## World's Weekly Digest

Divided how can we stand the combined onslaught of the times and environment, young Negroes of the world, can you tell us?  
No intelligent Negro who has the best interests of his own and of his race can give but one answer to our question, and that will be that the race will suffer more intensely than ever because of our continued divisions and squabbles. Under a heavy bombardment by the enemy in the disguise of depression and prejudice we have failed to close ranks even in self-defense, and isn't it simply shameful?

### New Negroes for Old

Ever since the late war there has been a cry among the Negroes which has called forth and rallied to its banner a group which is known as NEW NEGROES. But even they, what are they doing? Have they lessened the divisions, have they eliminated the squabbles, have they closed the breaches? Apparently they have not. If they had they would have taken the leadership of the race at the present critical moment and rescued it.

### Never Too Late

But in matters affecting the destinies of a nation or a race it is never too late to assert one's leadership if that leadership is correct, bold and resourceful. If the New Negroes are persevering the time element will not stand in their way. The time lost could be retraced by added zeal and increased energy and sacrifice.

The Negro World stands ready to help and co-operate with all New Negroes of this type, the practical and DO IT NOW. Squabbles Are Dangerous

As practical men, as straightforward men, as unselfish men the New Negroes must realize that squabbles are doubly dangerous when it concerns the Negro. He has far too many enemies without his creating an additional enemy in himself.  
Will then the New Negroes close their ranks and march forward to rescue the race from the slough of despondency it finds itself in?

## Pleads for Negro Unemployed Workers

### Fines White Man for Attack on John Williams

LITTLE ROCK, ARK.—Leslie Robinson, white, was fined a total of \$77.20 on three charges, carrying concealed weapons, assault and battery and drunkenness here Tuesday in connection with an attack on John Williams. Williams told the court that Robinson threatened his life and fired several shots at him with a pistol.

## Suit to Test Negro Vote Bar Is Drawn

SAN ANTONIO, Tex. — An injunction application to test the legality of action of the Democratic state convention in barring Negroes from the primary to be held next week was filed here, it was announced by Carl Wright Johnson, attorney for the Bexar County League of Colored Voters.  
The application was predicated upon refusal of a deputy clerk to permit P. M. Palmer to cast an absentee vote. The petition asked that the election officials be enjoined from refusing Negroes the right to express their choice in the primaries.

## Race Orchestra Goes on Air in Moving Plane

On Thursday, May 19, the National Broadcasting Company, of this city, conducted a unique experiment by having an orchestra of 12 pieces broadcast a program of one and one-half hours from a moving aeroplane. The orchestra was Marion Hardy's Alabamians, who played sweet strains of jazz from "the air and over the air," during the "Lucky Strike" hour.

The flight was made from the Newark Airport over New York City at an altitude of 7,000 feet. Members of the band were Warner Seals, Marion Hardley and Craig Watson, saxophone; Adolph Cheatham and Walter Bernhart, trombone; Leroy Harris, piccolo and flute; Mack Walker, bass.

## Negro Sportsmen Take To Greyhound Racing

By HARRY LEVETTE  
LOS ANGELES, Calif.—Greyhound races with the fleet thoroughbred courses madly vieing with each other in an attempt to catch a mechanical rabbit were opened here last week at night on the track of the Culver City Kennel built at cost of \$150,000 for the purpose. Local colored sportsmen were not drawn to it at first, but the installation of a system of pari-mutual machines with good odds on the bets, and a more reliable run for their money than playing the ponies, has begun to attract them just as it has 20,000 or more whites who have been attending nightly.

As the lesser of two evils dog races are considered preferable to the powerful hold Chinese lottery had on the Negro district four years ago when 55 of such "number" joints operated openly on Central avenue. Since Captain Hager, serving in Newton district the past four years, broke them up only one or two have continued secretly. Addicts to the game have been driving to San Bernardino, 65 miles away, in order to play. The future of canine gallops is being closely watched.

# Flay Africans Who Betrayed Country

## New Move to Save Liberia

George S. Schuyler, the famous Negro author who made a trip last year in Liberia to investigate conditions there for the New York Evening Post, a Curtis publication, and wrote a book on his return, "Slaves Today," has finally come to the conclusion that the Liberian Republic must and could be saved for the Negroes in Liberia as well as for the Negroes in the United States. This is his considered opinion after further studying all the developments including the recent ones, both domestic and international, regarding Liberia.

This was disclosed after Mr. Schuyler emerged from a conference with H. G. Mudgal, editor of The Negro World, which was held on Sunday, July 17. Both Mr. Schuyler and Mr. Mudgal, who are greatly interested in the independence and welfare of Liberia have agreed upon the following propositions:

"An independent Liberia is a great asset to the Negroes not only of Liberia but of other countries."

## Letter Carrier Walks Same Route 42 Years

MEMPHIS, Tenn. — William H. Owen, letter carrier of this city, has been retired after walking the same postal route for 42 years. It is hard to estimate the number of miles he has plodded on his two daily trips, and Owen himself hesitates to give out any figures. He says, however, he would be a "long ways from here" if he had traveled in a straight line. He has seen the streets in his ward developed from mud to asphalt, and he has watched the children of two generations playing in the yards.  
Born 65 years ago at 671 Washington, Will Owen has lived there all his life, married there, rearing a family of two boys and a girl.

