## GARVEY RETURNS TO FIRING LINE

TO RESURRECT SPIRIT OF UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION WITH NEW IDEAS, WITH NEW VISIONS; TO RESCUE RACE FROM WILDERNESS

### Satisfied Opponents Have No Plans, No Courage to Help the Negroes of America Nor of the World

Kingston, Jamaica.

Fellowmen of the Negro Race, Greeting:

It is quite a while since I have sent you the characteristic message of foresight and leadership in the great cause Afric. This was due to the fact that for the last four years I have been studying seriously the reaction on our world economic and political situations.

#### National and International Leadership

Due to the attitude of certain other leaders toward me, in doing their worst to have me deported from the United States of America, I purposely refrained from projecting myself upon the world situation, and particularly the American situation, so as to give my detractors the opportunity to rise to the occasion of national and international leadership, which they made every effort to deprive me of.

My observations and conclusions are that they have hopelessly failed. We can find no competent leader anywhere, who is able to present a solution to the grave problems that confront us.

#### Wandering in Wilderness

Without any criticisms of Messrs. Dubois, Picken, Weldon Johnson, Chandler Owen and all the rest who signed the petition to have me deported from America, I find that they are no better at this moment than the leaderless people, because they have no program and they are wandering in the wilderness just like the multitude.

#### Destructive Elements Among Negroes

My writing at this time is not to develop any criticism against my enemies, nor even to censure them in their ignorance. What they have done in endeavoring to destroy me and the Black Star Line, that today would have been one of the great shipping institutions of the world and all the allied enterprises started that would have made it possible for the Negro to be economically free at this time, will pass by for what it is worth. I only draw this to the attention of the world of Negroes to show how maliciously wicked as a people we are to ourselves.

#### The Vision of Today

When we started the great enterprises 10 years ago, we had before us the vision of today. Our critics then had no vision and because of that the people must now perish. How can I see millions of my own perish because of lack of vision? Since I cannot do this, I have again to step forward to present a program that is to be the solution of the grave situation in which we now find ourselves. This program will

### PLEASE NOTE

I am asking all Negroes to follow these special articles each and every week. As I have stated in this week's message, I am on the firing line again and I have a deal of information to give members of my race. So kindly follow me each week. Thanks.  
M. G.

be revealed gradually in my many messages that will follow this one in The Negro World.

#### Returns to Firing Line

For the time being, I want to assure all my friends, particularly in the United States and Central and South America that I have returned once more to the firing line. I have just, with the assistance of my friends, returned from my trip to England, France, Switzerland—particularly to Geneva, where I had the wonderful opportunity of again bringing forward the Petition to the League of Nations, which is now being seriously considered, being a part of the Agenda of the League for discussion, whenever we ourselves desire to bring it forward in the Assembly. My visit to Geneva was productive of great results; my stay in England also was refreshing and supplied me with new ideas of racial usefulness, that shall be brought to play in the great drama that is now to be enacted in bringing the Negro forward to take his place in the new reorganization of the world. My friends, the time has come for united action; united Negro America and the Negro West Indies and South and Central America and Africa must be the keynote.

#### A Resurrected Spirit

The Universal Negro Improvement Association is going to resurrect this spirit as it has never done before. It is going to be done in that sober, calm and deliberate consciousness and leadership that shall leave nothing to be desired in reaching the ultimate goal. While I have remained quiet for several years, I had also other purposes in view, and that was to free the Universal Negro Improvement Association of those racial barnacles who have eaten the movement like a cancer to the core. Thank God, we are now free from them. Out of the old gang that once dominated the Universal Negro Improvement Association there is not one left. Everyone has been gradually eliminated in process of curing a disease that was eating the race to death.

#### The New Movement

The new Universal Negro Improvement Association that is now rising will have none of the old gang as national or international leaders. Only those whose names shall be certified will we ask the international public of the race to accept. Whenever you are in doubt, write to the Headquarters of the Organization

### Time Ripe to Give Race National and International Leadership Under the Red, Black and Green

so that our substance and effort may not be wasted in lending assistance to vagabonds and rogues in the name of liberty, rather than giving that support to the cause that needs assistance.

