NEW YORK CITY, WEDNESDAY, AUGUST 30, 1933

PRICE: FIVE CENTS IN GREATER NEW YORK, TEN CENTS ELSEWHERE IN THE U. S. A. TEN CENTS IN FOREIGN COUNTRIES.

Governors Asked To Appoint Negro

Governors of each of the states were appealed to by the National Urban League to appoint Negro representatives on the advisory Committee of their state's employment office which is to be run in cooperation with the United States Employment Service. The League argues that in this way Negro unemployed can be sure of having their problems brought before state authorities.

William Green, President of the American Federation of Labor, in the League's third appeal to him for action to do away with discrimination in labor unions against Negroes, has been asked to form a commission that will hear and adjust charges against labor groups practicing restrictions against Negroes. Appealing to him not only as the President of the Federation but as a member of the Labor-Advisory Board of the NRA and the President's National Industrial Mediation Board, to adjust strike difficulties, he was exhorted to apply the principle of conciliation advocated by these two groups to the disputes that are arising in connection with Negro workers in the trade union movement.

Tom Mann Boared From United States

Tom Mann, historic figure in the British Labor Movement, has been refused a visa to visit the United States during September, according to information received by the National Organizing Committee for the United States Congress Against War. In response to the invitation to address the United States Congress in New York September 1st along with Henri Barbusse, noted French literary figure, and other outstanding leaders in the United States, the British labor leader made application at the American Consulate for a visa. Protests have been sent by telegram to President Roosevelt at Hyde Park and Cornell Hull; Secretary of State, demanding a rescinding of this action, according to Donald Henderson, Secretary of the Organizing Committee for the United States Congress Against War.

The eighty-six year old labor leader who recently served a term in prison because of the part which he played in the London Hunger March of last winter is well-known in the United States for his outstanding militant leadership in the British Labor Movement during the past sixty years.

Notice and Warning

Mr. R. T. Brown is no longer the editor of "The Negro World," nor is he connected with this paper in any capacity. The Negro World is not responsible for any agreements or contracts entered into with Mr. Brown.

Address all communications to the editor and write all checks and money orders payable to, "The Negro World."

Herndon Files Appeal

Atlanta, Aug. 25.—An appeal has been filed in the Georgia Supreme Court to the conviction of Angelo Herndon, 19, the Negro under sentence of from 18 to 20 years imprisonment on a charge of attempting to incite insurrection. The jury that convicted him was all white, a fact that led the defense to contend that the trial was unfair.

Brothers Die

Brothers Die Claiming Innocence

Columbus, Ohio.—In the last few moments of his life, Joseph "Budda" Murphy 18, made a dramatic and eloquent plea for justice.

He and his brother James, 24, of Cincinnati was electrocuted at the Ohio Penitentiary, Monday night for the murder of a bank cashier. "Let us not make scarecrows of the laws"—to scare away the birds of prey," Murphy said. "Authority should be felt, not seen." The fallibility of mankind is too well known to deviate the State from calmly and coldly taking human life. I hope I may be the last to share such a repugnant fate.

Negroes Ousted by NRA in South

Atlanta, Aug. 27.—The South is backing the President's NRA campaign with a solid displacement of Negroes in jobs that they have held for a traditional time. With the rising of the wage scale, such jobs as waiters, messengers, printers, truck drivers and elevator operators, where Negroes have been employed for years, have been given to the unemployed white, thus throwing more black men into the unemployed ranks.

Mississippi has already given the nation an example of extreme barbarity based on an economic condition. When certain railroads refused to discharge veteran negro firemen, a series of assassinations and murders followed. These firemen were lured from their jobs and shot down.

Throughout the South, these displacements have been occurring wherever there has been a raise in labor standards, thus giving the NRA and welfare councils new problems in bringing back the nation to actual recovery.

Peace Now His Aim Declares Gandhi

BOMBAY, Aug. 25.—Mahatma Gandhi, in an interview today, declared he would seek peace much more eagerly than imprisonment and a possible repetition of his fast. He said, therefore, he would again use his freedom to explore avenues to peace in India.

It is possible he will make another attempt to see the Viceroy, whose last refusal to confer with him was "one of the great disappointments of my life."

Questioned as to whether he would again take up civil disobedience, Mr. Gandhi replied that the future was shrouded in impenetrable darkness in which only death is inevitable. Should he return to prison, however, the government and the public would "have to face the fact" that he would have to be allowed to carry on his work for the Untouchables without hindrance, or he would again begin a "fast unto death."