## Governor, 15,000 See Negro Opera

CLEVELAND, O. — Saturday night was governor's night at the stadium. Governor George White entered the stadium field in a large limousine and was officially conducted to his box, draped with flags, there to witness, with 15,000 or more other spectators, the second performance of "Tom-Tom," Shirley Graham's "epic of music and the Negro race," which had its world premiere at Cleveland Stadium July 7.

"Tom-Tom," since its last performance, has undergone some revision. The last act has been considerably curtailed and the first act has benefited greatly by improved lighting.

Jules Bledsoe, who incidentally sang the part of Amanasro in the extra performance of "Aida" Saturday, starred again Friday night in his vivid portrayal of the Voodoo Man, the Negro tribe's high priest.

## New Building Dedicated By Insurance Company

BALTIMORE, Md.—On July first, the Southern Life Insurance Company, of which Willard W. Allen, III Sovereign Grand Commander of Scottish Rite Masons of Southern Jurisdiction, is President, dedicated a new home office building at the corner of Robert street and Pennsylvania avenue, Baltimore.

The company is 26 years old and is now in its third office, a modern three-story structure which provides for ample growth for some years, with sustaining income to be derived from the rental of two apartments and a beautifully finished store with modern front to be rented to a satisfactory mercantile client.

## Have Method To Hound 'Em

One South African tribe, which boasts of its loyalty to British domination for a century, is rapidly dying out, says the East London correspondent of The Sunday Times of Johannesburg, Transvaal.

### Observe Historical Event

May 14 is known in East London, on the southeast coast of the old cape Colony, as "Fingo Day," and this year it was the ninety-eighth anniversary of a signal event in British occupation: the freeing of 16,000 Fingoes—a native tribe who turned against their impl in the great Xosa War of 1934 and assisted the British troops.

Fingo Day has been faithfully observed for nearly a century; but in a few years' time it will be forgotten. For the Fingo race is dying out. The members of the tribe are abnormally unintelligent, and the primitive and unhygienic conditions under which they live whenever possible have resulted in a gradual diminution of their numbers.

### Hold Bitter Feelings

East London is the only town in South Africa to which the Fingoes have drifted in any appreciable numbers. This year saw several little oral skirmishes between them and the Xosas, who regard the city as their own territory.

One of these, the correspondent says, took place in St. George's Road. A Fingo, his blade of grass bobbing jauntily over his forehead, was slouching along the pavement when he met two Xosa kitchen boys. They stopped him by blocking the pavement and then began a sarcastic conversation, much to his discomfort.

"This," said one, "is the black man whose father turned white."  
"Yes," said the other, "a traitor to his heritage."

"You are worse than dirt," said number one.

"To call him dirt is to flatter him," said number two.

The Fingo was silent.

"Let us go before we kill him," said number one.

"If I laid hands on him I could never look into my mother's face again," said number two.

They spat vehemently and went back to their dish washing. The Fingo adjusted his blade of grass and went on his way.

### MITCHELL STAYS IN LIBERIA

WASHINGTON.—Charles Mitchell, United States minister to Liberia, may not return to take part in the Presidential campaign this year as he had planned.

Guard Your Health

SCHOOL VACATION DAYS
By Charles F. Bohman, M. D.
Department of Health, N. Y. City
Exclusive for Negro World

With the school's closed and children at home for the next two months, many parents will be taking their youngsters away to the mountains, the country or the shore for long or short periods, while other families will content themselves to stay at home with occasional jaunts to the shore, or beach rides or valley trips. And it is because of these changes in the lives of the youngsters that parents must watch over the health of their children more carefully than at other seasons.

If you are taking your children to a hotel or boarding house for a prolonged or brief stay, make certain that the place serves good food and that the water is pure. Select a place, if possible, where there are shaded walks, a brook or a place where your child can learn to swim. The children, whether away or at home, should be permitted to play most of the day in the open air, and, except during the afternoon, when the sun is high, should remain in the sunshine; they should get their meals regularly and the sleeping room should be well ventilated, day and night. Every child should sleep from eight to ten hours each night.

Parents will be doing themselves as well as their children a good turn if at the beginning of the vacation season, or during it, that they take the youngsters to the family doctor for a complete physical examination. Perhaps no defects may be discovered, but if there are such conditions, the doctor will be able to correct them or bring about methods by which they may be overcome. Many important diseases may be curbed through the annual physical examination. Now, moreover, is the time to have your child immunized against diphtheria.

girl to a summer camp make certain of the camp's credentials. Investigate its reputation for pure milk and water. Almost every year we have cases of typhoid fever come back to the city from camps.

Whether you go away or stay at home you should see to it that your children do not remain up late at night; that they have a balanced menu, which means plenty of fresh vegetables, fruits, meat or fish and a glass of milk with each meal; that during the summer, at least, they have a bath every day. Loose clothing is best for the child during the summer, for it gives him liberty of action and enables him to play with greater joy.