#### Follow and Support

Let us not be discouraged even in the midst of this world economic stagnation. With leadership we can profit therefrom. We promise that leadership, and sincerely we ask the millions to follow and support us.

#### Warning to Public

We advise that we are associated with no scheme other than that which appears above the signature of the President-General of the Universal Negro Improvement Association. Efforts have been made in the past to deceive the public with all kinds of extraneous schemes and designs and the people, after being deceived, have been writing to us, asking if we knew about this or that. To make a long story short, we are identified with no scheme of any sort except that which appears above the official signature of the leader of the Universal Negro Improvement Association. If all the people will follow these instructions there will be no need for dissatisfaction and all of us will work in the one great and common cause for the establishment of our race and the redemption of our common country, Africa.

#### A Ten Year Plan

It will take us fully ten years to put over the mighty work that is to be done—we must therefore have a ten-year plan. It must be the sacred duty of every man to hew to the line as far as this plan is concerned. Do not be discouraged. Do not follow foolish sentiment. Remember, where there is no vision the people must perish. It was vision that created the Black Star Line; it was vision that created the idea of colonizing Africa for the Negroes of America, the West Indies and Central and South America. If this vision had met with the support of the so-called intellectuals ten years ago, today there would have been no crisis economically for the Negroes of America, the West Indies or Central and South America. I bowed to deportation to give others a chance to do the great thing. They have failed. I am once more on the firing line. See my special notice to divisions and members on page 3.

With very best wishes, I have the honor to be,

Your obedient servant

## James T. Johnson Rushes to Aid of Kid Chocolate

We take our hats off to Mr. James T. Johnson of the Madison Square Garden, for the much needed assistance he rendered to Kid Chocolate when it seemed that everyone had left him to the prison bars and his manager on his way to Cuba. It was brought out that Chocolate could have received bond consideration had someone with money been around to satisfy the bond issue. Gutierrez had left with the dough apparently, yet Chocolate did not have money enough to send out for food and had to eat the prison ration. Mr. Johnson, hearing of the kid's plight, went to his aid and was successful in getting him released and also paying up the money to defray traveling expenses to Cuba for the kid and two guards. We say with all earnestness this was a good deed and we know that the kid will not forget this man. One never knows what prison life is until they come in contact with it, and a friend around him who has become accustomed to having a decision over a strapping brawler when they fought a thrilling battle at the street arena. Mr. Johnson, great heavyweight prospect, has been clamoring for a rematch ever since.

## N. B. A. Stages Light Heavyweight Bout

The N. B. A. is now staging a tournament in the light heavyweight division to determine whom they shall consider as the champion, since they have ruled Maxie Rosenbloom out. The first bout will be staged in Chicago, among those competing are Billy Jones of Philadelphia, and Roy Williams, colored middle man; Larry Johnson is not mentioned. We wish this tournament more luck than the middleweight affair that was staged at the Mechanics' Gymnasium. Yet Chocolate did not have money enough to send out for food and had to eat the prison ration. Mr. Johnson, hearing of the kid's plight, went to his aid and was successful in getting him released and also paying up the money to defray traveling expenses to Cuba for the kid and two guards. We say with all earnestness this was a good deed and we know that the kid will not forget this man. One never knows what prison life is until they come in contact with it, and a friend around him who has become accustomed to having a decision over a strapping brawler when they fought a thrilling battle at the street arena. Mr. Johnson, great heavyweight prospect, has been clamoring for a rematch ever since.

## Presenting Two Olympic Candidates

PAT ROBERTSON, Southeastern States champion. MARK HOUGH, Metropolitan and International 160-pound champion.

## Cecil Myhart Wins Casmovna-Smith Wimmer

Because he was believed by even the Mexican fans to have received a decision over a strapping brawler when they fought a thrilling battle at the street arena. Mr. Johnson, great heavyweight prospect, has been clamoring for a rematch ever since.