Alma Smith Reported To Be Married To Floyd Snelson

According to statements made by persons very close to both, Alma Smith, former Ziegfeld Showboat beauty and Floyd G. Snelson, Jr., noted newspaper man were quietly married in London last Friday.

Mr. Snelson, who until recently was theatrical editor of the Pittsburgh Courier, was the only colored reporter to cover the Olympic games in California last year. He was for a long time associated

I. C. N. R. Leads Fight For Negro

Washington (CNS)—Fully realizing the significance of the National Recovery Administration program to Negro workers and consumers, leading figures in the world of the Negro church and Negro fraternal circles, joined last week in the program of the Negro Industrial League to form a joint committee of National Recovery, to be composed of the representatives of all Negro organizations, churches and fraternal orders and to maintain a united front in the fight for the inclusion of Negro labor in all programs of national recovery.

Extended conferences were held prior to the formation of the committee for the purpose of mapping out a complete plan of action. The groundwork laid several months ago by the Negro Industrial League was adopted as a feasible plan of getting together all available data and information from all operating organizations. At present a technical staff is at work compiling information to be used in the future hearings on the codes.

Officers of the Committee on National Recovery, elected by common consent were as follows: Dr. George E. Haynes of the Federal Council of Churches of Christ of America, chairman; John P. Davis, executive secretary of the Negro Industrial League, secretary; Miss Nannie Burroughs of the Women's Auxiliary of the National Baptist Convention, treasurer. Dr. Robert C. Weaver, was named technical advisor to the committee.

White Leaders Pledge Support

Prior to the formation of the joint committee the support of white labor leaders was solicited. Among those who pledged their support in the fight for a square deal for Negro labor and who promised to work with the committee were John L. Lewis of the United Mine Workers of America and Miss Mary Van Kleeck of the Russell Sage Foundation. Miss Van Kleeck worked with the committee in the preparation of the brief submitted in the public hearings on the coal industry codes.

The church organizations which have so far expressed assent to the plan of the committee include the A. M. E. church with a membership of over 700,000 and the A. M. E. Zion church with a membership of nearly 500,000. The Elks, who already through their Grand Exalted Ruler, J. Finley Wilson had cooperated in the work of the Negro Industrial League in earlier codes, have also joined in the work.

Word came also that Negro World War Veterans had representation. Invitations went out last week to numerous fraternal and church bodies, whose support was solicited. Telegrams from a number of these groups praising the coordination of Negro associations in a common council were received at the Washington office of the committee. Other organizations also promised to appoint delegates to attend the second conference of the committee to be held in Washington at an early date.

To Cover Every Phase of Recovery Program

It was agreed by the committee that every phase of the national recovery program as it affected Negroes would be covered. A subcommittee of Negro business men to work on the problems raised for

(Continued on page 8)

with the Interstate Tattler, and solitude on the continent.

Miss Smith sailed with Clarence Robinson's unit of performers about three months ago, to appear at the Moulin Rouge, and Folies Bergere in Paris, and until the news of the marriage arrived, Mr. Snelson's whereabouts were a matter of conjecture.

U. S. Movies Held Bad for Africans

BANFF, Alta., Aug. 25 (Canadian Press).—Missions and movies came in for sharp criticism from members of the Institute of Pacific Relations in a round-table conference today.

A British member declared investigation had shown African tribes to have suffered severely from Hollywood pictures, which had poured into the country without censorship of any kind. He said it had a disastrous effect on tribal life.

With regard to missionaries the speaker asserted his remarks were confined to "provocative" missionaries. In recent years, he declared, aggressive American Negro missionaries had inflamed the native mind with primitive ideas of racial hatred.

Dominance of the "get-rich-quick mentality" on the continent was denounced by a Canadian member of the institute.

"The same gang is still on the movie job," the speaker said, and he can life."