Peoples Model Grocery Pays 7 Per Cent Dividend

NEW YORK, July 28.—A dividend of 7 per cent was declared at the annual meeting of the Peoples Enterprise, Inc., at the meeting of the stockholders held at the Peoples Credit Union, 293 W. 135th Street, on July 26. This organization owns three C. M. A. stores in Harlem, The Peoples Model Grocery, 2966 Seventh Avenue, the Seventh Avenue Model Grocery, 2204 Seventh Avenue, and the Variety Model Grocery, 2268 Seventh Avenue. C. Benjamin Curley is president, and Miss Goldie Harris is secretary. The stores did a gross of more than \$60,000 during the first year of operation. Nearly all of those receiving dividend checks turned them back into the business immediately. Mr. Curley said in part: "When we remember that this year's showing represents an initial investment of \$5,000 we think we are not immodest to consider this enterprise a success." Twenty persons are given employment in the three stores operated by this company.

Food Dealers, Beware!

Clean food and drinks, properly handled and sanitarily served are assured patrons of refreshment stands and food shops in the shore and river resorts and parks in the metropolitan area. In the last ten days the "Fountain Squad" of the Bureau of Food and Drugs of the Department of Health has rounded up more than 100 dealers at the shore and in the parks who have failed to live up to the strict requirements of the Sanitary Code.

Food of all descriptions found being displayed uncovered in being condemned and confiscated as the sale of such goods is a violation of Section 242 of the Code. The ingredients used in the manufacture of frozen custard and similar confections must comply with the provisions of the Code and if the confections are found, after chemical analysis, to be below standard, they are condemned and the dealer served with a summons. Dispensers of soda water and other similar drinks who fail to sterilize the glasses before re-serving also get a summons. This also holds true with dispensers of ice cream and other foods where dishes or table cutlery is used.

CAMP BUYS C.M.A. PRODUCTS
Camp Gullford Bower at New Paltz, N. Y., which is owned by the St. Philip's Church in Harlem and is managed by the Rev. S. H. Bishop, after receiving bids from several well known New York grocery firms, accepted the bid of the National C.M.A. Stores to supply all groceries to the camp this summer. After accepting the C.M.A. bid the camp director said C.M.A. had by far outbid the other competitors, and that the director was satisfied that C.M.A. products were of the highest quality, even though their prices were below the other competitors. The C.M.A. truck has already delivered a large supply of groceries to the camp.

For the first time in tourist history a large group of American Negroes and whites have arranged for extensive travel together. This marks the excursion as an especially interesting pioneer movement.

The route of the Inter-Racial Excursion includes Holland, Germany, Finland, Poland, the Soviet Union, Lithuania and Latvia. The tourists will have an excellent opportunity to observe the November celebration of the establishment of the Workers' Government in Russia.

Detroit Has 35 Negro Motormen on St. Cars

That Detroit has 35 Negro street car motormen was revealed by the National Association for the Advancement of Colored People in a letter to Chairman John J. Delaney of the transportation board.

The letter was written to inquire how many jobs have been given Negroes on the new 8th avenue subway, as a follow-up of the association's recent plea to Mayor Walker and the transportation board to employ Negroes on the subway.

Bill Against Job Barriers Introduced

WASHINGTON—An attempt to prohibit discrimination on account of race or color in employment under contract for public buildings or public works in the United States was begun Tuesday with the introduction of a bill in the House of Representatives by Representative Joe Cral, Republican, of California.

The penalty for the violation of the prohibiting discrimination on account of race or color would be the deduction from the amount due the contractor by the Government of 5 per cent per day for each person so discriminated against or intimidated.

Book Review

Marcus Garvey: Is He the True Redeemer of the Negro? by H. G. Muddal, Editor of The Negro World. Limited Edition, 50 cents.
By HAZEL ESCRIDGE
Secretary-General, the Universal Negro Employment Association of Aug. 1929 of the World
In writing this little book Mr. Muddal has rendered a unique service to our leader, Hon. Marcus Garvey and to our organization. He has correctly re-interpreted the aims and objects of our program. Better still, he has clearly pointed out why our program is bound to succeed and what great progress it is making.

In such a short space Mr. Muddal has vigorously and intelligently and with great sincerity expounded the life and mission of Hon. Garvey. The U. N. I. A. members will find in this booklet a great inspiration to fight on, and if they present this book to non-U. N. I. A. Negroes they are bound to get new recruits by hundreds.
Mr. Muddal has written an inspiring little book, a telling little book.

POLITICAL High Spots

By L. BAYNARD WHITNEY

"The Forgotten Man." That is the keynote, and it is going to be the theme song of the Democratic party candidate for the Presidency during the political season's bitterly fought campaign. Governor Franklin D. Roosevelt will be swept into office through his dynamic appeal to justice for the masses in this country. It is confidently admitted that there are selfish interests who by their greed and economic tyranny have brought about a disastrous reaction in our economic structure.

Several Caribbean Islands as well as several Central and South American countries are represented among those already registered for the trip. Every section of the United States is also represented by both colored and white travelers. Social workers, students and technical men as well as special writers are included among the tourists.