The girls' advisory committee of the Harlem playground of the Children's Aid Society met at the Girls Home, 45 West Ninety-third street, Friday morning. They were spoken to by Mr. William F. Johnson, supervisor of the Children's Aid Society. During the course of the meeting a benefit dance was decided to be given by the group in order to raise money for the children of the playground. On Monday evening, December 21, at the Checker Club, the dance will be held. The program will be Broadway and Harlem favorites. The girls of the committee are: Miss J. Leonard, director; Rae Oley, Ethel Harris, Myrtle Turner, Ann Jones, Estelle Charles, Fredericka Moore, Mildred Johnson, Dorothy Wilson, Florence Barker, Keith, Floretta Keith, Vera Ramo, Goldie Whittington, Belle Tobias, and the girls of the committee.

## CLUB Hy-Tats By-LE-BELL

Now that Christmas is approaching, I trust that the various clubs will look upon it in the proper spirit and remember by helping some deserving family you will enjoy your holiday to the fullest. It is a lovely and fine feeling to know that you have in some way done something really worth while. Club should make it the particular business to do something that will alleviate some of the existing depressive conditions that are prevailing in their community. I am taking this means as a pointer to the clubs to make this a really "HAPPY AND MERRY CHRISTMAS" and to give to the needy.

## Whitman Sisters and Benny Moten's Band At Lafayette Theatre

An event of importance to Harlem theatergoers will take place at the Lafayette Theatre this week when the famous Whitman Sisters make their yearly appearance with their new musical comedy revue. All advance reports are to the effect that this year's offering is the most elaborate and the best of any which they have produced during the last ten years.

## Comic Opera Goes Over With a Bang at Alhambra Ball Room

The comic opera of "Patience" or "Bunbros' Bride" (comic aesthetic opera), having a sense of the beautiful, was rendered to a small but select audience at Alhambra Ballroom on Thursday evening, Dec. 10, 1931. The five rapturous maidens or leading stars in the cast played by Charlotte Edwards, Annie Cummings, Consuela Cooley, Sarah Milligan and Evelyn Hughes, were heartily applauded. The opera was written by M. S. Gilbert and composed by Arthur Sullivan. Mr. H. Allen, musical director, including the accompaniments so artistically, came in for a large share of applause.

## Harry Smith Wins Decision Over Sandy Cassanova in Ten Rds.

We have just received direct information from the coast that Harry Smith, New York champion, has defeated Sandy Cassanova, light-heavyweight in a feature to-round bout at the Blue Club, New York, on Friday evening, December 18. Smith scored two knockouts during the bout and at one time almost had Sandy in the verge of a knockout. This was Harry's first bout since his return to California. As you know he has been just a few weeks ago from his birthday. He also expects to return home for Christmas. We are sure you will understand that they are trying to match Smith with Rosenberg in New York, and since promoters are apparently inclined to stage mixed bouts of work it will not doubt give Smith plenty of work at least we hope so. If my Race boy deserves such consideration it is he.

## Negro Mechanics to Give Benefit Dance

On Friday evening, December 18, 1931, the Negro Mechanics Association, 200 West 135th street, will hold a benefit dance at the Renaissance Casino, 138th street and Seventh avenue. The net proceeds will be utilized to relieve the unemployed Negro mechanics and also to get better protection for them in their trades in the future.

## Lincoln and Tuskegee To Meet in Final Xmas

TUSKEGEE, Ala.—Tuskegee's final game for the 1931 season will not be played until the Tigers take on the Lincoln University Lions in the Alumni Bowl, Christmas Day. The members of the team, who will close their careers with this game are Captain Willis J. Hockett, Wichita, Kan.; guard; Herbert Kin, Wichita, Kan.; halfback; James M. Wiloughby, Augusta, Ga.; quarterback; Vernon Davis, Portsmouth, Va.; halfback; and Carnegie Jackson, Sharnock, Texas, left guard.

## You Must Listen In on Cab's Hour

On Tuesday evening, December 29, Cab Calaway and His Cotton Club Orchestra will make their initial broadcast on the Lucky Strike radio hour. His Highness of Ho-De-Ho will be picked up by remote control from the floor of the Cotton Club in Harlem between 10 and 11 P. M.

## At New Douglas

## "Harlem Scandals" To Go on RKO Tour

Irving Mills has completed production of an all-colored stage work, "Harlem Scandals," with a cast of 25. The production includes Buba Miller and His Jungle Band and a chorus of dancing girls.