RELIEF FOR TEACHERS

The National Urban League is asking teachers to help in all sections of the country to read the following authorization sent to Negro relief administrators by Harry L. Hopkins, Administrator of the Federal Emergency Relief Administration. This is what it says:

"TO THE GOVERNORS AND STATE RELIEF ADMINISTRATORS:

Your relief commission is authorized to use its funds to hire Negroes to be made available by the Federal Emergency Administration to pay work relief workers, especially Negroes or other persons competent to teach and assign them to classes to be taught. Give them these teachers are assigned by the relief offices to appropriate educational authorities and provide to give to the Negroes the entire supervision over their activities; secondly, provided that they are assigned to teach in schools which have been closed or partially closed for the coming school year because of lack of funds, this applies only to rural communities. State relief Administrations are also authorized to hire Negroes to teach free and to pay relief work wages to needy unemployed persons competent to teach adults under the direction of Negroes.

The audience expressed a desire that the speaker would be with them again in the near future which he did. He said that the Negroes at the meeting previous, Mr. U. S. Poston, realtor and editor spoke on the subject "N. R. A." and very interestingly pointed out that the administration had failed to do much for Negroes. This applies to cities as well as rural counties. Under no circumstances should relief workers be satisfied until we get to the bottom of the other races on every part of their program.

The audience expressed a desire that the speaker would be with them again in the near future which he did. He said that the Negroes at the meeting previous, Mr. U. S. EAC STATE CHAIRMAN
ANNOUNCED

The Emergency Advisory Council for Negroes formed by the National Urban League and gaining popularity in the Negro community, has pledged itself to secure at all times speakers of the highest standard.

The closer you get to some people the more distant they are. A man by marrying him.

New York Swimmers Lose

Washington, D. C., Aug. 26—

Displaying a well balanced team of both girls and boys, the Francis Park swimming team of New York City, defeated a team composed of boys from the 13th Y. M. C. A. at the sixth annual water carnival and A. A. A. Championships at the Swimming Pool, 25th and N streets, by the score of 87 to 50.

The victory of the Washingtonians was not an hazard, however, as the individual performances of certain members of the Gotham team more than overshadowed their defeat.

Larry Williams, stellar swimmer of the New York squad and a veteran of many an aquatic battle, was the star of the show, with 15 points to his credit. He took the 100-yard free style without a struggle in 1:00.25 sec.; the 200-yard free style in 2:14 seconds; and the 100-yard relay in the 150-yard back stroke in 2:14 seconds. Several more wins like the last three and Williams will be able to keep the high point trophy which prize he has his eyes on.

Others of the New York team to show well were Charlie Johnson, George Bayard Co. 16 and Willie Hines.

The aquatics returned to New York Sunday evening.

The Problem's Cooperative Forum has as its chief speaker Mr. Wm. T. Sheriff from Akron. His subject was "Cooperation" which he handled with his usual masterly command of oratory and knowledge of racial affairs.

At the conclusion of his address, his audience showed their appreciation by their very evident smiles of satisfaction and expression of satisfaction and expression of satisfaction.

"TO THE GOVERNORS AND STATE RELIEF ADMINISTRATORS:

The Negro World does not knowingly accept
questionable or fraudulent advertising. Readers
of The Negro World are earnestly requested to
invite our attention to any failure on the part of
an advertiser to adhere to any representation contained
in any advertisement in The Negro World.

OUR PLEDGE

We are new to the editorial chair of the Negro World.
We pledge faith to those ideals and principles that have built this paper to its present level of good journalism.
We believe a Negro newspaper should have three primary and three secondary purposes.

1. To promote racial integrity.
2. To conduct economic security.
3. To energize Negro business enterprises and,

- (a) Dissimilate information
- (b) To publish news—all of it.
- (c) To truly be the vehicle of expression for the Race.

We pledge ourselves to strictly adhere to the policy of building and helping in every situation that needs and deserves support. When abuses of power or privilege, dishonesty or fraud by individuals or groups is discovered, it will be our duty and privilege to publish the truth, no matter who may it hurt, if such expose will prevent an injury or right a wrong.

TO THE RACE AND TO THE PUBLIC AT LARGE
we owe allegiance and to them we will keep the faith.

THE HOME RELIEF FIASCO

We hold it true that society and the State owe a living to each of its citizens. When the working people (ie) the people who produce by hand or brain, are faced with mass unemployment brought about by conditions over which they have no control it is then the duty of the State to fully provide for the comfort of its people, who may suffer, in the matter of food, shelter and clothing. We have been and still are suffering from prolonged mass unemployment.