During the Presidential campaign this fall, the main issue will be between selfish and wealthy corporations and businessmen and the welfare of the American people. In short, "the forgotten man." The leaders of the Republican party have committed a fatal error in carrying the autocratic principle of leadership of the many by the few to its devastating extreme.

Democracy, standing squarely for government of, for and by the people, is to take its rightful place for the protection and benefit of the common American citizen.

In certain sections of the Democratic party an autocratic and undemocratic rulership amounting to coercion, has grown up to the disgrace of the party. The New Democracy that will rise like a flood tide during the coming campaign will be forged in the fire of the common citizen's sincerity and zeal for a new freedom. The doors will be consumed. This will be good for all. The Republicans will be forced to a realization of their error through a most crushing and humiliating defeat; the Democrats will do a little housecleaning because of an aroused self-respect and an awakened realization of its obligation to the nation; the American people will demand and receive better government, with greater opportunity for all.

RALLY! - RALLY!

To Our Readers and Wellwishers

The hour has struck and we are being forced to the wall. Those that should COOPERATE with us have left the ship now that we are in distress, but the honest and willing workers that constitute the office force of this publication are holding their post and come what may have decided that if the good old ship, "NEGRO WORLD," is destined to sink, they will go down with her, with the colors, red, black and green still floating in the breeze.

But we want our readers, if possible, to come to our rescue before it's too late. In other words, our fate is in your hands. What shall your answer be? If you have the honest opinion that we have manned the ship well under the most trying conditions, then rally to our aid, with whatever MONIES you can afford. THE NEGRO WORLD MUST SURVIVE. It was the first honest race organ to serve you, therefore, let it be the last. Accept no other paper if the attempt is made to interest you in it, but hold on to the true and tried mouthpiece of the awakened Negro. Ever since the KNOX case we have been financially embarrassed. What little money we had, in the treasury, we were forced to pay out for lawyer fees, etc. Now we must pay our printer's bill each week, or we will not be able to go to press, as they have

refused to extend us any more credit. Shall we be defeated? You, the new type of Negro, must show your true colors, today. Don't wait, for delay is dangerous. The Negro World is your paper. Mr. Garvey created it and you have made it possible for it to be published for the past eighteen years. Some say it is their bible. What is it to you?

Your response to this appeal will furnish us with the answer. It will take quite a few dollars to re-intrench us. We come to you because you are one of our supporters, and we feel that you have a right to know the facts. Please come to our assistance at once, so that the NEGRO WORLD CAN GO TO PRESS REGULARLY. For whatever you may be able to do in this respect, we tender you our sincere thanks in advance.

Therefore kindly rally with 1, 2, 3, 4, 5 or more dollars and help us to keep the good old ship afloat. Also we would be glad to accept any suggestions you may care to make. Forward all contributions direct to the Negro World office, 355 Lenox Avenue, New York City.

Yours for the cause, Afric

# U. N. I. A. DIVISION NEWS

## Mme. DeMena Stirs N. Y. Div.

The spirit of the old U. N. I. A. was manifested when on Sunday evening, July 16, the New York Division (August 1929) staged a rousing mass meeting with Mrs. L. W. McCartney in the chair. Following a selection by the band, there was a recitation by Master Brown, also address by Mrs. Ethel Collins, who spoke on "Gratitude." Mrs. Brown, on "Gratitude," Mr. Arthur, on "Practicability," Madame M. L. T. DeMena, International Organizer of the U. N. I. A. (August 1929) who returned to us after her absence of three months abroad, delivered to us the message of the President General, an impregnable leader, who is preparing an extensive trip to do great work on the continent of Africa, and told of the wonderful work being done in Jamaica. Mrs. Amy Jacques Garvey also sent her appreciation and expression of gratitude to the American people.

After a few remarks from Sud Abdul Hamed, on the ability which the Hon. Marcus Garvey possesses for leadership, the meeting was brought to close by the singing of the Ethiopian National Anthem.

Secretary.

## Tiger, N. Y. C. Div.

The mass meeting of the Tiger Division was held at their Liberty Hall on Sunday, July 10, with the president presiding. After the opening exercises there was rendered an enjoyable program, in which the Maynard brothers gave a selection. The principal speaker for the evening was Mrs. J. S. Williams, who expounded to the audience the Aims and Objects of the U. N. I. A. Others who spoke were: Mr. Hill, Dr. Thomas, Mr. Lynch, Messrs. Briggs and Smith. Singing of the National Anthem brought the meeting to a close.

## Los Angeles, Calif. Div. No. 261

The mass meeting of the Los Angeles Division which was held at their Liberty Hall, 1240 E. 28th street, was quite a success. Mrs. E. Clark, who acted as mistress of ceremonies, gave the opening address, then followed the program: A song by the audience, Aims and Objects, Mr. Frank Fullerton, Current Topics of Events, Mr. Johnson, solo by Mrs. Clark with Mrs. M. Russell at the piano; reading of the Negro World, Mr. Hydes. The announcements were then made by the secretary. At this point the president, Mr. Samuel B. Marlowe, introduced the principal speaker, Dr. Richard A. Garrison, who delivered a masterly address exhorting us to adhere to the Aims and Objects of the U. N. I. A., and the program of a free Africa will be crowned with success.