## Baker Wins Bout

Ed Baker of Salt Lake City, won a technical win in the third round at the Blue Club, New York, on Friday evening, December 18. Baker's real name is Ed Stewart of Salt Lake City, Utah. Ed is a student of the West High athletic team. Ed came out in the first round and hit Carroll with a hard right that sent the contender down for the count of three, and again for the count of three when his second thrust in the towel which Ed won in the third round.

## Morehouse Closes Season With Loss to Ala. State

ATLANTA, Ga.—The Alabama State Hornets came today and left on the morning of a 24-0 score. The Hornets lost only one conference game this season and the game today left them in a tie with Clark and Kent from the Southern conference. From the kick-off to the final whistle the Hornets outlasted the team from the South.

## Hampton Arranges Its 1932 Sports Schedule

HAMPTON INSTITUTE, Va.—The Colored Intercollegiate Athletic Association held its twenty-first annual session at Morgan College, Baltimore, Friday and Saturday, December 11 and 12. At that meeting the 1932 football, basketball and baseball schedule was arranged, track and tennis dates settled, and officials for the various sports approved.

## Ralph Cooper's Band Closes at Garfield

Ralph Cooper and his band which has been playing a limited engagement at the Garfield Theatre, will close at that house this evening. The band, directed by the clever master of ceremonies, made quite a hit and the meeting was called to order by the president, Dr. E. P. Davis of Howard University and as president from the review of the year's work and reports from various standing committees of the different members will present brief reports on the consideration of the delegates.

## Depression Transitory, Says Hoover in Message to Congress

WASHINGTON.—High spots in President Hoover's message to Congress on Thanksgiving day were "A strong America is the highest contribution to world stability." "We must put some steel beams in the foundations of our credit structure." "The first requirement of confidence and of economic recovery is a financial stability of the United States government." "We have no instant and determined reduction in government expenses." "We must face a temporary increase in taxes." "I am opposed to any direct or indirect government debt." "The emergency of unemployment have been met by action in many directions." "We are at peace with the world. We have co-operated with other nations to preserve peace. The rights of our citizens abroad have been protected." "We do not require money or working capital—we need to put our standards of life, it must further decrease both naval and other arms." "Our system, based on ideals of individual initiative and of equal opportunity, is not an artificial thing. It has successfully adjusted itself to changing conditions in the past. It will do so in the future." "Business depressions . . . are but transitory. The nation has emerged from each of them with increased strength and vitality."

# 2,000 Acclaim Marcus Garvey's Return to Kingston, Jamaica

(From our Correspondent)

KINGSTON, Jamaica.—Over 2,000 of the corporate area's population formed themselves into a procession, marched down to the No. 1 Pier and gave an ovation to Mr. Marcus Garvey as he stepped from the Elders and Fyffe's steamer "Changuinola."

Mr. Garvey returns to Jamaica after having succeeded in getting a petition on behalf of the Negro people of the world placed on the agenda for discussion at the next meeting of the League of Nations at Geneva, and during his stay abroad he studied economic and political conditions very closely, and has brought back some very interesting opinions. He sees England's salvation resting solely on her ability to secure greater empire unity, and we quote the following passage from an interview with Mr. Garvey at his residence, "Somali Court," soon after his arrival:

"Candidly," he said after commenting on the precarious position of Europe generally, "I feel that the statesmanship of Europe is bankrupt. By that I mean that the statesmen are unable to fully cope with conditions. England is feeling her way through that bankruptcy, and she is likely to come out on top, because she has been greatly stirred within the last six months and has come to realize the seriousness of the situation. The present Cabinet seems to be made up of men who are appreciative of the fact that they must work to save the empire, and not England alone. There is therefore a campaign for greater empire unity and if the need for this can be properly brought home to the various units of the empire, there is no reason why Great Britain should not ride to the top in the great economic storm."