In recognition of its duty to the people the CITY OF NEW YORK has given us the HOME RELIEF BUREAU. Inadequate and demoralizing as home relief may be, it might even yet do a commendable job in dispensing relief if it were efficiently staffed, supervised and impartially administered. We believe many of the executive heads of the bureau are sincere in their desire to do the most good for the greatest number of needy families possible. At the same time the selection of district supervisors has been in some cases arbitrary and the matter of training indiscremately chosen persons to do office work. The result of this is most certainly a vexatious one and probably the largest impediment to the smooth functioning of the relief bureau machinery.

We cannot help pointing our fingers at such outstand ing incompetence as is evidenced at the twenty-fifth precinct district in East 128th Street. Families are at times forced to go for weeks without food, repeatedly.

Complaints are filed and applicants are told that the budget has been cut and appropriations have lessened. Perhaps in some instances this is true. But we know of specific cases where families have been skipped for weeks and such information was given in response to complaint. Yet, at the same time, other precincts were carrying on as before. The Negro World believes that there is wholesale segregation against the 25th precinct, or there is a definite lack of efficiency, or worse still, there is efficient dishonesty on the part of the personnel concerned. We, for the benefit of the people in Harlem who are largely served from this station, shall endeavor to learn which.

What To Read

We will be glad to help you solve your book problems, plan outlines for courses of study in any desired subject, or give competent advice on the preparation of manuscripts.

Inquiries should be sent to MISS SONYA KRUTCHKOFF, Readers' Adviser, Harvard Admissions Office, 19 Brattle Street, Cambridge, Mass.

Miss T. K. wants to read some manuscripts and to discuss them with successful motion picture writers.

Barnes, Margaret
Westward Passage
An American woman across the Atlantic, under the way which a woman of forty makes up her mind which of her two husbands she prefers.

Hemingway, Ernest
Farwell to Arms
A love story of an American ambulance driver during World War I with the war as a background.

Stone, G. Z.
Bitter Tea of General Yan
A Chinese girl goes out to China to marry a medical missionary in 1917 and finds herself in the middle of the Revolution.

Steng, Phil
State Fair
The story of a farming family which moves from the State Fair and return after a courageous week.

Weeks, Vicki
Grand Hotel
The character analysis of a half dozen people, guests at a Berlin Hotel, and how the events of a day affect the lives of all of them.

Mr. W. H. of Atlanta, Ga., asks for information on educational books, notes for their valuable cultural information.

Durant, W. J.
Story of Philosophy
Peculiar presentation of the essential thought of great philosophers, from Plato to John Dewey, Tom Hulin and all others who are frightened at the thought.

Rosenberg, Alfred
The Mind in the Making
Traces the mind's history from animal to man.

Macy, J. A.
Story of the World's Literature
A reading guide to the most important books and writers down to the middle of the literature.

These little tea cakes are usually made from a plain batter cake batter or a sponge cake batter. One of the best ways to make them is to separate and flavoring. Bake in a moderately hot oven, 350 degrees, twenty to twenty-five minutes. Makes three layers nine inches in diameter, one and a half inches high.

Cream Filling
1/2 cup sugar 1/2 cup milk
1/4 cup cornstarch 1 egg
starch 1/2 tsp. flavoring
sugar 1/2 tsp. vanilla
flavoring

Beat egg whites with two tablespoons of sugar until stiff. Continue to beat and add same amount of sugar at a time until half the sugar is added. Add cream of tartar to rest of egg. Now continue adding sugar, a table spoon at a time, heating thoroughly after each addition, until a knife cut down into frosting makes a clean cut. Add vanilla extract and depends entirely on the thorough beating after each addition of sugar.

Cup Cakes
4 eggs 1/2 cup cream
1/2 cups sifted 1/2 cup of butter
confectioner's sugar 1/2 tsp. vanilla
sugar

Beat egg whites for three minutes, continue to beat and add same amount of sugar at a time until half the sugar is added. Add cream of tartar to rest of egg. Now continue adding sugar, a table spoon at a time, heating thoroughly after each addition, until a knife cut down into frosting makes a clean cut. Add vanilla extract and depends entirely on the thorough beating after each addition of sugar.

These small cakes are made by using egg whites only. Make cake mixture. Bake in shallow pan and when the cake is cool, cut in shapes. Some are filled with a cream or whipped cream. The Doctor's "One-Two-Three-Four" cake is given here for a delicious cake.

The "One-Two-Three-Four" cake can be made into a large round cake and feed as a birthday cake with a knife. Cut down into frosting makes a clean cut. Add vanilla extract and depends entirely on the thorough beating after each addition of sugar.