## South Baltimore, Md. Div. No. 365

The South Baltimore Division held a very interesting mass meet- ing at their Liberty Hall on Sun- day, July 3, when the president, Mr. R. Miller, presided, whose ad- dress was quite fitting for the oc- casion. Mr. Campbell, the chap- lain, led the religious exercises, and Mr. Johnson acted as master of ceremonies. Other speakers were: W. H. Stewart, Mrs. A. Johnson, Mrs. M. Johnson, P. Jen- nings and H. Hill. The principal speaker of the evening was Mr. Joseph Siperian, of California, whose speech spread enthusiasm among the audience. The Back Cross Nurses rendered a beauti- ful selection, which was followed by the closing remarks of the president.

## Children's Day At Chi. Heights

On Sunday, July 10, "Children's Day" was celebrated by the Chicago Heights Division, when a fine program was rendered. The splendid speech of Prof. Donohue crowned the activities of the day. The lit- tle ones equipped themselves admirably, and their labor was re- warding at the end of the meet- ing with a full share of ice cream and cake. We also had a visit on Wednesday night from the Hon. S. R. Wheat. One new member was added to our roll, and we are doing all we can for the uplift of fallen humanity.

## Highlights of Australian Game

### OUTSIDE PROMOTERS DEFINITELY OUT

### Inside Information on Conditions During Visit of Bradman and Colleagues

Over a period of years and ex- tending into many countries your loving correspondent has had his fill of thrills at sporting events, but none so far has had the effect as the thrill I received last week at the matches staged at Inman Park between the Australian and the West Indians of New York. It was in 1905 or 1906, I witnessed and was thrilled by the spectacle of a half-bred pony, by the name of "Romero," and ridden by young McCoy, carrying 96 lbs., come from behind in the forced handi- cap to beat Memory, Perinman, Stierman, and many others, pay- ing \$50 to 1. There was thrill after thrill in that race at Grand Ave., St. George's Greenade.

In 1911 at Kensington, Bridge- town, Barbados, I saw "Little Brown" stop Lord Tennyson's team, capturing 7 wickets for 76 runs on the second day of their three day match. Plenty of thrills there when the young schoolboy, just past 14 years, beat the "bolt" that England had on the field that day.

Again in 1914, at the old Pacific Theatre on Central avenue in the city of Panama, where I saw my first professional prize fight. Kid Norfolk gave me a supreme thrill when he whipped a knockout punch across to poor Steamboat Bill Smith.

Two years later in the same city at the bull ring at Bella Vista, I saw Arthur Peley, the same man who killed McCarthy in Canada a few years before, floor Norfolk for the count of 8 in the fourth round, only to be knocked out in turn in the seventh round by the hard hitting Baltimore flash.

Enough thrills were crowded in that one Sunday afternoon to last anyone for a lifetime.

Witnessing the Zee-Papyrus in- ternational match race at Bel- mont Park in 1923, added its quota of thrills but they all fade into insignificance when compared to the thrill I received when Ben Clarke shot that ball down to Bradman on Saturday last which Olivierre gathered in to retire the world's best cricketer before he had saved his goose egg. Man and boy alive, there was thrill carried to the last niche of emotional appreciation.

You will recall we predicted that drawn game and further told you New World would give a splendid account of itself against the vis- itors. Well, sir, we did just that. The batting of Dash on Friday stood out prominently but all in all, the men chosen each day merited their pick with a few exceptions. Interviewing a few of the Australian players during their three-day stay each paid glowing tribute to our teams in general and to some of our play- ers in particular. For instance,

## Mailey thinks, and gave as his

opinion, that Hackett is the soundest bat of the men he faced here. In his opinion Hackett, moved more poise and composure against the opposition than any other, also his placements were faultless and in true orthodox style. McCabe thinks that Regier has a big fea- ture in front of him if he follows the game and is given the benefit of a first class coach. Car- ter, the wicket-keeper, was a bit enthusiastic over our Charlie Browne, but found one fault with him. As he puts it, it is the fault of all young wicket-keepers—over- anxious, the word he employs in describing Browne to wit: So anxious is he to take the ball he is taking a chance to scupper the steady bat and offers the advice that if he steps to the ball a little more often will score twice as much as at present. In all-around Mailey offers as his conclusion that in taking a wicket, he has en- countered in his present tour, Mailey offers as his conclusion that in Dash and Ben Clarke, New York produced the two best play- ers seen so far by the Australians. Dash/haits clean and hard and does not warm a bowler when the fire- work begins. In his own words he thinks Dash a "hot" hitter. He was more than surprised on Friday when he saw Clarke trun- dle. He admitted then he told his men they were up against a first- class team and would have to fight hard to win. Generally speaking the Australians to a man did two things, first that under better conditions and on a more perfect wicket they would not have escaped so easily, and secondly since their defeat is the poorest seen on the tour so far.

Another player whose name I cannot recall at this moment chirped it with the closing re- mark: "Just imagine what we would have been up against if that's how he bowled and batted!" To which we chorused, "just imagine!"