"I had the privilege of addressing large crowds at Hyde Park during the election, on behalf of some of my friends of the Labor party, on conditions in general. My addresses were well received, I think. I pointed out, and there was a general agreement, apparently, that the future of the British Empire was more bound up with Africa and India than with any of the self-governing dominions in that the self-governing dominions were almost independent of the mother country and showed a disposition to take their own course. Those dominions had also been building up immigration barriers against the motherland, and had built up tariff barriers. Those circumstances I told them, did not suggest that anything very bright within the empire is coming from the self-governing dominions, namely, Canada, Australia and South Africa. India with her teeming millions of undeveloped subjects, offered a grand opportunity to England for trade expansion."

"I took this view independently, and since, I left England I have had the pleasure of reading a comment on the present imperial situation by the Rt. Hon. L. S. Amery and he seems to agree with me in those opinions."

The Gold Standard

Speaking of the effects of the suspension of the gold standard, Mr. Garvey said that it came as a shock, and did England no good at all. People who used to regard investments in England as being absolutely above being interfered with started withdrawing their money.

"It by statesmanship they can im-

press the rest of the world, outside of France and America," Mr. Garvey continued, "that it was wise and best for them to go off the gold standard, they will be able to place France in a very precarious and unfavorable position, a position which England would be able to take advantage of. But to my mind, the first thing necessary is for England to build up an international confidence among the units of the empire, and for that purpose there would have to be acceptance of a common system of exchange within the empire which would thus stabilize itself and force others to follow."

## Swift Growth Shown In Dutch East Indies

Exports Have Gained 856% and Imports 884 Since 1885—American Investment Is \$21,000,000

THE HAGUE.—The economic transformation of the Dutch East Indies in recent years is shown vividly in a report just published at Batavia by R. Smith of the Javasene Bank.

The report indicates that the East Indian colonies, which were originally important only to Holland, have become great centers of international trade. Since 1885 the Dutch East Indies exports have increased 856 per cent and imports 884 per cent, while inland agriculture, which accounted for only 10.1 per cent of the exports in 1885, now forms more than 36.5 per cent of the total.

Mr. Smith's figures show that foreign capital has taken a large share in developing all of the East Indian islands except Java. Largely with the help of foreign capital, he asserts, the planted area increased 40 per cent between 1921 and 1929.

The United States has more than \$21,000,000 invested in East Coast of Sumatra rubber enterprises, according to the report, and the total capital invested in new or extended enterprises between 1925 and 1929 is estimated at \$160,000,000.

## Labor Unions Push Miss. Peonage Probe

WASHINGTON.—William Green, president of the American Federation of Labor, is the latest to lift his voice against working conditions on the lower Mississippi levees. During the past week charges have been filed with the War Department, and publicity given to protests by various labor executives against what they described as the intolerable conditions under which colored labor was being used in the flood control work, which is being done under government supervision but by private contractors.

## Negro Soldiers Healthier Than Whites in U.S. Army

WASHINGTON.—According to a report to the Secretary of War by the surgeon general of the United States Army, Major General Robert U. Patterson, "there was more sickness among the white men in the United States Army than among colored" for the year 1930, in spite of the fact that the health rate for the army was the third lowest in history. Much of the hospitalization among white troops was due to misconduct, the report stated.

## Africans Arc Advancing

ST. LOUIS, Mo.—The development of industry, agriculture and transportation is moving rapidly in Africa, according to Baron Paul von Gontard, who has returned from a motion picture expedition, and came here to visit relatives in St. Louis.

He declared that although Africa is just beginning to develop its resources and to make use of its agricultural possibilities, the people are making rapid headway.

He said the expedition found excellent roads in many sections of Africa. The expedition took pictures of wild animal life, to be used in a talking picture.

## CLUB TIT-TATS

(Continued from Page Six)

December 3, at the home of the president, Mr. V. Green. A large number of visitors were present. A resolution was read from the Wade School of Music, since this school is under the auspices of the Atlantic Interstate Social Club, it was adopted that this club donate to the Wade Conservatory of Music the sum of \$25 per year, beginning January 1, 1932.

At the December meeting of the Utility Club held on Monday evening last, the principal feature was the re-election of the club's entire slate as follows: President, Gertrude Mars-Martin; vice-president, Eva Green; secretary, Winifred S. Aray; financial secretary, Marjorie H. Green; treasurer, Althea S. Barrow. The club voted \$50 to be expended for Christmas baskets. It was also decided to hold the club's annual tea on Sunday afternoon, December 20, from 4 to 7, at the Martin-Smith Music School, 139 West 136th street. Eugene Kinckle Jones, ex-secretary of the National Urban League, will be the guest speaker, and a very interesting musical program is being arranged.

