.

"We would call attention to the fact that lynching is not alone the crime of ignorant and irresponsible mobs, but that every citizen who condones it, even by his silence, must accept a share of its guilt.

"We, therefore, call upon our public officials to use every power at their disposal to protect from mob anarchy the laws they are sworn to defend; upon our religious leaders to cry aloud against this crime till it ceases to exist; upon parents and teachers to train up a generation incapable of such relapses into barbarism; upon all right-thinking men and women to do their utmost in every way for the complete eradication of this crime."

LUCK FOR YOU CRUCIFIX RING

First Race Man to Sit On Bench at Tulsa, Okla.

(Continued from Page One)
is paid for; and that he has made payments on the new property and since lost them.

An injunction is asked to prevent the purchase of the property and also the request is made to have the full membership, which now is divided, be recognized and select a new board of trustees.

The result may be the ultimate ousting of the pastor himself if Franklin sees fit to grant the petitioners' request. Strassman has been asked to resign, the court was told, but refused to do so.

Stop Building Churches And Become Progressives

(Continued from Page One)
posed to the race, to hire Negroes while white men and women are idle. And this is just what is happening—white hirers of labor are giving work to their own race first.

Mr. Greene suggested several remedies for unemployment among Negroes. First he urged a general back-to-the-farm movement on the part of those Negroes now crowding into cities, not to raise cotton, but to engage in truck farming, poultry, or cattle raising. This might be beneficial to Negroes both in cities of the North, as well as South. He also urged that Negroes patronize race business, and not spend their cash with the white storekeeper, then expect Negro merchants to "carry" them on the book until they again are able to patronize the white business man. Mr. Greene spoke approvingly of the boycotting of white business under certain conditions in order to force open new jobs for the race. He also advocated the restriction of foreign immigration until the present economic crisis shall have passed.

What surprised his audience, however, was the declaration by the speaker that the Negro must stop building so many churches and divert this money into productive channels by erecting factories and stores, thereby creating jobs for their own group. He also advocated the selling of many of the churches already in possession of the race, if anyone would buy them, thus releasing money for business purposes. He stated, moreover that the Negro was already overburdened and recommended that through consolidation of churches it would reduce carrying charges upon the race, a considerable amount of money might be released for productive race enterprise. This condition, added the speaker, was no true index of the Negro's religion, but actually constituted a financial millstone about the neck of the race, which was impeding the economic rise of the entire group for certain so-called leaders primarily interested in their own self-aggrandizement.

The business man that scatters thorns should not go barefooted.

Russell Retires Nov. 12; Hated by All Haitians

(Continued from Page One)
that the purpose of this title was to camouflage his military power and position.

Haitians claimed that during the administration of President Louis Borno the actual government of Haiti was in the hands of Gen. Russell, that Borno and the council of state appointed by him were subject to his will and acted in accordance with his directions, that the liberties of the people were restricted, the freedom of the press was abridged, the independence of the courts interfered with, the people denied a voice in levying taxes and expending them, the right of franchise denied, and the people of Haiti subjected to a foreign dictatorship which screened its power behind Haitian agencies which it set up and through which it operated.

Condemned by Forbes Report
The Forbes report is regarded as a rebuke to Gen. Russell and his military rule in Haiti, because it damned him with faint praise and recommended his retirement.

It pointed out how under Russell, Haitians were prevented from electing a national assembly; and how Americans were conducting themselves as if they intended to stay in Haiti forever instead of preparing to get out in 1936.

Officers Held Back
The commission pointed out how Haitians were not commissioned above the post of captain on the Haitian staff, and that Americans held 98 of the 136 officers' commissions. It recommended this to be changed and the Haitian Military School (West Point) closed by Russell should be opened.

Spend Haitian Money
The commission showed also that Russell and his co-administrators were now spending 60 per cent of the Haitian revenues and they should limit their intervention in Haitian affairs to activities provided by treaty only.

Jim Crow Americans
Nor did the commission neglect to say that Russell's regime was careful about sending Americans to Haiti who had color prejudice.