To the best of our knowledge all autograph seekers were denied the privilege of getting the signa- ture of Don Bradman except the little daughter of Captain Mal- vance of the Jamaica A. C. Through the intervention of assist- ant manager Green, she was able to procure the coveted signature of the world's best cricketer after he had declined this same courtesy over a dozen in my presence.

The visit of these Australians has left a pile of unpleasant re- mories in its wake, chief of which was that instead of five members comprising the Executive Com- mittee there was only one and his dash his clean and hard and doe

### Racketeering in all its ramifications

particularly that branch which centers its activities in the illicit liquor traffic, is forcibly pic- tured in "Scarface, the Shame of a Nation," a Howard Hughes epic which will be shown at Loew's Seventh Avenue theatre Sunday and Monday, July 24 and 25.

"Scarface, the Shame of a Nation" tells the rise and fall of Tony Camonte, and the leading role is played by Paul Muni, who is supported by Ann Dvorak, Karen Morley, Osgood Perkins and others.

On the same program there will be shown the seventh episode of the serial "Real of the Mobician" (Saturday afternoon only) and a new Charley Chase comedy.

When a husband is "lost" to his wife for several years has he the right to claim her love upon his return? This is the dramatic problem which confronts Claudette Colbert and Clive Brook in "The Man From Yesterday," one of the two feature pictures for Tuesday night, Wednesday, July 27, 28.

Those that missed this trip to the world's play ground, truly missed continuous free trip to the field. However, the club will be anxiously waiting for next season to start, and they will pre- sent a brilliant record that will be established for this well known club. May they continue on the good road they have chosen, as success is theirs. The GIGGOLA ACES is a club that was organized in May, 1931, and has a mem- bership of ten members. This club while not old in years, has made an enviable record in this short time. They are now working hard on their affair that will be held early in September. . . . Girls, if you do not know Mr. Manuel Green and Mr. Gonzales of the GIGGOLA ACES, then make that a point of duty to do so. . . . IT is said. . . . So James Glymph found he too could not take it. ## CLUB DARTS

### By LEE-BELL

Sorry to learn that the breath of scandal has swept down on one of our leading clubs, but person- ally feel that the CLUB IS LARGE ENOUGH to live it down and stay on top. . . . CAN'T WE TALK IT OVER, page Mr. MOR- RISON and BARON MIA of the PHAEDRO BOYS— did someone act as arbitrator, or did they act as compromiser? Methinks a good job was done, as the boys are now singing "Pain, till death does part us". . . . Word comes to us that the club that started with such glowing promises, "THE UL- TRA ARTISTIC CLUB," is now on its last legs due to the stubborn- ness of a minority. . . . The IDEAL TRAVELLERS not only lived up to their promise, but went fur- ther, and gave to their following even more than a good time. Too much praise cannot be given to Mr. James Putman, the President for his effort to give the Club's World something worthwhile. Those that missed this trip to the world's play ground, truly missed continuous free trip to the field. However, the club will be anxiously waiting for next season to start, and they will pre- sent a brilliant record that will be established for this well known club. ## Loew's Victoria

In the Red-Headed Woman dif- ferent from other women? Some folks consider her the public enemy of sweethearts and wives, yet science says she's not to blame!

Just Harlow may be seen play- ing the role of that woman in "Red Headed Woman," the feature picture for Sunday, Monday and Tuesday, July 24, 25, 26. This drama which is based on Katherine Brewster's sensational novel, for the first time reveals the soul of the red headed woman as she is.

The supporting cast includes Chester Morris, Lewis Stone, Lilla Hyams, Una Merkel and others.

When a husband is "lost" to his wife for several years, has he the right to claim her love upon his return? This is the dramatic problem which confronts Claudette Colbert and Clive Brook in "The Man From Yesterday," one of the two feature pictures for Wednes- day, Thursday and Friday, July 27, 28, 29.

The other picture will be Joe E. Brown in "The Tenderfoot," which is hailed as Brown's funni- est film. In the title role, Joe ap- pears as a "tenderfoot" who comes over a dozen in my presence.

Negro Family Statistics

NEBRASKA... WASHINGTON.—The Bureau of the Census has just announced that there are 3,700 Negro families in the state of Nebraska, of which 1,253 are owner families and 2,447 tenant families. The number of Negro families represents 1.1 per cent of the total number of families of the state, while the Negro population, 13,752, represents but 1.9 per cent of the total population. Approximately 33 per cent of the Negro families of the state live in owned homes.

NEW YORK... WASHINGTON.—The final figures on general occupation statistics for New York state, for the 1930 census, as announced last week by the U. S. Census Bureau, showed that of the 412,814 Negroes in the state, 238,305 were gainfully employed. If these Negroes had an average income of only \$40 per month, the yearly income would be \$114,866,400. About how much of this million dollars do Negro enterprises get? Ten per cent would be over 14 million.