Cup Cakes
1/2 cup butter 2 tsp. baking-
1 cup sugar powder
2 eggs 1/2 cup milk
1/2 cups flour 1 tsp. flavoring
sugar

Cream butter and sugar until well mixed. Add beaten eggs. Sift baking powder with the flour that has been measured. Add flour to the mixture after each addition of the milk. Add flour alternately to first mixture, then add flavoring.

Beat only enough to blend thoroughly. Pour into a well greased and floured cup cake pan. Bake for twenty-four minute.

These are good for tea parties.

I saw a white gal dressed in jade. They stole those rhythm from the River Nig.

I grabbed a light gal, mebbe she been brown.

She taught me how to kick the ground.

THE COMMENTATOR

The man on the black horse and his message.

"A measure of wheat for a penny and three measures of barley for a penny; and see thou hurt not the oil and the wine"—St. John on the last of Pentecost.

St. John in his vision saw a man on a White Horse to whom was given a crown, and his mission was peace, but he was rejected as a heretic. He rode a white Horse and he had a sword. His mission was war. He was accepted as leader. He saw a man on a Pale Horse, and he was death. He said to the Jewish world: "To let earth millions down to desolation, nakedness, hunger and human misery, and hell followed with him." He was a Black Horse and he sat on him and in his hand he fair scales, and he cried: "A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine."

The man that sat on the Black Horse was on errand of mercy, but his care was sad, for the symbol of death was the crop of death.

Desolation and despair have followed in the wake of war, though the signs of the Sixth Seal, the events of history are recorded in the struggles of man, crediting with being an intelligent human being, and yet less than sixty years during the last century has he been able to peace with his fellow man. Over eighty per cent of his wealth, the result of the sweat of his brow, is still being used to support the ends of war, the arch enemy of the race, and of God.

It is the price of human folly that the last farthing must be paid, the price of a horrid leadership, that has brought us to the ages on a Red Horse, the most revolting spectacle the eye can behold. Our present troubles are the result of that kind of leadership.

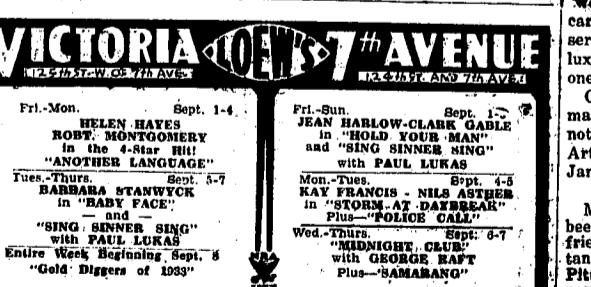

President Roosevelt is astride a Black Horse and in his hands are a pair of scales. This black steed is symbolic of the distress, the human misery, the poverty, the tears and sadness of millions. His ples is that men shall deal justly with one another. It has been a substantial contribution to the body of thought embraced in the New Order, what many call the new world. The world's salvation lies all along by our "supermen," that has made this depression, for the first time, more than ever before.

One of the most amazing things about the whole situation has been the utter contempt of our leaders for the poor. If they had not accepted brain force of a man like John W. Davis. It is nothing but a wet blanket. It is exactly what has been constituted, annullment all along by our "supermen," that has made this depression, for the first time, more than ever before.

President Roosevelt is astride a Black Horse and in his hands are a pair of scales. This black steed is symbolic of the distress, the human misery, the poverty, the tears and sadness of millions. His ples is that men shall deal justly with one another. It has been a substantial contribution to the body of thought embraced in the New Order, what many call the new world. The world's salvation lies all along by our "supermen," that has made this depression, for the first time, more than ever before.

Unless the American people measure the wheat and the barley in due regard to the penny involved, and unless they hurt not the oil and the wine, the man that sits on the Black Horse will be held responsible for the destruction of the world, for the representation of it will be found in every corner of the globe. Is there that are looking to us for leadership? No one knows this so well as the President himself. He lives in a White House, he rides a White Horse, and he holds in his hands a pair of scales. Who betides the man or the institution, business or otherwise, that would be foolish enough to follow the man that rides the Black Horse down the road less traveled by the wreckage of war and who comes not as a messenger of death, but to remind us of the horror of death

(Continued on page 7)