The weekly meeting of the Jolly Five Social Club was held at the home of Miss Rebecca Cooke. Don't forget the date you made with us for Saturday, December 19, at Prince Hall Square Club, for we are anxious to meet you that night to insure an evening of supreme enjoyment.

Clubs be sure to advertise your next event in The Negro World and thus insure the desired results.

Kindly listen in on Mr. Charles Flemming's Amity Club:

At last I got to know who the Seony Club was held at their last affair at the Witoka. Boy, oh boy, what a fine bunch of girls. Miss F. A. Brown, treasurer of the Falcon, along with the Misses C. Randolph and Berkley promised an enjoyable evening at their tea on Sunday, December 13, and believe me, it was just "too sad" . . . Speaking of a jolly bunch wait until you meet the Payweather Club of Brooklyn. Some sports and all girls too . . . Mr. J. J. Gibbs of the Club Sportif de Concord, tendered a repast at his home to the Amity Boys on Tuesday. Cards were played until the wee hours of the morning . . . (Pshss) The Amity Boys are planning a surprise for some club, since they have been entertained . . . The Ethiopian Club's dance at the Elks' Auditorium on Saturday, December 12, was a monster success. Depression meant nothing to this club . . . Thinking of a young fellow by the name of Joseph Water, and up he appears, not meaning like a bad penny, bound to show up, he is a fellow that will cooperate with anything that has the "right ring" to it. He is a Gay Troubadour, and by the way don't forget January 1 . . . Energy begets energy, and enthusiasm is contagious, therefore, follow the "Energetic," use their enthusiasm and success must follow.

The Stein Club's "Christmas Revue" at the Dunbar on December 24, featuring Horace Henderson's orchestra, should be a great success, as they seemed to have picked out an ideal night for their affair.

The Soubrette Girls gave a very successful Egg Nog Party on Sunday, Dec. 13th, at the beautiful Palmetto Studio. Miss Rosanna Robinson, a very charming person, is president of this group of girls.

Harlem Ace—Meteor Club gave their benefit Ball at the Rockland Palace on Saturday gone. The music alternated first with Billy Kato and his boys, then with the Dixie Troubadours. While the place was not really crowded, there were enough people there to show that they really appreciated what a fine thing these boys were doing. The following clubs occupied boxes: Lucretia Girls, Calendar Girls, Sunnyside Club, Aeolian, Organon, Beua Ideal, Manor Jovial, Melody Boys, Lasance, Renown Inc., Norma Girls, Istmica Loyalty, Slow Club, Blue Monday, Good Fellowship Club, Monarch S. C., Ashanti Students, Alton Arrows, Disc Jovial, Bachelor, Mignonettes, Zeigfield, Personality Girls, La Mour S. C., Ideal Travelers, Anora Co-Ed Goucho Inc., Renown Exclusive, Rialto Girls, Gay Troubadours, Popularity Club, Globe and Jolly Pal. (A fine representation don't you think?) A lovely program don't you think? A lovely program don't you think? Let's trust that more clubs will follow the example of these clubs, and do something beneficial for their community.

# Help Christmas Seal Drive Now

## Quarter Century Anniversary Finds Notable Achievements

The annual seal sale of the New York Tuberculosis and Health Association opened on Thanksgiving Day, marking a quarter century anniversary in the history of the seal sale, which has been conducted for twenty-five years by the New York Tuberculosis and Health Association as a means of raising revenue for its fight against tuberculosis and other communicable diseases. The Harlem Tuberculosis and Health Committee at 108 West 136th street, also receives its support from this seal drive. Dr. Peyton F. Anderson is chairman of the committee.