KENTUCKY... WASHINGTON.—Of the 60,672 Negro families in the state of Kentucky, 21,596 are owner families and 37,766 tenant families, according to figures just released by the Bureau of Census here. The number of Negro families was reported to represent exactly 10 per cent of the total number of families in the state. Following what has proved to be the characteristic of a number of other states the medium size of the Negro family proved to be smaller than the medium size of native white families, the comparative figures being for Negroes 2.69 and for whites 3.78.

WARN AGAINST TAKING CIVIL SERVICE COURSES... WASHINGTON.—A warning to the public against paying money for certain "coaching" courses in preparation for Federal civil service examinations was issued today by the Civil Service Commission.

Ten "How to Keep Cool" Hints

By SHERLEY W. WYNNE, M.D., D.E. P.E. Part the frying pan in cold storage this summer. Fried foods are fatty; fat produces body heat. Eat plenty of green, leafy vegetables and fruit. Drink milk in preference to all food drinks. Take frequent baths; daily, if possible. Avoid direct rays of the sun when it is high. Take your time—rushing always overheats. Keep your mind on your work, not on the weather.

THE EARTH IS LIKE A GARDEN... BY VICTOR G. COHEN... Humanity is like a garden. Its flowers are its virtues. Its thorns are its vices. Its pigmentation is its hue. Which hangs from many bowers. Some black, some white, some yellow, some brown. Yet each their work performs. For every race He had a plan. Before this world was formed. He knew 'twould not be pleasing to His omniscient eyes. To see His garden clothed in white, Whence'er He passes by. So from each molecule He took An atom more or less. A little here, a bit more there, To make these various hues. Hence, like the earth which grows these flowers Of various scent and colors He is the source of every race. Regardless of their colors.

ALMOST FLAT ON HER BACK... Aching back? Will it never stop? She's nearly driven to despair. Lydia E. Finck's Vegetable Compound has relieved "backache" for over 50 years.

EAST INDIA HAIR CROWNER... Will Promote a Full Growth of Hair, Will Restore the Straggled, Thinly Growing Hair, Will Remove the Itching, Burning, Swelling, and Inflammation of the Scalp. It is the only hair crowner that will grow the hair on the scalp, and it will grow the hair on the scalp, and it will grow the hair on the scalp.

MARRIED TEACHERS LOSE JOBS IN ARIZONA... PHOENIX, Ariz.—Six colored teachers in the city and county schools will lose their jobs here as a result of the recent order that no married women can teach here, after they will be replaced by single colored girls, according to the board of education.

1. To Make the Negro World Platform
  2. To Advocate Racial Self-Determination
  3. To Breathe Ideals of Manhood and Womanhood into Every Negro
  4. To Make the Negro World-Conscious
  5. To Present All the News That Will Be Interesting and Instructive to the Negro
  6. To Inspire Racial Love and Self-Respect

### Hand Fast By the Negro World

THE NEGRO WORLD, oldest independent, bold, racial newspaper, has advocated the cause of the New Negro in America and outside and has planted minglings in the hearts of the heartless exploiters of the race, who are coming to its aid in a generous and unselfish manner. We are sure that the Negro World will survive the present depression for nearly sixteen years will not be enough for Negroes who are looking for a new angle, who have visions of independence, economic liberation, and a black government.

Dear readers: Consider yourselves from TODAY on that you are LIFE-PARTNERS in the conduct of this great, world-famed, racial newspaper which is so dear and near your heart and which ALONE can express everything that is agitating your mind and soul. And as partners, will you not create a SUBSTANTIAL FUND for the CONTINUATION of The Negro World? Let us set a practical minimum mark for you to reach and reach within two weeks, for the help that you can give us MUST BE IMMEDIATE or we shall have to suspend publication.

### Garvey and The Negro World

THE HON. MARCUS GARVEY, who has been so much discredited by the American press, is according to the Negro World, a man of great ability and management who has decided to carry on the good work and keep faith with the tens of thousands of our readers and subscribers and advertisers.

### Let Us Stick Together

THINGS are getting tight for the Negro all over the country. The only way out is in our unity. A united front would keep us alive, would help us survive, would enable us to attract more attention and thus better relief. If we fight among ourselves continuously we cannot storm fortresses whereas lies the key to solve our problems.

## A Look at Life

By ARNOLD C. DEMILLE

### GARVEY—THE REDEEMER?

Is Marcus Garvey the true redeemer of the Negro? Is one of the outstanding questions which the Negro has been trying to answer for a number of years. But during the past year or so, it appears, the question has aroused the interest of a large number of Negroes who have never before thought about the merits of the program of the U. N. I. A., nor about the aims of its President-General, Mr. Garvey.

Several well-known leaders, both white and colored, who at one time or another pointed out defects of the program, and who cared little or nothing about the founder, now find themselves much puzzled and are wondering whether or not the ideas of Mr. Garvey are as radical as they were once thought, if the program constitutes more logic than they had anticipated, and if Mr. Garvey is more of a redeemer and deserves more credit than that which has been given him.

### BUSINESS TO SUIT YOU

#### WHITE CAP IDEA MARKS EMPLOYMENT

The white duck cap at twenty-five cents has taken New York by storm and threatens to spread to the whole country. One report has it that the idea was conceived by two fellows who were out of work. Well, it should be gratifying to them to see their brain-child giving employment to so many people at a time like this. What would this world be without IDEAS—put to work?