Theatricals

Don Redmond and Band with a soprano cast at Loew's. Here he heads in principals and chorus at closed weeks run at Loew's State on Broadway. Those who provided this snappy entertainment included: "The Girl and the Guitars"; "Pete and Duke"; "Red" and "String"; a young woman singer from Rhythm Club and a boy hoofer. Loew's is trying many colored performers than to bring forth unbright the oil and the wine that hearts may be happy again; but those who have been given a crown, and his mission was peace, but he was rejected as a heretic. He rode a white Horse and he had a sword. His mission was war. He was accepted as leader. He saw a man on a Pale Horse, and he was death. He said to the Jewish world: "To let earth millions down to desolation, nakedness, hunger and human misery, and hell followed with him." He was a Black Horse and he sat on him and in his hand he fair scales, and he cried: "A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine."

Bill Robinson and Ada Brown in "Goin' to Town" opened for a week at Loew's East 14th Street house. This fast unit has just completed a 20 week run in westland cities next week.

Richardson's Luncheonette 10th near 8th opened two weeks ago in J. Richardson's answer to Green Pasture's company for cutting his hair. The place is without its congenitalism. This business is operated by himself, his wife, and daughter, resulting in a general exodus of the benighted sons and daughters of the tribes of Israel from Green Pasture.

I contend with the sociologist that regardless of what progress cultural, political, economic, or otherwise, that man may have made in this country, the Sons of Israel seek to erect some sanctuary upon this universe, where the unbombed general remains dormant in the presence of the most intelligent beings. However, considering the obstinate fact that the Jew constituted less than the 1% of the population of the United States, the pursuit of happiness "You're sick."

A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine."

Waiting

"I have always believed and still do that no man should work less than eight hours a day...what are you going to do with all these extra hours?"...honestly how many hours a week will you use them for? Recovery. And we are still awaiting the result of this amendment.

The man that sat on the Black Horse was on errand of mercy, but his care was sad, for the symbol of death was the crop of death.

I.C.N.R. Leads Fight For Negro

(Continued from page 1)
Negro business by the President's Re-employment Agreement program has been named. Other sub-committees to deal with various phases of the National Recovery Administration and with the agricultural problems faced by Negro farmers have been created.

The membership of the committee was pleased with the announcement made by Dr. Haynes, the chairman, that briefs in every important public hearing on industries employing large numbers of Negroes were near completion and that these briefs were being studied by some of the leading white economists in the country, who had volunteered their services to the committee.

Speaking at the conference, Mr. Davis, its new secretary, spoke of the work of the Negro Industrial League and reported on its activity prior to the formation of the Committee on National Recovery. He stressed the fact that all future activity of the cooperating agencies should be joint and that all action taken should have endorsement of the committee. Telegrams and letters touching on the need for joint action and on the need for Negro interest in the entire recovery program were read at the conference. Among them was a telegram from Major Robert Russa Moton of Tuskegee Institute. Letters from Roy Wilkins of the National Association for the Advancement of Colored People, C. C. Spaulding of the North Carolina Mutual Life Insurance Company, and Eugene Kinckle Jones of the National Urban League, which pointed out various problems raised by the National Recovery Program were read to the committee.

The realizing the need for quick action the committee lost no time in parcelling out work to the members. A complete office set up was working at full speed this week to circularize thousands of interested Negro groups. The Washington office of the committee is located at 717 Florida Avenue, Northwest. John P. Davis, secretary of the committee, is in charge here. All interested persons were invited to write to the Committee on National Recovery at this address and to send information on discrimination against Negroes, in re-employment or any other economic problems faced by colored citizens. This information will be investigated and action upon it taken by the committee.

UNIVERSAL CENTER SPONSORS BAZAAR

The Universal Center of 216 W. 136th St., will hold a bazaar in the old Y. M. C. A. Building at 183 W. 135th St., from September 10th, to October 9th.

Its purpose is to raise a fund for constructive relief work in the community which will be governed by a board comprising representatives of all organizations which participate in making this project a success.

Unemployed women are making useful artistic items for display and sale. Donations will be received at the Centre from 12 to 2:00 p. m.

Co-operation is added from pastors, and other executives.

Any business or individual desiring to operate booths on commission can make arrangements at the Centre.

The next concert of the Capitol String Quartet to be given in the auditorium of the 135th Street Library, 103 West 135th Street on Thursday, August 31 at 8:30 P. M.

Admission will be free.

Some married men wouldn't object to playing second violin if the orchestra to which they belong gave only private performances.