"Looking back today over a quarter of century of progress," says Dr. Linsley R. Williams, president of the New York Tuberculosis and Health Association, "we find many notable achievements in the anti-tuberculosis campaign—and much still to be done. Since the beginning of the century, the tuberculosis death rate has been declining almost yearly until it is now less than half of what it was twenty-five years ago. This means that thousands and thousands of people are alive today who would otherwise be dead but for the anti-tuberculosis campaign. Education has taught the people better health habits, to lead more healthy lives, to have better hygienic standards, but this has resulted in greater resistance to the disease. An especially striking manifestation of this is evidenced in the fact that this year there has been no rise in tuberculosis deaths. This is the first time in medical history that an economic depression has not been accompanied by a rise in tuberculosis mortality. It is concrete proof of the efficacy of health education, one of the most important activities of our organization."

"The machinery for both prevention and cure is much better organized and of a much higher standard than it was twenty-five years ago. People are better informed about seeking diagnosis earlier and accepting prolonged treatment and isolation from others if they have the disease.

"However, the fight is very far from won. Many more preventoria and sanatoria are necessary. Tuberculosis is still the most widespread and dangerous of all preventable diseases. Nobody should die of it—yet it still kills more people between the ages of 18 and 45 than any other disease. Every one of these deaths is preventable—we must prevent them! Any remission of effort at this moment would mean to lose many of the advantages we have gained over many bitterly fought years. We appeal to the citizens of this city to help us keep up our work."

The seal drive which opened throughout the city on Thanksgiving runs until Christmas. \$300,000 is sought as the quota.

Just before his departure for the coast, Mayor Walker bought his seals in advance from Mrs. Myron I. Borg, a member of the board of directors of the New York Tuberculosis and Health Association.

Alfred E. Smith bought the first seals in the general opening of the campaign from Mrs. Fred M. Stein, Jr., a volunteer worker for the drive. Checks may be sent to Thomas W. Lamont, treasurer, New York Tuberculosis and Health Association, 386 Fourth avenue.

## 10-Minute Trial for Killer Of Negro in Mississippi

CARROLLTON, Miss.—The speediest trial seen locally for some time for such a serious offense, was held in Justice Norwood's court. George Meadows, white, charged with murdering Victor Rogers came up for hearing. Justifiable homicide was the verdict returned and young Meadows was allowed to go on his way after a hearing of ten minutes. Meadows killed Rogers after the latter had attacked Meadows' father.

## 'Nazis' Would Assure Nordic Dominance, Sterilize Some Races, Ban Miscegenation

LEIPZIG.—At the congress of the National Socialist Pharmacists and Physicians being held here the "racial" purification of Germany was put forward as one of the prime objectives of the "Nazi" regime once the party assumed the reins of government. The Nordic race—"the finest flower on the tree of humanity," as one speaker described it—it was said, must be bred and secured unquestioned predominance according to the "criteria of race hygiene and eugenics."

Germany's population would be divided into three groups, of which the topmost, the Nordic, must be nurtured preeminently, tolerance being extended to the group next below as a sort of suffered helots, while the lowest group would be eliminated through compulsory sterilization.

Special race bureaus would be established which would keep tabs on every citizen and on marriage tending against the program of securing Nordic predominance and miscegenation would be forbidden by statute.

If the "genuine" Germans so restored to their pristine purity found their dwelling place too narrow for life's needs, Dr. Stammer said, there would be nothing for them but to conquer more room, sword in hand, in circles abreast of anthropologi-

# DePriest Meet Well Attended

## 170 Leaders From 20 States Approve Plans for Organization

WASHINGTON.—One hundred and seventy delegates from some twenty States met here last week in response to a call of Congressman Oscar DePriest for a three-day meeting to discuss future political action for the Negro. The sponsors of the convention throughout the convention kept an earlier pledge that the meeting would be a strictly non-partisan affair. No candidates were endorsed and no parties recommended; but while non-partisanship marked the general plan of the convention, it was plain to see that many delegates were there because they were "sore on the Republican party." And at least by innuendo many delegates so stated.

Civil Service reform, distribution of Federal educational funds, lynching, economic opportunities, disfranchisement, women in public life and religion and politics were the subjects discussed by over a score of speakers during the three crowded days of the convention.

Plans for permanent organization of the convention, with local chapters were made at the convention, despite efforts of other non-partisan organizations as the National Equal Rights League to block this duplication of organizations. A committee to draw up a constitution was named with Robert L. Vann as its chairman.