## The Periscope

### REPUDIATE REPUBLICAN HYPOCRISY

Every trusting and hopeful Negro who has been looking to the Republican Party for relief and an amelioration of the many injustices heaped upon him, should abandon such practice this November and cast his complete ballot for the Democratic candidate.

For over 60 years the Republican leaders have "promised" the suffering Negroes a "break," but up to the present time they have utterly failed to pass one iota of legislation which would affect the conditions most irritating to the Negro citizen. Now comes the Democrats with the declaration of "Equal Rights for all and special privileges to NONE." Such a platform should attract every Negro citizen.

The South has done little to justify such faith and confidence from Negro voters, but between the two parties, the Democratic utterances are the most commendable and noteworthy. The South is the real battle-ground for the race question after all; it is there that Negroes are openly denied most of their constitutional rights as citizens of the nation; it is there that the bulk of the Negro citizenry resides and struggles for an existence; it is there that the Negroes are compelled to submit to segregation and public discrimination—so it is natural for all Negroes to concentrate upon this section as a matter of principle. The Republican leaders have followed a policy of vacillation and indifference, so it now behooves those who are interested to deal DIRECTLY with those mostly responsible for these un-American mistreatments and obtain a DEFINITE UNDERSTANDING regarding the STATUS of the DIRECT DESCENDANTS OF SLAVE PARENTS.

### Roosevelt Seeks Harmony

The real reason why James M. Farley, Democratic National Chairman, and Louis M. Howe, Governor Roosevelt's personal secretary, insisted upon conducting the Roosevelt campaign by States rather than by setting up a series of regional headquarters, is in the interest of party harmony. It was learned today.

While several national leaders in the Democratic Party much preferred the old style of campaign, with headquarters and hired spell-binders to stump the country, Mr. Farley and Mr. Howe, it is understood, believe that one reason why the Democratic Party nationally has had so little success has been due to these time-honored methods.

The Roosevelt campaign will be a departure. Each State organization will remain a unit unto itself and no one from Maine, say, will go into Texas and tell Texas how to conduct its campaign, and neither will some Southern orator descend upon a State organization in the Northwest and tell them what to do.

As one Roosevelt man expressed it: "At the start of some former national campaigns the State organizations were enthusiastic; had some pep. Then what happened? Instead of being allowed to run their own campaign in their own way, there came into the State a half dozen or so campaign managers. "Naturally, the State organization resented this. Naturally, too, the State organization lost its enthusiasm and the result—another State in the Republican column in November. "As a matter of fact, the Republicans,

## "OPINIONS"

By DAVIS LEE

The traitors and liars are busy again. A number of flagrantly unreliable sheets have been carrying misleading and maliciously manufactured stories about Mr. Garvey and the U. N. I. A.

The latest outburst was the ridiculous tirade by Dr. Lionel Francis who has an over-weening desire for publicity. Of course we know about the shortcomings of this illiterate and view his congenial braying with mild amusement.

Francis was head of the U. N. I. A. in Philadelphia, 1923-24, but left it and organized the "International Negro Alliance," which died in 12 months. He left this city a few months ago for Harlem. So that's that. Just why couldn't these other sheets obtain the facts about Dr. Francis instead of publishing his unwarranted lies about Mr. Garvey? Are they trying to pay off an old grudge or gratify a personal antipathy? Or are they actuated by jealous motives? I would certainly like to know.

The current issue of Abbott's Monthly contains an article by Raymond St. John, "Marcus Garvey in Exile." I have never read anything that reeked with more lies and inaccuracies than that article. Apparently St. John is one of the amusing doctor's confederates.

But the Garveyites haven't anything to fear from Francis or his adherents. Dr. Francis is suffering from a chronic attack of arrogance and self-importance and the only ones that listen to his wailings are a few numskulls whose foresight does not extend beyond their noses.

However, when I get the Depression Blues, I think of Francis. The thought always forces a laugh. Try it.

### Know Thyself

By LESLIE BISHOP

A white minister of the gospel has openly declared that the Lord-God Jehovah made the black woman for the sexual convenience of the white man and that the black race will never reach the heights of their ambition, where they can demand the respect of other races.

They were enemies of Jehovah, he declared, and he has scattered them into all parts of the world for an inheritance to the white man.

There are many white anthropologists who, like the reverend gentleman, has not a good word to say in behalf of the black race. Such as the authors of the rising tide of color and the conflict of color. They all have openly claimed that there is no redemption for the black race.

We are happy to state that as soon as the Negro has gotten the yoke off his back, he shall get the dominion over his slaves' master. The aliens shall be his ploughmen and vine-dressers. Strangers shall feed his flock; and the sons of those who have despised him shall come bending down to him, and the natives that refused to serve, Ethiopia shall perish, yea, those nations shall be utterly destroyed. This, of course, may sound radical to those Negro haters but this will eventually come to pass as soon as the Negro has thrown off the culture of other races.

Even though they set up national headquarters, actually run their campaigns by States, the State organizations are responsible and are in charge.
