Plans Are Being Perfected For Australian Visitors

New York and Cosmopolitan Cricket Leagues Are Invited to Take Part in the Selection of Teams

By W. H. SIMPSON

The year 1932 promises to be a bumper one for cricket in the city of New York, with the Australian touring team visiting our shores and the Cosmopolitan and New York and Cosmopolitan—having an agreement regarding a permanent board of control, the city will witness a concerted effort to place the old good game on a higher level than it has occupied for the past twenty years.

An executive committee meeting held on Sunday last at which representatives of the New York Cricket League and the Cosmopolitan League were present, advanced plans for the selection of teams to play in the first game which will be played at Van Couver, during the month of June 17, and on June 19 the first game will be played at Van Couver. Jack Dempsey's Wife Balks at Suggestion of A Harry Wills Bout

The real truth of the fight for a bout between Harry Wills and Jack Dempsey gradually leaks out in varying statements made by the promoters of the sports event. According to the story told by Jacques Curley, the wrestling promoter, it is his intention to stage a fight with a dance marathon and other forms of entertainment. Dempsey was ready to fight Wills for \$750,000 before his first title fight, but the objections of Mrs. Dempsey, the popular movie picture star (Estelle Taylor) and caused the deal to fall through. It is said that the color question prompted her decision against the Brown Panther.

The outcome of the great chase is known to all and sundry who always blamed Dempsey for avoiding Wills when it was believed that the fight was the greatest heavyweight in the world.

Short Jottings Hampton Track Meet For Track Meet

By HODGESS

Hampton's 100-meter race was won by "SPEAK LOWS," who easily learn who frequent those places by glancing through the columns of the "TATTERS" or National, or glancing at the side of the page. It's too bad that our supposed high school, cannot find something else to do with their time.

What's this C. M. A. store is doing to crash—how come? We thought this was a substantial enterprise. One can never tell what's what, without the inside dope.

Say, those letters appearing in the "LONESOME HEARTS COLUMN" of the "Tatters" say "I am Brownish, have good hair, etc." must go. As they are not reading for a race that is aspiring for higher things, the hair and complexion complex of our race is a disgrace and denotes "UNINTELLIGENCE."

Supreme Court Voids Ban of Negroes in Texas Primary

Use Cardoso said in discussing the case. "Whatever our conclusion might be, if the statute had remained in force, it would have been a barrier in party convention against such participation."

The Minority Opinion. The minority opinion argued that the primary, which is not a voluntary organization of individuals, could be a Negro party from the primary, and that the executive committee was proper for party membership.

"Delegates of the State's power have discharged their official function in such a way as to discriminate between white citizens and black." Justice Cardozo stated. "The Fourteenth Amendment prohibits the States from discriminating against citizens with special solicitude for the equal protection of the members of the Negro race."

The decision today marked the second time Nixon had won a victory in the Supreme Court in a fight against the right of white citizens to vote in a Democratic primary.