A permanent organization was formed with the following officers for the first year: Hon. Oscar DePriest, chairman; James Kelly, Alabama, secretary; Mrs. E. A. Washington, corresponding secretary; Morris Lewis, treasurer; L. F. Coates, registrar; Mrs. Dorothy Lewis and Mrs. Margaret Coates, clerks.

The opinion of the unbiased was that the conference was the first of its kind to enjoy such unselfish support. The Congressman was the object of repeated encomiums, all of which he accepted with becoming modesty. The meeting was attended by ministers, educators, editors, politicians, business men and women, as well as highly trained social and civic workers among the group. Not once was any attempt made to guide the conference into political discussions. The spirit of non-partisanship prevailed throughout the deliberations.

The thousands of miles traveled by Congressman DePriest all over the country bore fruit for him at the conference. There were men and women from almost every section of the country visited by the Congressman since his election to office. Every one of them expressed the hope that DePriest remain in Congress for many years to come. He was accepted as the courageous Congressman of all the Negroes wherever they live. The fact that the President of the United States had called a conference on the same date attracted attendance to the DePriest conference. All interest seemed to center on what Negroes of the country are thinking about. In truth, the Hoover conference was deserted by the Negroes after the President made his twenty-minute address.

Among the most straightforward appeals made for independent action by the Negro were made by Dean Pickens, President Johnson of Howard University, Dean Kelly Miller, who was at his best; Mary McLaughlin Bethune of Daytona, Fla.; E. C. Young of the Norfolk Journal and Guide, Dr. W. E. B. DuBois, editor of the Crisis, Dr. J. C. Austin of Chicago, Ill., and former Congressman Miller of South Carolina, Bishop Walls of the A. M. E. Zion Church and Monroe Trotter of Boston.

While these spokesmen were lending their material to the conference, those whose privilege it was to form the machinery of the conference, were alert to every suggestion. It was the evident aim of all to present to the nation the embodiment of Negro opinion as gathered from all parts of the nation. No party was endorsed, and no individuals were placed above others.

# NUMEROLOGY As Relation to Human Destinies By DR. CABIR VANANDI

## This week I discuss Love from a Numerology Standpoint

Love, to be strong, must be pure and unalloyed with selfish considerations. If we love a thing on account of the use we can make of it, we do not in reality love that thing, but ourselves. Pure love has only the well-being of its object in view, it does not calculate profits, and is not afraid of disadvantages that may grow out of love. The intellect calculates, but love follows the law of attraction.

Impure love is no love at all; it is merely attraction. It is weak, and does not enter into its object; it may cause a ruffle on the soul of the center, but does not penetrate to the center. Pure love penetrates and cannot be resisted, unless it is opposed by another love of equal strength, but streaming in another direction. The most potent love potion a person can give to another is to love that person without any selfish object in view. Such pure love will infuse itself into the soul of the beloved and call forth corresponding vibrations of love, because one mode of activity gives rise to similar modes according to the universal law of induction.

## ANSWERS TO QUESTIONS

I. H. C., Oriente de Cuba:—The list is available, and all that is necessary is to communicate your wishes.

O. M. J., Everetteville, W. Va.:—You can get your two sisters but not without some trouble and effort on your part.

N. S., Philadelphia, Pa.:—You will marry early in life and at least three times, but not until you have met your dream man. You are destined to have a great deal of trouble in marriage and love affairs.

A. H., Detroit, Mich.:—I accept your offer with many thanks and wish you much success and happiness.

D. B., Baker's Field, Cal.:—Your sister has very strong constitution, and her chance for recovery is good, well as highly trained social and civic workers among the group. Not once was any attempt made to guide the conference into political discussions. The spirit of non-partisanship prevailed throughout the deliberations.

E. C., Philadelphia, Pa.:—You possess every quality necessary to succeed in your profession, but lack confidence and courage. These you must acquire at all costs.

R. G. W., Chicago, Ill.:—The sum of your name vibration is 2, which shows you to be very shrewd, calculating and diplomatic. You are very feminine in all of your actions.

Dear Reader: If you have a question you would like to have answered, send same to the Doctor and he will be more than glad to answer it free.
